Nova Expreb:

The Science Fiction of Poetics and the Avant-Garde Imagination Michael Golston, 2023-11-19 How the tropes of science fiction infuse and inform avant garde poetics and many other kindred arts This insightful playful monograph from Golston does exactly what it advertises modeling poetics based on how poetry and some parallel artistic endeavors has filtered through a century plus of science fiction This is not a book about science fiction in and of itself but it is a book about the resonances of science fiction tropes and ideas in poetic language The germ of Golston s project is a throwaway line in Robert Smithson s *Entropy and the New Monuments* about how cinema supplanted nature as inspiration for many of his fellow artists The movies give a ritual pattern to the lives of many artists and this induces a kind of low budget mysticism which keeps them in a perpetual trance Golston charts how the demotic appeal of sci fi much like that of the B movie cross pollinated into poetry and other branches of the avant garde Golston creates what he calls a regular Rube Goldberg machine of a critical apparatus drawing on Walter Benjamin Roman Jakobson and Gilles Deleuze He starts by acknowledging that per the important work of Darko Suvin to situate science fiction critically the genre is premised on cognitive estrangement But he is not interested in the specific nuts and bolts of science fiction as it exists but rather how science fiction has created a model not only for other poets but also for musicians and landscape artists Golston s critical lens moves around quite a bit but he begins with familiar enough subjects Edgar Rice Burroughs Mina Loy William S Burroughs From there he moves into more alien terrain Ed Dorn s long poem *Gunslinger* the discombobulated work of Clark Coolidge Sun Ra Ornette Coleman and Jimi Hendrix all come under consideration The result of Golston s restless rich scholarship is the first substantial monograph on science fiction and avant garde poetics using Russian Formalism Frankfurt School dialectics and Deleuzian theory to show how the avant garde inherently follows the parameters of sci fi in both theme and form Word Cultures Robin Lydenberg, 1987 In this pioneering study Robin Lydenberg focuses upon the stylistic accomplishments of this controversial and experimental writer In doing so she skillfully demonstrates that the ideas we now recognize as characteristic of post structuralism and deconstruction were being developed independently by Burroughs long ago

Against Expression Craig Dworkin, Kenneth Goldsmith, 2011-01-17 Charles Bernstein has described conceptual poetry pregnant with thought *Against Expression* the premier anthology of conceptual writing presents work that is by turns thoughtful funny provocative and disturbing Editors Craig Dworkin and Kenneth Goldsmith chart the trajectory of the conceptual aesthetic from early precursors such as Samuel Beckett and Marcel Duchamp through major avant garde groups of the past century including Dada Oulipo Fluxus and language poetry to name just a few The works of more than a hundred writers from Aasprong to Zykov demonstrate a remarkable variety of new ways of thinking about the nature of texts information and art using found appropriated and randomly generated texts to explore the possibilities of non expressive language Book Jacket *The Green Ghost* Chad Weidner, 2016-03-16 Until now much scholarly work on Burroughs has

