Congress, 1952 **Quarterly Report to Congress on Lend-lease Operations...** United States. President, 1949 **Report to Congress on Lend-lease Operations** United States. President, 1950 Notes for a Decolonial Political Theology Silvana Rabinovich, 2023-12-29 At the crossroads of ethics poetics and politics this innovative book outlines a series of notes to decolonize political theology The author proposes counter hegemonic forms of reading which deconstruct domination by embracing fragility The book opens with a diapason of prejudicelessness as a decolonial key focusing on prejudices that hinder critical attention to a colonial political theology that perpetuates hatred The first set of notes aims to de orientalize the Semite by reading midrashic and biblical texts in the present context the second seeks to decolonize language by exploring the power of translation and the third ponders decolonial theo logics to outline a justice of the other Connecting a number of fields authors and epistemologies the book addresses the Israeli Palestinian conflict and brings together Jewish thought continental philosophy and Latin American perspectives It engages with a range of thinkers including Benjamin and Arendt and features an interview with Enrique Dussel This is an important methodological proposal for interdisciplinary and intercultural political theology and a valuable contribution towards rethinking the paradigm of political theology beyond its Eurocentric and colonialist premises **Jose Raul Capablanca** Miguel A. Sánchez, 2015-08-20 This is the most complete and thorough biography of Jose Raul Capablanca one of the greatest players in the history of chess Beginning with his family background birth childhood and introduction to the game in Cuba it examines his life and play as a young man follows his evolution as a player and rise to prominence first as challenger and then world champion his loss of the title to Alekhine and his efforts to recapture the championship in the last years of his too short life What emerges is a portrait of a complex man with far ranging interests and concerns in stark contrast to his robotic reputation as the chess machine Meticulously researched utilizing many sources available only in Capablanca s home country it puts truth to legend regarding a man who stood astride the chess world in of its most dynamic and dramatic eras Numerous games and diagrams complement the text as do a wealth of photographs Technical Reports Awareness Circular : TRAC. , 1987 *The Department of State Bulletin* , 1952 The official monthly record of United States foreign policy *Economic Cooperation Administration* United States.
