Sukumar Puriwal

with an Introduction by
Ernest Gellner

Notions Of Nationalism

Brian R. Dirck

Notions Of Nationalism:

The Idea of Nationalism Hans Kohn, 2017-07-28 In this sixtieth anniversary edition of *The Idea of Nationalism* Craig Calhoun probes the work of Hans Kohn and the world that first brought prominence to this unparalleled defense of the national ideal in the modern West At its publication *Saturday Review* called it an enduring and definitive treatise Kohn has written a book which is less a history of nationalism than it is a history of Western civilization from the standpoint of the national idea This edition includes an extensive new introduction by Craig Calhoun which in itself is a substantial contribution to the history of ideas *The Idea of Nationalism* comprehensively analyzes the rise of nationalism the idea's content and its worldwide implications from the days of Hebrew and Greek antiquity to the eve of the French Revolution As Calhoun explains Kohn was particularly qualified to undertake this study He grew up in Prague the vigorous heart of Czech nationalism participated in the Zionist student movement studied the question of nationality in multinational cultures spent the World War One years in Asian Russia and later traveled extensively in the Near East studying the nationalist movements of western and southern Asia The work itself is the product of Kohn's later years at Harvard University In *The Idea of Nationalism* Kohn presents the single most influential articulation of the distinction between civic and ethnic nationalism This has shaped nearly all ensuing research and public discussion and deeply informed parallel oppositions of early and late Western and Eastern varieties of nationalism Kohn also argues that the age of nationalism represents the first period of universal history Civilizations and continents are brought into ever closer contact popular participation in politics is enormously increased and the secular state is ever more significant *The Idea of Nationalism* is important both in itself and because it so deeply shapes

Notions of Nationalism Sukumar Periwal, 1995 *Notions of Nationalism* as the title implies is an open minded exploration of a phenomenon that all of us need to understand

Nationalism John Hutchinson, Anthony D. Smith, 2000 A comprehensive collection of articles on the subject of nationalism It covers concepts and definitions forms of nationalism worldwide and nationalism and culture and feminism and politics

Nationalism Philip Spencer, Howard Wollman, 2002-04-25 Spencer and Wollman remain succinct and clear in their critical introduction to the most influential nationalism theories The book is well structured the arguments clearly presented Its format makes it a great textbook for all seeking a deeper understanding of nationalism and national identity while those already familiar with the subject will no doubt enjoy this erudite volume as well

Sociology This book is a valuable source for the interested reader who needs a concise and critical introduction into theories and theorists of nationalism The extensive bibliography and a good index make it a work which should be on the bookshelf of anyone teaching nationalism

Journal of Contemporary European Studies *Nationalism* provides an indispensable review of the study of nationalism that both introduces and critically positions all the main issues theories and contemporary debates Drawing upon and introducing a wide range of literatures from across politics sociology history social anthropology and cultural studies the authors seek to further challenge fixed notions of

national identity ethnicity and culture to more fully explore and understand the contemporary complexities of citizenship and the genuine potential for a cosmopolitan democracy The text surveys both classical and contemporary approaches including those from within feminism postmodernism postcolonialism and globalization studies It will be essential reading for all students and academics seeking a deeper understanding of nationalism and national identity today

Citizenship in a Globalizing World Ashok Acharya,2011 In recent times the notion of citizenship has become increasingly prominent as the traditional boundaries of the nation state face challenges from globalization multiculturalism and economic restructuring In this context Citizenship in a Globalizing World is a welcome addition in the field of political science as it takes a detailed look at the topic of citizenship from the origins of both citizenship and the state to various theories of citizenship and what it means in the modern context when it has to coexist with forces of globalization and the rise of new social groups

Lincoln & Davis Brian R. Dirck,2001 As Savior of the Union and the Great Emancipator Abraham Lincoln has been lauded for his courage wisdom and moral fiber Yet Frederick Douglass s assertion that Lincoln was the white man s president has been used by some detractors as proof of his fundamentally racist character Viewed objectively Lincoln was a white man s president by virtue of his own whiteness and that of the culture that produced him Until now however historians have rarely explored just what this means for our understanding of the man and his actions Writing at the vanguard of whiteness studies Brian Dirck considers Lincoln as a typical American white man of his time who bore the multiple assumptions prejudices and limitations of his own racial identity He shows us a Lincoln less willing or able to transcend those limitations than his more heroic persona might suggest but also contends that Lincoln s understanding and approach to racial bigotry was more enlightened than those of most of his white contemporaries Blazing a new trail in Lincoln studies Dirck reveals that Lincoln was well aware of and sympathetic to white fears especially that of descending into white trash a notion that gnawed at a man eager to distance himself from his own coarse origins But he also shows that after Lincoln crossed the Rubicon of black emancipation he continued to grow beyond such cultural constraints as seen in his seven recorded encounters with nonwhites Dirck probes more deeply into what white meant in Lincoln s time and what it meant to Lincoln himself and from this perspective he proposes a new understanding of how Lincoln viewed whiteness as a distinct racial category that influenced his policies As Dirck ably demonstrates Lincoln rose far enough above the confines of his culture to accomplish deeds still worthy of our admiration and he calls for a more critically informed admiration of Lincoln that allows us to celebrate his considerable accomplishments while simultaneously recognizing his limitations When Douglass observed that Lincoln was the white man s president he may not have intended it as a serious analytical category But as Dirck shows perhaps we should do so the better to understand not just the Lincoln presidency but the man himself

