Now The Memory:

Memories of Now Han Van Den Boogaard, 2013-05-02 In *Memories of Now* On Non duality and the Permanence of the Present Han van den Boogaard weaves an insightful and sometimes poignant exploration of consciousness childhood and nature the depths and the shallows of experience and the transparent world of unequivocal simplicity that I seemed to have lost somewhere in my youth What seemed divisible became indivisible again and at the same time I knew that it had never been lost This book is not about me not about my travels memories or spiritual experiences Together these only make a two dimensional picture that might contain a three dimensional truth if you re able to look at it with an open mind and a loving heart The picture itself doesn t really matter The important thing is the switch from flat to deep Unknowingly you make this switch many times a day during those moments in which you suddenly forget yourself But when you re really aware of it the true depth of life will be recognised as the unchanging Now and you will know that this is the only truth from *Memories of Now*

Jie-Hyun Lim,2025-04-01 Nationalism today depends on the perception of victimhood The historical memory of past suffering

endows nationalist movements with political legitimacy and a sense of moral superiority Koreans recall Japanese colonial atrocities while Japan commemorates the atomic bombings of Hiroshima and Nagasaki Israel sanctifies the Holocaust and Poland trumpets the Nazi and Soviet occupations Even Germany and Russia perpetrators of historical crimes today cast themselves as victims by pointing to national suffering In this theoretically sophisticated and empirically rich book Jie Hyun Lim offers a new way to understand nationalism and its political instrumentalization of suffering developing the concept of victimhood nationalism and exploring it in a range of global settings He examines relations among Poland Germany Israel Korea and Japan focusing on how memories of colonialism the Holocaust and Stalinist terror have converged and intertwined in transnational spaces With an emphasis on memory formation Lim scrutinizes how perpetrators in Germany and Japan transformed themselves into victims as well as how nationalists in Poland Korea and Israel portray themselves as hereditary victims in order to rebut external criticism He considers the construction of nations as victims and perpetrators tracing the interaction of history and memory Ultimately the book contends challenging victimhood nationalism is necessary to overcome the endless competition over national suffering and instead promote reconciliation mutual understanding and transnational solidarity

Understanding Abortion Stephen D. Schwarz, 2011-12-28 Books on abortion other than collections of readings typically express and defend a particular position This book gives both sides as evenly and objectively as possible it gets to the heart of each position the core idea which animates it It then leaves the reader to make up his or her own mind It is an introduction to the issue not only to the basic positions on the issue Despite being brief it contains careful analyses and discussions of many topics often not found at all in other works The treatment is thorough and detailed but succinct *Understanding Abortion From Mixed Feelings to Rational Thought* is aimed at all people who want a better understanding of what the two sides on this issue are really saying and what reasons they give for their position Many people assume that this issue is an interminable one with no clear answers a purely emotional debate that cannot be addressed by the use of reasoned arguments The book shows that this is not the case