focused on the sensational aspects of his life and on his innovative writing *The Green Ghost* by Chad Weidner uncovers the ecological context of literary texts by William Burroughs By rereading canonical and ignored texts while pushing the boundaries of ecocritical theory and practice Weidner provides a fresh perspective on Burroughs and suggests new theoretical and methodological approaches to understanding the work of other Beat writers Using an ecocritical lens Weidner explores the toxicity in *Naked Lunch* while at the same time teasing out latent ecological questions embedded in Burroughs later works The author's analysis of unknown and miniature cut ups texts that have been disassembled and rearranged to create new passages provides a novel understanding of these cryptic forms Weidner also examines in detail books by Burroughs that have been virtually ignored by critics exposing the deep ecology of the Beat writer's vision In calling attention to Burroughs's narrative strategies that link him to an environmental political position *The Green Ghost* demonstrates that the work of the Beat writer is a ripe source for ecocritical dialogue *Cryptoscatology* Robert Guffey, 2012-06-01 Examining nearly every conspiracy theory in the public's consciousness today this investigation seeks to link seemingly unrelated theories through a cultural studies perspective While looking at conspiracy theories that range from the moon landing and JFK's assassination to the Oklahoma City bombing and Freemasonry this reconstruction reveals newly discovered connections between wide swaths of events Linking Dracula to George W Bush UFOs to strawberry ice cream and Jesus Christ to robots from outer space this is truly an all original discussion of popular conspiracy theories **William S. Burroughs Cutting Up the Century** Joan Hawkins, Alex Wermer-Colan, 2019-05-17 This definitive book on Burroughs decades long cut up project and its relevance to the American twentieth century including previously unpublished works William S Burroughs's *Nova Trilogy* *The Soft Machine* *Nova Express* and *The Ticket That Exploded* remains the best known of his textual cut up creations but he committed more than a decade of his life to searching out multimedia for use in works of collage By cutting up folding in and splicing together newspapers magazines letters book reviews classical literature audio recordings photographs and films Burroughs created an eclectic and wide ranging countercultural archive This collection includes previously unpublished work by Burroughs such as cut ups of work written by his son cut ups of critical responses to his own work collages on the Vietnam War and the Watergate scandal excerpts from his dream journals and some of the few diary entries that Burroughs wrote about his wife Joan William S Burroughs *Cutting Up the Century* also features original essays interviews and discussions by established Burroughs scholars respected artists and people who encountered Burroughs The essays consider Burroughs from a range of perspectives literary studies media studies popular culture gender studies post colonialism history and geography A landmark in scholarship **Choice** **Powers of Possibility** Alex Houen, 2012 By outlining a novel concept of literary practice potentialism this text shows how opening up literary possibilities enabled writers such as Allen Ginsberg LeRoi Jones Amiri Baraka William S Burroughs Kathy Acker and Lyn Hejinian to tackle matters of power and politics **289 Dystopian Books to Read Before You Die** NO-BRAINER BOOKS, 2023-01-27

Are you a fan of dystopian literature Look no further 289 Dystopian Books to Read Before You Die is the perfect companion for you This book contains a comprehensive list of 289 must read dystopian novels complete with brief descriptions and summaries of each book From classics such as George Orwell s 1984 and Aldous Huxley s Brave New World to contemporary works such as Veronica Roth s Divergent and Margaret Atwood s The Handmaid s Tale this book has something for everyone Whether you re a seasoned dystopian reader or new to the genre this book will provide you with a wealth of new books to add to your reading list and inspire you to explore the many different ways dystopian literature can be used to explore important themes and ideas This guide also makes a great reference book for librarians book club leaders and English teachers Don t miss out on the opportunity to expand your dystopian literature knowledge order your copy today **American**

Paraliterature and Other Theories to Hijack Communication Blake Stricklin,2021-03-30 A critical account of the 1975 Schizo Culture conference which Michel Foucault called the last countercultural event of the 1960s and its direct and indirect connection to American experimental literature **Counterfeit Culture** Rob Turner,2019-06-20 Explores the

possibility of writing epic in an age of alternative facts *Authors and Art Movements of the Twentieth Century* Declan Lloyd,2022-12-30 This book explores the great influence of twentieth century artists and art movements on many major writers of the twentieth century It focuses in particular on four seminal writers who were strongly influenced by very different movements they are Gertrude Stein and Cubism William S Burroughs and Dada J G Ballard and Surrealism and Douglas Coupland and Pop Art For these authors the presence and influence of these art movements is not limited to a small cluster of texts but can be felt much more expansively across their work infiltrating all manner of multifarious and complex dimensions These authors are all keen to explore new methods of shifting the signature styles and forms of visual art into the literary world Alongside these more overt methods of artistic transposition the authors also often demonstrate a deep philosophical affinity with their chosen movements This book uproots and examines these kinds of artistic engagements and also explores the authors own personal connections with the world of art For these are all authors not only interested in visual art but also intimately connected to the art world Indeed some went on to become renowned artists in their own right while others were closely associated with major historical art figures Above all however they are unified by a kindred interest in exploring how the methods and philosophies of art can be transposed into and even challenge the constraints of traditional forms of literature **Power to the People** Geoff Kaplan,2013-05-15 Though we think of the 1960s and the early 70s as a

