Now You Know The Story Of The Four Freshmen:

Now You Know Ross Barbour, 2012 *Inside the Music of Brian Wilson* Philip Lambert, 2007-03-19 *Inside the Music of Brian Wilson* is as author Phillip Lambert writes in the prologue completely and intensely focused on the music of Brian Wilson on the musical essence of his songs and the aesthetic value of his artistic achievements It acknowledges the familiar biographical contexts of his songs but it tells completely new stories about the birth and evolution of his musical ideas identifying important musical trends in his work heretofore undisclosed inter song connections within his music or between his music and that of others and the nature and extent of his artistry It aims not just to identify great songs but to explain exactly what makes them so Lambert a renowned musicologist brings to this work to life with both his professional expertise and an infectious personal appreciation of the power of pop music His clear engaging tone and accessible writing style allows even a musically inexperienced reader to follow him as he traces Wilson s musical evolution with a particular focus on the years leading up to the writing and recording of *Pet Sounds* and *SMiLE* albums which many consider to be the masterpieces of his oeuvre *Inside the Music of Brian Wilson* is the definitive book on Wilson s music and is essential reading for fans of Brian Wilson the Beach Boys and great pop music Includes THREE amazing Appendixes Appendix 1 Brian Wilson Song Chronology Appendix 2 Four Freshmen Albums 1955 1961 Appendix 3 Favorite Songs and Influences Through 1961 The most complete song chronology ever published ***Becoming the Beach Boys, 1961-1963*** James B. Murphy, 2015-06-22

They were almost The Pendletones after the Pendleton wool shirts favored on chilly nights at the beach then The Surfers before being named The Beach Boys But what separated them from every other teenage garage band with no musical training They had raw talent persistence and a wellspring of creativity that launched them on a legendary career now in its sixth decade Following the musical vision of Brian Wilson the Beach Boys blended ethereal vocal harmonies searing electric guitars and lush arrangements into one of the most distinctive sounds in the history of popular music Drawing on original interviews and newly uncovered documents this book untangles the band s convoluted early history and tells the story of how five boys from California formed America s greatest rock n roll band ***Before Elvis*** Larry Birnbaum, 2013 An essential work for rock fans and scholars *Before Elvis* The Prehistory of Rock n Roll surveys the origins of rock n roll from the minstrel era to the emergence of Bill Haley and Elvis Presley Unlike other histories of rock *Before Elvis* offers a far broader and deeper analysis of the influences on rock music Dispelling common misconceptions it examines rock s origins in hokum songs and big band boogies as well as Delta blues detailing the embrace by white artists of African American styles long before rock n roll appeared This unique study ranges far and wide highlighting not only the contributions of obscure but key precursors like Hardrock Gunter and Sam Theard but also the influence of celebrity performers like Gene Autry and Ella Fitzgerald Too often rock historians treat the genesis of rock n roll as a bolt from the blue an overnight revolution provoked by the bland pop music that immediately preceded it and created through the white appropriation of music till then played

only by and for black audiences In Before Elvis Birnbaum daringly argues a more complicated history of rock s evolution from a heady mix of ragtime boogie woogie swing country music mainstream pop and rhythm and blues a melange that influenced one another along the way from the absorption of blues and boogies into jazz and pop to the integration of country and Caribbean music into rhythm and blues Written in an easy style Before Elvis presents a bold argument about rock s origins and required reading for fans and scholars of rock n roll history

Why the Beach Boys Matter Tom Smucker,2018-10-02 An excellent introduction to the band that might have evolved the author suggests into the Beatles New York Journal of Books Of all the white American pop music groups that hit the charts before the Beatles only the Beach Boys continued to thrive throughout the British Invasion to survive into the 1970s and beyond The Beach Boys helped define both sides of the era we broadly call the sixties split between their early surf car and summer pop and their later hippie counterculture and ambitious rock No other group can claim the Ronettes and the Four Seasons as early 1960s rivals the Mamas and the Papas and Crosby Stills and Nash as later 1960s rivals and the Beatles and the Temptations as decade spanning counterparts This is the first book to take an honest look at the themes running through the Beach Boys art and career as a whole and to examine where they sit inside our culture and politics and why they still grab our attention

