The Quiet

Companion Peter Chatelain, 2009-04-17 President elect Kennedy spends November 18 1960 alone at his parents home on Palm Beach He meets Enid an attractive painter by the water The chance encounter triggers his puzzling decision to return to Florida immediately after Thanksgiving leaving his heavily pregnant wife Jacqueline behind Enid becomes the President's best kept secret and unbeknown to him much more than that This presidency is strewn with dark mysteries from the demise

of Marilyn Monroe to that of JFK himself passing by the sidelining of lover Judith Exner the forced repatriation of German model Ellen Rometsch the wrath of Sinatra the motives of Mafia bosses Giancana and Trafficante the ominous warning to Press Secretary Salinger and the political survival of Edgar Hoover Because Enid is not whom she seems So who is this intelligent redhead with gazelle eyes who loves and dreams in the shadow of a president Is she acting for others If she is genuinely enamoured with JFK she doesn't save him from the gun And why does Mary Meyer JFK's lifelong friend meet the same fate thereafter Masterly crafted around historical accounts The Quiet Companion captures the reader in a fascinating web of intrigue until the last breathtaking page The Use of Force Robert J. Art, Kenneth Neal Waltz, 2004 The sixth edition of this classic text retains the best from earlier editions and adds thirteen new selections that highlight twenty-first century challenges including terrorism and weapons of mass destruction Strategies for using force together with case studies that illustrate the general principles are hallmarks of the text New case studies include Kosovo Afghanistan Iraq and South Asia An entirely new section devoted to coping with terrorism looks at the issue from a variety of geographical and philosophical viewpoints Steel Wind Jeff Edwards, 2018-05-13 A routine Coast Guard inspection of a cargo ship in the Caribbean turns into a vicious firefight with unidentified Asian commandos The second attempt to board the vessel ends with a nuclear detonation North Korea has been smuggling short and intermediate range missiles into Cuba An unknown number of nuclear warheads are hidden less than 100 miles from the tip of Florida Every American city east of San Antonio is in the target zone Scrambling to stop the flow of weapons to Cuba the president orders the Atlantic Fleet to surround the island cutting off all access It's the Cuban Missile Crisis all over again but this time there won't be a diplomatic resolution The North Koreans have developed a secret weapon that rips through the blockade with ease leaving burning ships and floating bodies in its wake Against this unimaginable threat stand a small detachment of United States Marines and a cutting edge destroyer that's never been tested in combat It's a battle we never expected to fight against an enemy we can barely comprehend