Ethnonationalism Arun Ghosh,Radharaman Chakrabarti,1991

The Fortnightly ,1922

The Oxford Handbook of the Sociology of Religion Peter Clarke,2011-02-04 The Oxford Handbook of the Sociology of Religion draws on the expertise of an

international team of scholars providing both an entry point into the sociological study and understanding of religion and an in depth survey into its changing forms and content in the contemporary world The role and impact of religion and spirituality on the politics culture education and health in the modern world is rigorously discussed and debated The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion Using a combination of theoretical methodological and content led approaches the fifty seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific research to law ecology to art music to cognitive science crime to institutional health care and more The developing character of religion irreligion and atheism and the impact of religious diversity on social cohesion are explored An overview of current scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline

The Politics of Peace Charles Emanuel Martin,1929 **Nationalism** Anthony D. Smith,2010-11-08 For the last two centuries nationalism has been a central feature of society and politics Few ideologies can match its power and resonance and no other political movement and symbolic language has such worldwide appeal and resilience But nationalism is also a form of public culture and political religion which draws on much older cultural and symbolic forms Seeking to do justice to these different facets of nationalism the second edition of this popular and respected overview has been revised and updated with contemporary developments and the latest scholarly work It aims to provide a concise and accessible introduction to the core concepts and varieties of nationalist ideology a clear analysis of the major competing paradigms and theories of nations and nationalism a critical account of the often opposed histories and periodization of the nation and nationalism and an assessment of the prospects of nationalism and its continued global power and persistence Broad and comparative in scope the book is strongly interdisciplinary drawing on ideas and insights from history political science sociology and anthropology The focus is theoretical but it also includes a fresh examination of some of the main historical and contemporary empirical contributions to the literature on the subject It will continue to be an invaluable resource for students of nationalism across the social sciences

Nationalism and Development in Africa James S. Coleman,2023-04-28 James Smoot Coleman was the leading theorist of his time in African political studies His work fused liberal democratic idealism and scientific realism These essays represent the evolution of his thought from deep insight into African nationalism to a refined theory of modernization The collection is an indispensable contribution to the intellectual history of comparative African politics essential to scholars and others who grapple with problems in African development James Smoot Coleman was the leading theorist of his time in African political studies His work fused liberal democratic idealism and scientific realism These essays represent the evolution of his thought from deep insight into African nationalism to a r

Mid-Pacific Magazine ,1927 **The**

Mid-Pacific Magazine ,1927 Cultural Representation in Historical Resistance Linda S. Myrsiades,Kostas Myrsiades,1999 Resistance theater in Greece under Nazi occupation was organized by the political and armed wings of the EAM ELAS resistance movement and operated in the mountains of what was called Free Greece This work introduces the cultural resistance of over 1000 cultural teams across Greece that mounted over 22 000 performances from 1943 44 and the work of three subsidized troupes that toured the mountain villages and armed camps of Epirus Thessaly and western Macedonia It targets the history of the largest of those troupes and its performances that constitute the largest single source of resistance texts in Free Greece *Scaling the Balkans* Maria N. Todorova,2018-09-11 *Scaling the Balkans* puts in conversation several fields that have been traditionally treated as discrete Balkan studies Ottoman studies East European studies and Habsburg and Russian studies By looking at the complex interrelationship between countries and regions demonstrating how different perspectives and different methodological approaches inflect interpretations and conclusions it insists on the heuristic value of scales The volume is a collection of published and unpublished essays dealing with issues of modernism backwardness historical legacy balkanism post colonialism and orientalism nationalism identity and alterity society and nation building historical demography and social structure socialism and communism in memory and historiography **The Nationalist** Henry Willard Austin,John Storer Cobb,1890 **Tocqueville's Dilemmas, and Ours** Ewa Atanassow,2025-07-29 How Tocqueville s ideas can help us build resilient liberal democracies in a divided world How can today s liberal democracies withstand the illiberal wave sweeping the globe What can revive our waning faith in constitutional democracy Tocqueville s Dilemmas and Ours argues that Alexis de Tocqueville one of democracy s greatest champions and most incisive critics can guide us forward Drawing on Tocqueville s major works and lesser known policy writings Ewa Atanassow shines a bright light on the foundations of liberal democracy She argues that its prospects depend on how we tackle three dilemmas that were as urgent in Tocqueville s day as they are in ours how to institutionalize popular sovereignty how to define nationhood and how to grasp the possibility and limits of global governance These are pivotal but often neglected dimensions of Tocqueville s work and this fresh look at his writings provides a powerful framework for addressing the tensions between liberalism and democracy in the twenty first century Recovering a richer liberalism capable of weathering today s political storms Tocqueville s Dilemmas and Ours explains how we can reclaim nationalism as a liberal force and reimagine sovereignty in a global age and do so with one of democracy s most discerning thinkers as our guide

The Growth and Development of National Thought in India Ishwara Topa,1928 **Personal Identity, National Identity and International Relations** William Bloom,1990 Drawing on Freud Mead Erikson Parsons and Habermas William Bloom relates mass psychological processes to international relations

Unveiling the Power of Verbal Art: An Mental Sojourn through **Notions Of Nationalism**

In a global inundated with screens and the cacophony of instant communication, the profound energy and psychological resonance of verbal art frequently disappear in to obscurity, eclipsed by the regular assault of noise and distractions. However, set within the musical pages of **Notions Of Nationalism**, a charming function of fictional elegance that pulses with organic emotions, lies an unique trip waiting to be embarked upon. Written by way of a virtuoso wordsmith, that exciting opus manuals readers on an emotional odyssey, gently revealing the latent possible and profound affect stuck within the complex web of language. Within the heart-wrenching expanse with this evocative evaluation, we can embark upon an introspective exploration of the book is key themes, dissect their charming publishing model, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
