**World War III: Nuclear War** Gary L. Wilson, 2017-02-20  
Author Gary L Wilson has studied the Bible extensively for many years with the goal of saving the American people and the people in Europe who will be caught in the famine of the Antichrist In World War III Nuclear War he provides Biblical evidence of how to prevent nine possible nuclear wars between the Pentagon and the Antichrist who will use the nuclear arsenals of Russia the former Soviet nations and Europe to threaten the world during World War III Wilson offers an extensive discussion of the political social and spiritual implications of the coming warfare and what changes have already happened in Europe to make it possible for the Antichrist to start World War III in AD 2030 He tells the public how to prepare for the coming end times so they can be strong in their faith and look forward to peace with God He also explains how to decipher the prophetic words and symbols found in the book of Revelation Filled with ample scriptural evidence World War III Nuclear War outlines the instructions of Christ and the Lord God to avoid the impending nuclear wars Wilson predicts a nuclear attack on Rome in 2030 as told in Revelation 18:4 and 18:19 He also predicts a major nuclear war and nuclear winter as told in Revelation 8:12

Imagining Nuclear War in the British Army, 1945-1989 Simon J. Moody, 2019-12-05 The primary mission assigned to the British Army from the 1950s until the end of the Cold War was deterring Soviet aggression in Europe by demonstrating the will and capability to fight with nuclear weapons in defence of NATO territory This surreal mission was unlike any other in history and raised a number of conceptual and practical difficulties This comprehensive study observes how the British Army imagined nuclear war and how it planned to fight it Using new archival sources Simon J Moody analyses British thinking about tactical nuclear weapons the role of the Army within NATO strategy the development of theories of tactical nuclear warfare how nuclear war was taught at the Staff College the role of operational research and the evolution of the Army's nuclear war fighting doctrine He argues that the British Army possessed the intellectual capacity for organisational adaptation but that it displayed a cognitive dissonance about some of the more uncomfortable realities of nuclear war

**Armageddon Postponed** Theodore Caplow, 2010-05-17 In the closing days of World War II scientists working for the U S government invented nuclear explosives by splitting the atoms of heavy metals Germany had already surrendered but the United States and its allies remained at war with Japan In the summer of 1945 the Japanese city of Hiroshima was flattened by a single nuclear bomb A second bombing occurred just a few days later decimating the city of Nagasaki These were the first nuclear weapons ever used in war And so far they are the last Since then tens of thousands of nuclear weapons have been manufactured and deployed by governments around the world Many of these weapons are much more powerful than the atomic bombs that destroyed the two Japanese cities None have been used so far and the absence of nuclear war among nations armed to the teeth with nuclear weapons is a great mystery While the threat of a nuclear attack on the United States has receded the possibility of a nuclear attack on an American city by terrorists has taken its place in

our official nightmares So far no terrorist group has made a serious effort to buy steal or build a nuclear weapon The absence of nuclear terrorism in a world swarming with fanatical terrorists is another great mystery The slippery slope to a nuclear Armageddon has been present for more than sixty years In secure locations in Washington Moscow Beijing London and Paris there are buttons to push that could put an end to human civilization but these buttons have never been pushed Why not What has so far kept us safe from these mortal dangers Those are the questions that Caplow asks and answers in *Armageddon Postponed* **Armageddon and Paranoia** Rodric Braithwaite, 2018 A comprehensive chronological and gripping account of how nuclear policy has shaped world history *The Environmental Effects Of Nuclear War* Julius London, Gilbert F White, 2019-07-11 This book assesses the current available information concerning the major scientific problems related to environmental consequences of a possible nuclear war The contributors address a broad range of topics among them the effects of blast heat and local radioactive fallout the likely dispersal patterns and residence times of radioactive debris in the troposphere and stratosphere the probable long term effects on both the local and global biosphere and radiological consequences for humans the effect on the global environment of widespread fires in urban and industrialized regions and the likely significant decrease of stratospheric ozone with a resulting long term increase in harmful UV radiation received at the ground The authors point to problem areas where current information is inadequate or completely lacking and discuss the role of the scientist in developing such information as a contribution to the elimination of the nuclear war threat **Disastrous Effects of Nuclear War**, 1985
