Trinitarian Ecclesiology John F. O'Neill, 2023-10-27 Revision of the author's thesis doctoral Ave Maria University 2019 under the title Trinitarian ecclesiology of Charles Cardinal Journet the great mystery of Christ and the Church as the visible missions of the Son and the Holy Spirit The Ambiguity of Being Jonathan R. Heaps, 2024-01-12 The debate in Catholic theology over the relationship between the natural and the supernatural has only occasionally engaged with Bernard Lonergan's philosophical and theological contributions on the topic The Ambiguity of Being argues that more detailed engagement with Lonergan's work implies an oversight in both the 20th and 21st century debates The Ambiguity of Being argues the controversy has failed to notice how the problem of the natural and the supernatural is in fact two problems The Ambiguity of Being takes both problems in their widest sense to be about action both divine and human The first problem asks how God can act in human action A question for Christians at least since St Augustine faced the Pelagian controversy Lonergan retrieved what he understood to be St Thomas Aquinas' mature solution It is a solution gathering together a whole series of theological and philosophical developments into a subtle metaphysical theory of divine and human cooperation But the recent debates have resituated this problem and various interpretations of St Thomas's solution to it in a modern world with modern concerns about culture and politics for the sake of answering a second intrinsically related but really distinct question what is God doing in human action Ambiguity finds that the recent controversy almost always finds participants attempting to deduce an answer to the second modern problem from the medieval metaphysical Thomist solution to the first By contrast The Ambiguity of Being argues at length the modern problem cannot be reduced to nor an answer deduced from its medieval metaphysical partner because the modern problem of the supernatural what is God doing in human action is a hermeneutical problem that calls out for a hermeneutical answer The Ambiguity of Being sketches a heuristic for what a fully adequate answer to this question would require suggesting a radical re-conception of modern theology's scope **Catholic Dogmatic Theology: A Synthesis, Book 3** Jean-Herve Nicolas, Nicolas Op Jean-Herve, 2024-05-10 This volume discusses the nature of theological science and the mystery of the Triune God introduces the reader to classical Thomistic positions concerning the theological articulation of the Trinitarian mystery including the topic of the divine missions providing an important connection between the dogmatic portion of theology and its spiritual moral concerns **Proposed Reorganization of the Veterans Health Administration** United States. Congress. Senate. Committee on Veterans' Affairs, 1996 Reorganization of the Veterans Health Administration United States. Congress. House. Committee on Veterans' Affairs. Subcommittee on Hospitals and Health Care, 1995 *Humanistica Lovaniensia* Gilbert Tournoy, 2003 Volume 52 Principles of Catholic Theology Thomas Joseph White, 2023 In the Nicene Creed Christians profess belief in the Church one holy catholic and apostolic The Church is also called the mystical body of Christ and the bride of Christ What is the Church and how can we understand her mystery in light of the mystery of Christ Principles of Catholic Theology Book 4

explores Catholic ecclesiology and the theology of the Virgin Mary as an exemplar of the Church's life. It also considers the people of Israel in light of the Church and Christ. The second half of the book considers human nature in light of the grace of Christ and ecclesial humanity so as to consider thematic and universal relations of grace to human nature. Major controversies are addressed such as the natural desire to see God and the Thomistic understanding of election and predestination. Effectively this volume seeks to receive and interpret the teaching of the Second Vatican Council Constitution on the Church *Lumen Gentium* within the Thomistic theological tradition and in light of that tradition. *Principles of Catholic Theology* Book 4 is a continuation of Fr Thomas Joseph White's collection of essays extending over a range of fundamental topics in Catholic dogmatic theology.

The Church of the Word Incarnate: Vol. 1 The Apostolic Hierarchy Charles Journet, 2025-04-01. The monumental work of renowned twentieth century Swiss ecclesiologist Charles Journet. *The Church of the Word Incarnate* is among the most comprehensive and spiritually profound studies of the mystery of the Church. Presented here for the first time in English translation is Journet's complete five volume essay in speculative theology in which he undertakes a Thomistic presentation of the Church in light of her four causes: efficient, material, formal and final, corresponding to her four marks of apostolicity, catholicity, unity and sanctity. In this first volume Journet examines the apostolic hierarchy: the Twelve chosen by Christ along with their successors and collaborators as the Church's immediate and instrumental efficient cause. After an initial consideration of the prior stages involved in the divine institution of the Church, Journet devotes much of the rest of the volume to the apostolic hierarchy itself and to its unified exercise of its distinct sacramental and jurisdictional powers from which the Church's existence in the world flows. The volume concludes with his reflections on apostolicity as both a property and sign of the true Church.
