A Dictionary of American Proverbs Wolfgang Mieder, 1992 Americans have a gift for coining proverbs A picture is worth a thousand words was not as you might imagine the product of ancient Chinese wisdom it was actually minted by advertising executive Fred Barnard in a 1921 advertisement for Printer's Ink magazine After all Americans are first and foremost a practical people and proverbs can be loosely defined as pithy statements that are generally accepted as true and useful The next logical step would be to gather all of this wisdom together for a truly American celebration of shrewd advice A Dictionary of American Proverbs is the first major collection of proverbs in the English language based on oral sources rather than written ones Listed alphabetically according to their most significant key word it features over 15 000 entries including uniquely American proverbs that have never before been recorded as well as thousands of traditional proverbs that have found their way into American speech from classical biblical British continental European and American literature Based on the fieldwork conducted over thirty years by the American Dialect Society this volume is complete with historical references to the earliest written sources and supplies variants and recorded geographical

The Salt Cellars Spurgeon, Charles H., 2015-08-11 The salt of proverbs is of great service if discreetly used in sermons and addresses and I have hope that these SALT CELLARS of mine may be resorted to by teachers and speakers and that they may find them helpful There are many proverb books but none exactly like these I have not followed any one of the other collections although of necessity the most of the quaint sayings are the same as will be found in them Some of my sentences are quite new and more are put into a fresh form The careful omission of all that are questionable as to purity has been my aim but should any one of them unknown to me have another meaning than I have seen in it I cannot help it and must trust the reader to accept the best and purest sense which it bears for that is what it meant to me It is a pity that the sale of a proverb should ever be unsavory but beyond doubt in several of the best collections there are very questionable ones which ought to be forgotten It is better to select than indiscriminately to collect An old saying which is not clean ought not to be preserved because of its age but it should for that reason be the more readily dropped since it must have done harm enough already and the sooner the old rottenness is buried the better My homely notes are made up as a rule of other proverbial expressions They are intended to give hints as to how the proverbs may be used by those who are willing to flavor their speech with them I may not in every case have hit upon the first meaning of the maxims possibly in some instances the sense which I have put upon them may not be the general one but the meanings given are such as they may bear without a twist and such as commended themselves to me for general usefulness The antiquary has not been the guide in this case but the moralist and the Christian From what sources I have gleaned these proverbs it is impossible for me to tell They have been jotted down as they were met with Having become common property it is not easy to find out their original proprietors If I knew where I found a pithy sentence I would acknowledge the source most freely but the gleanings of years in innumerable fields cannot now be traced to this literary estate or to that In the mass I confess that almost everything in these books is borrowed from cyclopedia s of

proverbs garlands almanacs books newspapers magazines from anywhere and everywhere A few proverbs I may myself have made though even this is difficult but from the necessity of the case sentences which have become proverbs are things to be quoted and not to be invented **Først på Everest** Line Friis Frederiksen, 2018-09-05 Biografi rettet mod børn p 10 14