time of radical social cultural and political upheaval we tend to picture the action as happening on campuses and in the streets Yet the rise of the underground newspaper was equally daring and original Thanks to advances in cheap offset printing groups involved in antiwar civil rights and other social liberation issues began to spread their messages through provocatively designed newspapers and broadsheets This vibrant new media was essential to the counterculture revolution as a whole helping to motivate the masses and proliferate ideas Power to the People presents more than 700 full color images

and excerpts from these astonishing publications many of which have not been seen since they were first published almost fifty years ago From the psychedelic pages of the Oracle Haight Ashbury's paper of choice to the fiery editorials of the Black Panther Party Paper these papers were remarkable for their editors fervent belief in freedom of expression and their DIY philosophy They were also extraordinary for their graphic innovations Experimental typography and wildly inventive layouts reflect an alternative media culture as much informed by the space age television and socialism as it was by the great trinity of sex drugs and rock n roll Assembled by renowned graphic designer Geoff Kaplan Power to the People pays homage in its layout to the radical press Beyond its unparalleled images Power to the People includes essays by Gwen Allen Bob Ostertag and Fred Turner as well as a series of recollections edited by Pamela M Lee all of which comment on the critical impact of the alternative press in the social and popular movements of those turbulent years Power to the People treats the design practices of that moment as activism in its own right that offers a vehement challenge to the dominance of official media and a critical form of self representation No other book surveys in such variety the highly innovative graphic design of the underground press and certainly no other book captures the era with such an unmatched eye toward its aesthetic and look Power to the People is not just a major compendium of art from the 60s and 70s it showcases how the radical media graphically fashioned the image of a countercultural revolution that still resounds to this day

Recognition Philip F. Kennedy, Marilyn Lawrence, 2009 This interdisciplinary collection of essays advances the study of anagnorisis recognition a quintessential concept in Aristotelian poetics This book explores narrative structure and epistemology by examining how anagnorisis works in narrative fiction music and film Contributors hail from the fields of cinema opera religion medieval and modern English German and French literatures comparative literature and Indian Sanskrit and Islamic Arabic literatures both classical and modern

Considering Watchmen: Poetics, Property, Politics Andrew Hoberek, 2017-05-31 Alan Moore and Dave Gibbons's Watchmen has been widely hailed as a landmark in the development of the graphic novel It was not only aesthetically groundbreaking but also anticipated future developments in politics literature and intellectual property Demonstrating a keen eye for historical detail Considering Watchmen gives readers a new appreciation of just how radical Moore and Gibbons's blend of gritty realism and formal experimentation was back in 1986 The book also considers Watchmen's place in the history of the comics industry reading the graphic novel's playful critique of superhero marketing alongside Alan Moore's public statements about the rights to the franchise Andrew Hoberek examines how Moore and Gibbons engaged with the emerging discourses of neoconservatism and neoliberal capitalism ideologies that have only become more prominent in subsequent years Watchmen's influences on the superhero comic and graphic novel are undeniable but Hoberek reveals how it has also had profound effects on literature as a whole He suggests that Watchmen not only proved that superhero comics could rise to the status of literature it also helped to inspire a generation of writers who are redefining the boundaries of the literary from Jonathan Lethem to Junot Diaz Hoberek delivers insight and analysis

worthy of satisfying serious readers of the genre while shedding new light on Watchmen as both an artistic accomplishment and a book of ideas

Burroughs Unbound S. E. Gontarski, 2021-11-18 In addition to contributing significantly to the growing field of Burroughs scholarship *Burroughs Unbound* also directly engages with the growing fields of textual studies archival research and genetic criticism asking crucial questions thereby about the nature of archives and their relationship to a writer's work These questions about the archive concern not only the literary medium In the 1960s and 1970s Burroughs collaborated with filmmakers sound technicians and musicians who helped re contextualized his writings in other media *Burroughs Unbound* examines these collaborations and explores how such multiple authorship complicates the authority of the archive as a final or complete repository of an author's work It takes Burroughs seriously as a radical theorist and practitioner who critiqued drug laws sexual practice censorship and what we today call a society of control More broadly his work continues to challenge our common assumptions about language authorship textual stability and the archive in its broadest definition