We Boys Together Jeffery P. Dennis,2007 Teenage boys are wild about girls When their hormones kick in at puberty they can think of nothing else and thats the way it has always been right Wrong Before World War II only sissies liked girls Masculine red blooded all American boys were supposed to ignore girls until they were 18 or 19 Instead parents teachers psychiatrists and especially the mass media encouraged them to form passionate intense romantic bonds with each other This book explores romantic relationships between teenage boys as they were portrayed before during and immediately after World War II The author takes the reader through a rich landscape of media sci fi pulps comics adventure stories tales of teen sleuths boys serial novels wartime bestsellers and movies populated by many types of male adolescents Boys Next Door Adventure Boys Jungle Boys and Lost Boys In Hollywood movies Boys Next Door like Jackie Cooper Ronald Sinclair and Jimmy Lydon were constantly falling in love but not with girls In serial novels Jungle Boys like Bomba Sorak and Og Son of Fire swung through the trees to rescue teenage boys not teenage girls In comic strips and on the radio Adventure Boys like Don Study Jack Armstrong and Tim Tyler formed lasting romantic partnerships with other boys or men Lost Boys like Frankie Darro Leo Gorcey and Billy Halop starred in dozens of movies about pairs of poor urban teenagers sticking together with never a girl in sight

Go Slow Michael Owen,2017-07-01 It has been said that the records of singer and actress Julie London were purchased for their provocative full color cover photographs as frequently as they were for the music contained in their grooves During the 1950s and 60s her piercing blue eyes strawberry blonde hair and shapely figure were used to sell the world an image of cool sexuality The contrast between image and reality the public and the private is at the heart of Julie London s story Through years of research extensive interviews with family friends and musical associates and access to

rarely seen or heard archival material author Michael Owen reveals the impact of her image on the direction of her career and how it influenced the choices she made including the ultimate decision to walk away from performing Go Slow follows Julie London's life and career through its many stages her transformation from 1940s movie starlet to coolly defiant singer of the classic torch ballad Cry Me a River of the 50s and her journey from Las Vegas hotel entertainer during the rock n roll revolution of the 60s to the no nonsense nurse of the 70s hit television series Emergency **Stan Kenton** Michael Sparke, Pete Venudor, 1998 **Raise the Roof** Pat Summitt, Sally Jenkins, 1999-10-05 It wasn't a team It was a tent revival So says Pat Summitt the legendary coach whose Tennessee Lady Vols entered the 1997-98 season aiming for an almost unprecedented threepeat of NCAA championships Raise the Roof takes you right inside the locker room of her amazing team whose inspired mixture of gifted freshmen and seasoned stars produced a standard of play that would change the game of women's basketball forever The 1997-98 season started innocently enough One Saturday in August four young freshmen Semeka Randall Tamika Catchings Ace Clement and Teresa Geter arrived on the Tennessee campus to begin their college careers Welcoming them were a number of players from the previous year including Chamique Holdsclaw and Kellie Jolly But that night in a sign of things to come a simple pickup game turned into an amazing display of basketball brilliance freshmen against established players and with barely a shot missed by either side Suddenly Pat Summitt glimpsed the future fast aggressive and hugely talented This might be the team she'd worked her whole career to coach As the season got under way other dramas unfolded After one emotional team meeting Summitt realized that many on the team were playing for something more than just the glory of the game all four freshmen for example came from single parent homes and the tough circumstances of the majority of the other players seemed to add an extra edge to their desire to win it all Further Chamique Holdsclaw widely regarded as the greatest female player ever was being dogged by questions about turning pro and she seemed reluctant to rule it out Meanwhile another member of the team began to notice the unwelcome attentions of a fan who soon turned out to be a full fledged stalker All this was behind the scenes out on the court the win column was swelling with every game 8-0 15-0 21-0 As 1997 turned into 1998 Pat Summitt began privately to admit that this team had changed her these kids were so lovable funny and eager to please that she simply had to let them into her heart Along the way the Lady Vols were redefining what women were capable of trading in old definitions of femininity for new ones in short they were keeping score And by the time they entered the NCAA Final Four tournament in Kansas City Summitt found herself believing the impossible despite all the distractions the 1997-98 Lady Vols could go undefeated and in doing so raise the roof off the sport of women's basketball Packed with the excitement of a season on the brink of perfection and filled with the comedy and tragedy of one year in the life of a basketball team Raise the Roof will have readers cheering from the bench for a team of all conquering players and their astonishing coach Cadence Bob Rusch, 1999 Writer's Market, 1997, 1996 Die 'andere' Stimme/The 'Other' Voice Irene Brandenburg, Nils Grosch, 2022 Wann sind hohe Männerstimmen anders Und

wie gehen Komponist innen Interpret innen und Publikum in unterschiedlichen zeitlichen sthetischen und institutionellen Kontexten mit den Facetten des Anderen im Hinblick auf Stimme Klang Interpretation und Rollenprofile um Im Zentrum der Publikation stehen aktuelle Forschungsfragen rund um das Faszinosum der hohen M nnerstimme im Spannungsfeld zwischen historisch gewachsenen Geschlechterkonstruktionen Wahrnehmungsmechanismen und Darstellungs sthetik vom Kastratengesang im 17 und 18 Jahrhundert ber Stimm und Klangph nomene in Pop und Rock bis zum Musiktheater der Gegenwart
