Screening Torture Michael Flynn, Fabiola Fernandez Salek, 2012-09-18 Before 9 11 films addressing torture outside of the horror slasher genre depicted the practice in a variety of forms In most cases torture was cast as the act of a desperate and depraved individual and the viewer was more likely to identify with the victim rather than the torturer Since the terrorist

attacks of September 11 2001 scenes of brutality and torture in mainstream comedies dramatic narratives and action films appear for little other reason than to titillate and delight In these films torture is devoid of any redeeming qualities represented as an exercise in brutal senselessness carried out by authoritarian regimes and institutions This volume follows the shift in the representation of torture over the past decade specifically in documentary action and political films It traces and compares the development of this trend in films from the United States Europe China Latin America South Africa and the Middle East Featuring essays by sociologists psychologists historians journalists and specialists in film and cultural studies the collection approaches the representation of torture in film and television from multiple angles and disciplines connecting its aesthetics and practices to the dynamic of state terror and political domination **Digital War** William

M. Beattie,2015-04-20 Throughout the nineteenth century the idyllic island of Fernando de Noronha which lies two hundred miles off Brazil s northeastern coast was home to Brazil s largest forced labor penal colony In Punishment in Paradise Peter M Beattie uses Noronha as a case study to understand nineteenth century Brazil s varied social and cultural values especially in relation to justice class color civil condition human rights and labor As Brazil s slave population declined after 1850 the use of colonial era disciplinary practices at Noronha such as flogging and forced labor stoked anxieties about human rights and Brazil s international image Beattie contends that the treatment of slaves convicts and other social categories subject to coercive labor extraction were interconnected and that reforms that benefitted one of these categories made them harder to deny to others In detailing Noronha s history and the end of slavery as part of an international expansion of human rights Beattie places Brazil firmly in the purview of Atlantic history Sharing This Walk Karina Biondi,2016-10-12 The Primeiro Comando do Capital PCC is a S o Paulo prison gang that since the 1990s has expanded into the most powerful criminal network in Brazil Karina Biondi s rich ethnography of the PCC is uniquely informed by her insider outsider status Prior to his

acquittal Biondi's husband was incarcerated in a PCC dominated prison for several years. During the period of Biondi's intense and intimate visits with her husband and her extensive fieldwork in prisons and on the streets of S o Paulo the PCC effectively controlled more than 90 percent of S o Paulo's 147 prison facilities. Available for the first time in English Biondi's riveting portrait of the PCC illuminates how the organization operates inside and outside of prison creatively elaborating on a decentered non hierarchical and far reaching command system. This system challenges both the police forces against which the PCC has declared war and the methods and analytic concepts traditionally employed by social scientists concerned with crime incarceration and policing. Biondi posits that the PCC embodies a politics of transcendence a group identity that is braided together with but also autonomous from its decentralized parts. Biondi also situates the PCC in relation to redemocratization and rampant socioeconomic inequality in Brazil as well as to counter state movements crime and punishment in the Americas.