The Avant-Postman David Vichnar, 2023-11-01 *The Avant Postman* explores a broad range of innovative postwar writing in France Britain and the United States Taking James Joyce's revolution of the word in *Ulysses* and *Finnegans Wake* as a joint starting point David Vichnar draws genealogical lines through the work of more than fifty writers up to the present including Alain Robbe Grillet B S Johnson William Burroughs Christine Brooke Rose Georges Perec Kathy Acker Iain Sinclair H L ne Cixous Alan Moore David Foster Wallace and many others Centering the exploration around five writing strategies employed by Joyce narrative parallax stylistic metempsychosis concrete writing forgery and neologising the logos the book reveals the striking continuities and developments from Joyce's day to our own

The Question of Literature Elizabeth Beaumont Bissell, 2002 Brings together essays by a number of distinguished theorists and academics on the changing cultural significance of literature

Wising Up the Marks Timothy S. Murphy, 1998-01-05 William S Burroughs is one of the twentieth century's most visible controversial and baffling literary figures In the first comprehensive study of the writer Timothy S Murphy places Burroughs in the company of the most significant intellectual minds of our time In doing so he gives us an immensely readable and convincing account of a man whose achievements continue to have a major influence on American art and culture Murphy draws on the work of such philosophers as Gilles Deleuze Félix Guattari Theodor Adorno and Jean Paul Sartre and also investigates the historical contexts from which Burroughs's writings arose From the paranoid isolationism of the Cold War through the countercultural activism of the sixties to the resurgence of corporate and state control in the eighties Burroughs's novels films and music hold a mirror to the American psyche Murphy coins the term amodernism as a way to describe Burroughs's contested relationship to the canon while acknowledging the writer's explicit desire for a destruction of such systems of classification Despite the popular mythology that surrounds Burroughs his work has been largely excluded from the academy of American letters Finally here is a book that presents a solid portrait of a major artistic innovator a writer who combines aesthetics and politics and who can

perform as anthropologist social gad or media icon all with consummate skill Educational Motivational Posters Stella Tartsinis, 2020-10-04 Posters to brighten up your classroom to motivate students to learn Quotes from such figures as Plato Aristotle Maya Angelou Martin Luther King Jr Albert Einstein and others The pictures and graphics are creative drawing students into the poster *Everything You Always Wanted to Know about Literature but Were Afraid to Ask* Žižek Russell Sbriglia, 2017-02-27 Challenging the widely held assumption that Slavoj i ek s work is far more germane to film and cultural studies than to literary studies this volume demonstrates the importance of i ek to literary criticism and theory The contributors show how i ek s practice of reading theory and literature through one another allows him to critique complicate and advance the understanding of Lacanian psychoanalysis and German Idealism thereby urging a rethinking of historicity and universality His methodology has implications for analyzing literature across historical periods nationalities and genres and can enrich theoretical frameworks ranging from aesthetics semiotics and psychoanalysis to feminism historicism postcolonialism and ecocriticism The contributors also offer i ekian interpretations of a wide variety of texts including Geoffrey Chaucer s Troilus and Criseyde Shakespeare s The Merchant of Venice Samuel Beckett s Not I and William Burroughs s Nova Trilogy The collection includes an essay by i ek on subjectivity in Shakespeare and Beckett Everything You Always Wanted to Know about Literature but Were Afraid to Ask i ek affirms i ek s value to literary studies while offering a rigorous model of i ekian criticism Contributors Shawn Alfrey Daniel Beaumont Geoff Boucher Andrew Hageman Jamil Khader Anna Kornbluh Todd McGowan Paul Megna Russell Sbriglia Louis Paul Willis Slavoj i ek
