Casca LLANNA (pseud.)

Nova The Secret Of The Sexes:

The Mystery of Sex Elizabeth Keyes, 1975 What causes men and women to have almost opposite concepts of the word love Why do men feel superior to women Why do women find it easier to use intuition than logic Why can men fight shake hands and forget it but women who fight never forget it Why the importance given virginity in women but not in men Why have women revolted against their natural role of motherhood Why homosexuality Are we missing greater experiences by confining sex to a physical level These and other questions are answered in this book from sources of ancient and modern wisdom gathered by the author over many years of study and research Sex is one of the most dominating subjects of our time It is substituted for love it is used with love and without love People are confused about it Some do not know which sex they are It is the most misunderstood misused and commercialized force in our culture Polarity exists on every level and is essential to the creation of all life An understanding of this principle brings harmony out of conflict cooperation instead of competition

Routledge History of Sex and the Body provides an overview of the main themes surrounding the history of sexuality from 1500 to the present day. Sex on Earth Jules Howard, 2014-10-23. A journey of discovery through the ins and outs of reproduction in the animal kingdom. Written with Bill Bryson-like wit. Booklist: A writer who blends professional expertise in zoology with charm, wit and a cockeyed sense of humor. What better guide through nature's red light district could one ask for. Natural History Magazine. 1,000 million years ago a sexual revolution occurred on Earth. Sex happened for the first time. From this moment the world became ever more colourful and bizarre, ringing with elaborate songs and dances, epic battles and rallying cries as the desires of males and females collided generation after generation. All of your ancestors took part and succeeded in an unbroken chain of sex right back to the dawn of complex life on Earth. Well done you! Well done everything! The world in which we live rings, bleeds and howls with sex. It's everywhere. Right now warring hordes are locking horns, preening feathers, rampaging lustfully across the savanna, questioning the fidelity of the ones they love. Birds are singing, flowers bloom. A million females choose a billion penises, ejaculate or snap off a trillion sperm, battle, block and tackle. Written in a brilliantly engaging style by biologist Jules Howard, this fascinating and highly readable work covers the how and why of sex on Earth in all its diversity. From sperm wars to cuckoldry, hermaphrodites and virgin births, spent males, racy harems, clitoral births, hips, breasts and birdsong, penis percussion and those riskiest and most elusive of all traits, monogamy and true love, all this and more is discussed in Sex on Earth as Jules takes us on a voyage of discovery of the ins and outs of animal reproduction.

Radical Sex Between Men Dave Holmes, Stuart Murray, Thomas Foth, 2017-08-29. Bringing together theory and public health practice, this interdisciplinary collection analyses three forms of nonconventional or radical sexualities: bareback sex, BDSM practices and public sex. Drawing together the latest empirical research from Brazil, Canada, Spain and the USA, it mobilizes queer theory and poststructuralism, engaging the work of theorists such as Bataille, Butler, Deleuze and Guattari and Foucault among others. While the collection contributes to current research in gender and sexuality studies, it does so distinctly in the context of empirical investigations and discourses on critical public health. Radical Sex Between Men. Assembling Desiring Machines.

What Gender Is, What Gender Does Judith Roof, 2016-04-01 What Gender Is What Gender Does provides a forceful new paradigm for considering genders With depth and insight Judith Roof argues that genders are much more than binary And they are constantly morphing they are conscious and unconscious simultaneously conventional and idiosyncratic At any moment more than one gender dynamic is at work in any individual Roof's interpretation of genders isn't content with either biological duality or endlessly open performativity and what results is a nuanced and surprising representation of gender an account that captures the complexities of lived experience as well as lived ideology For Roof genders are interacting sets of operations that link individual desires to multiple shifting manifestations of sociocultural positioning and self presentation Thus to gender is to signal mask suggest mislead and simplify the uncontrollable chaos of desires characteristic of subjects but roundly contained by society Drawing illustrative material from contemporary popular culture productions including My Big Fat Greek Wedding Spider Man Shrek Shallow Hal Sex and the City Bridesmaids Bond films and bromance movies What Gender Is What Gender Does demonstrates how the persistent conflation of gender and sexual difference is on the one hand a simple taxonomic urge and on the other a cover that offers the security of identity in place of the frustrations and fears of the real asymmetries of personal power dynamics *The Publishers Weekly*, 2011
