Amit Sen,2014-03 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book *Essays on Social Reform Movements* Raj Kumar,2004 Contents Introduction Why Social Reforms Importance of Social Reforms The Principles of Social Reforms Traditions and Social Reform Revival and Reform A Plea for Judicial Reform Rights of Women Demand for English Education Sri Ramakrishna Mystic and Spiritual Teacher Separate Movements Among the Muslims In Support of Western Education Art and Science Muslims and the Early Phase of the Congress Islam Neither Violent nor Dogmatic Marriage Reform Among the Hindus A Plea for Widow Re Marriage Theosophy and Social Change in India With Special Reference to Annie Basant s Contribution The Work of the Theosophical Society in India Society and Religion The Nineteenth Century *Concepts of Culture* Adam Muller,2005 How do we define culture In this volume Adam Muller brings together contributions from established and emerging scholars in a number of different disciplines who each examine the concept of culture as it is understood and deployed within their respective fields The Popular Front and the Global Circulation of Marxism through Calcutta, 1920s-1970s Prasanta Dhar,2022-11-29 This book examines the global circulation of Marxism seen from one of its most highly charged sites Calcutta in India Building on but also revising existing approaches to global intellectual history the book presents the circulation of Marxism through Calcutta as a historically sited problem of mass mediation Using tools from media studies the book explores the way that Marxism was presented to the public the technologies used and the meanings of Marxism in twentieth century Calcutta Demonstrating how the Popular Front was split between the so called people s group and those whom were called intellectuals the book argues that the people s group generally identified themselves as Marxists and preferred audio visual media such as theatre while the so called intellectuals privileged academic rigour and print media usually referring to themselves as Marxians Thus the author reveals a polyphony of Marxisms in the Popular Front Tracing Marxism back to the Bengal Renaissance and the Swadeshi and Naxal movements this book shows how debate around the meaning of Marxism continued throughout the 1970s in Calcutta and eventually engendered the historiographical movement that has come to be known as Subaltern Studies **Posthumanist Nomadisms across Non-Oedipal Spatiality** Java Singh,Indrani Mukherjee,2022-02-22 As an epistemological perspective nomadism is an emerging field of scholarship offering intersectionality with eco criticism feminism post colonialism migration studies and translation Much of the scholarship that uses the precepts of nomadism to read cultural texts and phenomena is

scattered as separate articles in academic journals or as single chapters in books wherein the primary focus is the intersectional fields. Few book length publications solely focus on the ramifications of nomadism. Posthumanist Nomadisms across non Oedipal Spatiality fills that void. The fifteen chapters in this volume explore the possibilities offered by the nomadic perspective to explore a wide range of literary and cultural texts organized into three sections: Nomadic Assemblages, Non Oedipal Cartographies and Space Time Montages that work as one to negate absorption into the interiority of sovereign territory. These sections are not an attempt at corralling the nomadic spirit into separate enclosures; instead they are bands of warriors that operate the violence of the hunted animal, dehumanized human others and earth others. The chapters are in constant multi vocal conversations with narratives that camp on the turbulent weathers of global transitory spaces. They charter real or intellectual turfs of interstitial rhizomatic nomadic epistemologies as political resistance to the exclusionary practices of a violently wired world. This book will appeal to post graduate students, researchers and faculty in the departments of literature, comparative literary and cultural studies. Researchers in sociology, cultural anthropology, gender studies and migration studies will also find the material applicable to the expanding approaches available in their fields.

Empire and Nation Partha Chatterjee, 2010-05-10 Partha Chatterjee is one of the world's greatest living theorists on the political, cultural and intellectual history of nationalism. Beginning in the 1980s, his work particularly within the context of India has served as the foundation for subaltern studies, an area of scholarship he continues to develop. In this collection, English speaking readers are finally able to experience the breadth and substance of Chatterjee's wide ranging thought. His provocative essays examine the phenomenon of postcolonial democracy and establish the parameters for research in subaltern politics. They include an early engagement with agrarian politics and Chatterjee's brilliant book reviews and journalism. Selections include one never before published essay, 'A Tribute to the Master' which considers, through a mock retelling of an episode from the classic Sanskrit epic The Mahabharata, a deep dilemma in the study of postcolonial history and several Bengali essays now translated into English for the first time. An introduction by Nivedita Menon adds necessary context and depth, critiquing Chatterjee's ideas and their influence on contemporary political thought. [Essays of a Lifetime](#)

