Torah Story, Second Edition Gary Edward Schnittjer,2023-04-18 The gospel story begins in Torah What culminates at Golgotha starts with the rebellion in the garden The Torah's story can be framed as a question How will the word of God overcome the human revolution Torah Story offers a student friendly introduction to the redemptive narrative housed in the first five books of the Bible Every main chapter introduces a section of Torah with attention to its basic structure This is followed by another look at how this portion of Torah connects to the rest of the Christian Bible The dynamic design includes opportunities in every chapter to make the most of Torah study including Helps for getting started focus questions key terms outline An interactive workshop with challenge questions and advanced questions Suggestions for research projects Next steps for further study A refreshingly new approach to the Torah neither an introduction nor a commentary Torah Story provides an apprenticeship on the Old Testament's first five books But it also provides a model of how to read Scripture intertextually with an eye to the New

Henderson, 2015-09-01 There's never enough time So we try to cram as much as possible into what little time we have work friends play rest But what if How do I fit it all in isn't the right question Scripture has a lot to say about time Taking a cue from Ecclesiastes Better one handful with tranquility than two handfuls with toil and chasing after the wind and drawing on everything from Augustine's Confessions to conversations with air traffic controllers David W Henderson encourages us to move beyond merely trying to open up a bit of margin or to say no once in a while and to take a purposeful step back from our lives to examine those internal and external dynamics that propel us into busyness and hurry Sharing honest stories about his own struggles with busyness he helps readers explore the way the Scriptures frame our time understanding the times making the most of the time and trusting God with the rest For anyone who is tired of feeling the push and pull of our time bent culture this book will be a welcome invitation to rest and to live artful and faithful lives marked by peace and tranquility Children and Grief Joey O'Connor, 2004-11 A sensitive compassionate book that helps parents teach their children the truth about death and dying The Death of Deaths in the Death of Israel Kenneth Turner, 2010-11-15 This book explores Deuteronomy's understanding of exile While Deuteronomy speaks of a potential historical experience in the nation's future exile is also a dynamic theological concept In short exile represents the death of Israel In losing her land Israel apparently loses her

identity history and covenant relationship with Yahweh Restoration from exile then is a resurrection from death to life A major catalyst for this book is a network of debates among Evangelicals in New Testament theology including covenant nomism and the New Perspective on Paul For some Jesus preaching of the kingdom and the forgiveness of sins is tied up with the nation s expectations of the return from exile which is fulfilled in his death and resurrection Proponents of this position e g N T Wright often turn to Deuteronomy for support Additionally in exploring the theme of restoration in Deuteronomy the author argues persuasively for a view of the Torah that highlights grace grace in salvation as well as grace in Israel s ultimate fulfillment of the call of God **Eighteen Sermons Preached in Oxford 1640** James Ussher, Joseph Crabb, 1660
