## **Now You See It Him Them:**

**Now You See Him** Anne Stuart, 2015-02-11 Francey Neeley's life has been torn to pieces. Her handsome and charming Irish boyfriend turned out to be a terrorist who was only after her fortune and planned to kill her once he got it. His sister forced Francey to help her attempt a rescue when his cover was blown during a mission to assassinate a world leader. Francey barely escaped with her life in the shoot out. Now Francey's secluded herself amidst the beautiful healing atmosphere of Belle Reste, her cousin's resort on a Jamaican island. She's emotionally shattered and remains under a cloud of suspicion even after being interrogated by every major law enforcement agency. Warning bells go off from the moment British school teacher Michael Dowd arrives to recuperate from a car accident. Though he's obviously recovering from serious injuries, she sees glimpses of a coldly efficient predator that make her wary of her intense attraction to him. She made one horrible mistake already. Michael Dowd is there to find out the truth about her involvement; he'll seduce her if that's what it takes. And if he learns she was one of the terrorists, he'll kill her. But someone on the island is trying to kill them both. How will Francey know who to trust when Michael disappears and reappears as a perfect stranger? Who is the villain and who is the savior? The wrong answer means death. Anne Stuart is currently celebrating forty years as a published novelist. She has won every major award in the romance field and appeared on the NYT Bestseller List, Publisher's Weekly, and USA Today. Anne Stuart currently lives in northern Vermont. **Now You See Her...** Dale Mayer, 2015-11-17 Energy is the life force of inherent good and the vigor of unnatural evil. Which is stronger? When she was young, Tia was forced into a prison, studied, and tortured because of her special talent. The chance for escape led her to run as far away as she could, but she quickly discovered there is nowhere she can hide that they can't find her. Stefan Kronos, a psychic who's formed a community of those like her, is the only person she believes can help her. When she begs him to help her, she awakens from a coma six weeks later. Her problems have only just begun; chief among them is that she's still being hunted. Now you see her. Dean is moonlighting as a guard at the hospital. Tia finds herself in upon rousing from unconsciousness. Between a rock and a hard place, Dean has met Tia, a woman he can't forget and equally can't believe the insane things she's telling him until there's absolutely no other choice. What's at stake becomes only too clear when Tia's problems become Dean's, entwining them so neither knows where one stops and the other starts. If she runs again, how can he find someone of her unbelievable talents? Now you don't. *Parliamentary Papers* Great Britain. Parliament.