Sumit Sarkar, 2018-12-27 A distillation of the historian's finest writings on modern Indian historical themes. For the past forty years or more, the most influential, respected and popular scholar of modern Indian history has been Sumit Sarkar. When his first monograph, *The Swadeshi Movement in Bengal 1903-1908*, appeared in 1973, it soon became obvious that the book represented a paradigm shift within its genre. As Dipesh Chakrabarty put it, when the work was republished in 2010, 'Very few monographs if any have ever rivalled the meticulous research and the thick description that characterized this book, or the lucidity of its exposition and the persuasive power of its overall argument.' Ten years later, Sarkar published *Modern India 1885-1947*, a textbook for advanced students and teachers. Its synthesis and critique of everything significant that had been written about the period was seen as monumental, lucid and the fashioning of a new way of looking at colonialism and

nationalism Sarkar however changed the face not only of modern Indian history monographs and textbooks he also radically altered the capacity of the historical essay As Beethoven stretched the sonata form beyond earlier conceivable limits Sarkar can be said to have expanded the academic essay In his hands the shorter form becomes in miniature both monograph and textbook The present collection which reproduces many of Sarkar s finest writings shows an intellectually scintillating skeptical Marxist mind at its sharpest here we see Sarkar grappling with his intellectual heritage negotiating his own location within the new Marxist nationalist history of the period Working within its frame he pushes at the boundaries disturbing neat classificatory schemes resisting false historical comparisons problematizing categories and questioning linear narratives The desire to explore contrary experiences and contradictory pictures is part of his process of questioning

The Intellectual Roots of India's Freedom Struggle (1893-1918) Prithwindra

Mukherjee,2017-12-22 Most people believe India s struggle for independence to have begun with Mahatma Gandhi Little credit goes to the proof that this call for a mass movement did not arise out of a void For the past century and more historians have overlooked the phase of twenty five years of intense creative endeavour preceding and preparing for the Mahatma s advent The reason for this systematic omission has been the fundamentally radical nature of the revolutionary programme put to practice by Indian leaders of late nineteenth and early twentieth centuries Jugantar was diametrically distinct from the dream of non violence floated by the Mahatma and the Congress Very well documented with inputs from Indian European and American archives the present study carefully straightenes out the origins philosophical historical and religious and intellectual so to say of Indian nationalism From Rammohun to Sri Aurobindo passing through Marx and Tagore the full set of ideological views has been analysed here Unknown up to this day the sustained focus in this volume on the outlook and the activities of these revolutionaries inside India and abroad brings home the very sophisticated understanding of the contemporary political reality that made their leader Jatindranath Mukherjee the right hand man of Sri Aurobindo the very emblem of an epoch and its aspirations Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Writing Cultural History in Colonial and Postcolonial India Henry Schwarz, 2016-11-11 During the colonial period in India English historians portrayed the British conquest and domination of India as the realization of a historic destiny absorbing the particular history of India into the overarching narrative of the Empire When Indian scholars educated in the British system began to write their own histories of the period they had to struggle to reclaim their past and to make the Indian people the subject of their history Henry Schwarz explores this struggle through an analysis of Indian cultural histories written between 1870 and the present Focusing on English language texts written by Bengali historians on the subjects of literature and culture Schwarz critically analyzes landmark works of the genre and compares Indian writing about cultural heritage to the dominant forms of European historiography prevalent during the colonial period Indian historians incorporated European aesthetic standards and theories of history into their writing yet they managed to transform these ideas in ways that challenged British ideological domination Schwarz shows how in writing a distinctly Indian history of India they produced a unique historiographical style of great complexity deploying brilliant reconfigurations of the dominant themes styles ideologies and tropes that characterize acceptable modes of history writing in the West Moving from the late nineteenth century to the present Schwarz identifies six distinct modes of translation and transformation produced by these writers ranging from liberal nationalist text to those of writers associated with the Subaltern Studies project He analyzes the narrative modes employed during the period and traces the movement toward the metaphoric and ironic styles of the post Independence era Writing Cultural History in Colonial and Postcolonial India provides a needed counterweight to the emphasis on colonial discourse that has come to dominate recent postcolonial scholarship By examining how the colonized interpreted and transformed the experience of oppression through their own

