## Nothing Else To Fear:

*The Power of Truth in Perilous Times* Marcus E. Drake, 2024-09-25 Real Hope in the Midst of a Culture Gone Awry Yes we live in this kind of culture and world However it is clear in the Bible that the more we pursue the knowledge of God as defined and described in Scripture and the more we are devoted to him the more he will work in us and through us during the perilous times in which we live Therefore in thinking about the extraordinary impact biblical truth can have on our society this book focuses on three vitally important areas in the Bible how God reveals his existence through nature and his Word how he discloses his character through his attributes and promises and how he calls his people to seek the knowledge of himself through the fear of the Lord and the bearing of his image Thus the purpose of this book is to lead believers into a deeper understanding of what God is like a deeper understanding of what he has promised to those who know him and a deeper understanding of the unshakable hope and strong encouragement we have in God's Word as we live in a confused and deteriorating culture Rather than simply decrying the devastating changes in our nation and world this book clearly proclaims the hope that is ours in the very nature and character of God himself the identity and security believers have in Christ and the biblical guidance we need in order to be salt and light in our generation A God centered truth loving Christ exalting approach to life changes everything

*Discover Yourself* Cally Cussons, PhD, 2014-07-18 DISCOVER YOURSELF is a captivating book by a man who had every raw material to manufacture excuses and give up on life Having challenged his challenges the author indirectly relives his challenges and shares how he conquered them The book vividly gives you practical and proven strategies on how to conquer yourself and achieve success in all areas of your life Discover Yourself helps the reader make practical sense of the seeming conundrum called life The reader immediately finds answers to these questions Why Why Not Why Not Me Why Not Now The principles enunciated in this book are novel yet timeless and fundamental The principles turn your ideas into results your end of the road to a bend in the road and your obvious disadvantage to advancement It turns the reader from a chameleon taking colour from the environment to a painter putting colour in the environment This book teaches that life is a wrapped gift It also shows the reader how to unwrap the gift successfully