work this book represents postcolonial studies written from the other side The Origins of Dislike Amit Chaudhuri, 2018-09-20 Strategic thinking for a writer articulates itself as dislike and as allegiance In this wonderfully rich and diverse collection of essays Amit Chaudhuri explores the way in which writers understand and promote their own work in antithesis to writers and movements that have gone before Chaudhuri's criticism disproves and questions several assumptions that a serious and original artist cannot think critically in a way that matters that criticism can't be imaginative and creative work contain radical argumentation that a writer reflecting on their own position and practice cannot be more than a testimony of their work but open up how we think of literary history and reading Illuminating new ways of thinking about Western and non Western traditions prejudices and preconceptions Chaudhuri shows us again that he takes nothing as a given literary tradition the prevalent definitions of writing and culture and the way the market determines the way culture and language express themselves He asks us to look again at what we mean by the modern and how it might be possible to think of the literary today **Women and Social Reform in Modern India** Sumit Sarkar, Tanika Sarkar, 2008 An impressive collection of writings on women's issues in Indian history *Historiography* Mr. Rohit Manglik, 2023-12-23 In this book we will study about how history is written and interpreted examining historical methods schools of thought and debates on objectivity sources and narratives **Historiography - Indian and Western** Mr. Rohit Manglik, 2024-04-26 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels **Ethics, Distance, and Accountability** Shomik Dasgupta, 2021-10-22 Rammohun Roy c 1772 1833 is counted amongst the most influential intellectuals of Modern India But even after a century of debate and enquiry scholars are still not quite sure whether he was a consistent and articulate political thinker or a man of intellectual compromise and paradox This book argues that Rammohun was a consistent thinker who creatively responded to the political challenges of the East India Company's government in India by reading deeply into Sanskrit and Indo Persian intellectual traditions to develop a political thought of his own Rammohun's political thought was concerned with three distinct but related themes i the restructuring of the East India Company's administration from a distant and invisible government at London to Calcutta ii the importance of ethical practice in Bengali society and iii the legal and ethical obligation of the Company to be accountable to its subjects Rammohun consistently stressed the importance of societal ethics and highlighted the consequences of the distance between London and Bengal on governmental accountability A unity of thought can thus be identified in his work **Rise of Reason** Hulas Singh, 2015-09-25 This book offers one of the first critical evaluations and in depth analysis of the intellectual movement in Maharashtra in the 19th century Arguing against the prevalent view that Indian rationality was imported from Europe through the colonial agency it traces the rational roots of the movement to indigenous intellectual traditions and

history It also questions the centrality assigned to the Bengal Renaissance as being the representative of the contemporary intellectual movement in the country Strongly grounded in primary research this volume brings forth many new facts and facets into the scholarly discourse on topics such as the idea of Drain and the rise of Indian nationalism so far seen as a predominantly political process divorced from its cultural dimensions It re examines the view that cultural consciousness that preceded political agitation was a separate sphere of activity and suggests that both were integral stages of anti colonialism in the country The author maintains that rationalism and nationalism were closely connected as a means and end continuum He also provides a new and substantially different understanding of the 19th century intellectuals Mahatma Jotirao Phule and Pandita Ramabai among others Lucid accessible and thought provoking this book will interest scholars and researchers of modern Indian history Indian political thought sociology philosophy and Marathi literature *Being Bengali* Mridula Nath Chakraborty, 2014-03-26 Bengal has long been one of the key centres of civilisation and culture in the Indian subcontinent However Bengali identity Bengaliness is complicated by its long history of evolution the fact that Bengal is now divided between India and Bangladesh and by virtue of a very large international diaspora from both parts of Bengal This book explores a wide range of issues connected with Bengali identity Amongst other subjects it considers the special problems arising as a result of the division of Bengal and concludes by demonstrating that there are many factors which make for the idea of a Bengali identity
