Poetry Of Rudyard Kipling Rousing The Nation:

The Poetry of Rudyard Kipling Ann Parry,1992 **The Works of Rudyard Kipling** Rudyard Kipling,1994 This edition of the poetry of Rudyard Kipling contains all of his verse His poetry uses many rhythms and popular forms of speech ranging from dramatic monologues to extended ballads Often mistakenly branded as a fascist Kipling's attitudes changed over the years revealing a darker side **Selected Poems** Rudyard Kipling,2006-06-29 Rudyard Kipling 1865-1936 is often regarded as the unofficial Laureate of the British Empire Yet his writing reveals a ferociously independent figure at times violently opposed to the dominant political and literary tendencies of his age Arranged in chronological order this diverse selection of his poetry shows the development of Kipling's talent his deepening maturity and the growing sombreness of his poetic vision Ranging from early exhilarating celebrations of British expansion overseas including *Mandalay* and *Gunga Din* to the dignified and inspirational *If* and the later deeply moving *Epitaphs of the War* inspired by the death of Kipling's only son it clearly illustrates the scope and originality of his work It also offers a compelling insight into the Empire both at its peak and during its decline in the early years of the twentieth century **Victorian Poetry** Isobel Armstrong,2019-01-30 In *Victorian Poetry: Poetry, Poetics and Politics* Isobel Armstrong rescued Victorian poetry from its longstanding sepia image as a moralised form of romantic verse and unearthed its often subversive critique of nineteenth century culture and politics In this uniquely comprehensive and theoretically astute new edition Armstrong provides an entirely new preface that notes the key advances in the criticism of Victorian poetry since her classic work was first published in 1993 A new chapter on the alternative fin de siècle sees Armstrong discuss Michael Field Rudyard Kipling Alice Meynell and a selection of Hardy lyrics The extensive bibliography acts as a key resource for students and scholars alike *The Man Who Would Be Kipling* A. Hagiiioannu,2003-11-04 This study places Kipling's fiction in its original cultural intellectual and historical contexts exploring the impact of India America South Africa and Edwardian England on his imperialist narratives Drawing on manuscripts journalism and unpublished writings Hagiiioannu uncovers the historical significance and hidden meanings of a broad range of Kipling's stories extending the discussion from the best known works to a number of less familiar tales Through a combination of close textual analysis and lively historical coverage *The Man Who Would Be Kipling* suggests that Kipling's political ideas and narrative modes are more subtly connected with lived experience and issues of cultural environment than critics have formerly recognized *The Cambridge Introduction to Victorian Poetry* Linda K. Hughes,2010-05-20 Victorian poetry was read and enjoyed by a much larger audience than is sometimes thought Publication in widely circulating periodicals reprinting in book reviews and excerpting in novels and essays ensured that major poets such as Tennyson Browning Hardy and Rossetti were household names and they remain popular today *The Cambridge Introduction to Victorian Poetry* provides an accessible overview of British poetry from 1830 to 1901 paying particular attention to its role in mass media print culture Designed to interest both students and scholars the book traces lively dialogues between poets and

explains poets choices of form style and language It also demonstrates poetry s relevance to Victorian debates on science social justice religion imperialism and art Featuring a glossary of literary terms a guide to further reading and two examples of close readings of Victorian poems this introduction is the ideal starting point for the study of verse in the nineteenth century

The Idea of a Colony Edward Marx,2004-01-01 To the psychological scene of the primitive exotic poem and its reception which is explored through substantial archival research Marx brings an array of approaches including the theories of Freud Jung Lacan Said Foucault Bhabha Fanon and others

Politics and Awe in Rudyard Kipling's Fiction Peter Havholm,2016-12-05 There has been a resurgence of interest in Kipling among critics who struggle to reconcile the multiple pleasures offered by his fiction with the controversial political ideas that inform it Peter Havholm takes up the challenge piecing together Kipling s understanding of empire and humanity from evidence in Anglo Indian and Indian newspapers of the 1870s and 1880s and offering a new explanation for Kipling s post 1891 turn to fantasy and stories written to be enjoyed by children By dovetailing detailed contextual knowledge of British India with informed and sensitive close readings of well known works like *The Man Who Would Be King* *Kim* *The Light That Failed* and *They* Havholm offers a fresh reading of Kipling s early and late stories that acknowledges Kipling s achievement as a writer and illuminates the seductive allure of the imperialist fantasy

Epic and Empire in Nineteenth-Century Britain Simon Dentith,2006-06-15 In the nineteenth century epic poetry in the Homeric style was widely seen as an ancient and anachronistic genre yet Victorian authors worked to recreate it for the modern world Simon Dentith explores the relationship between epic and the evolution of Britain s national identity in the nineteenth century up to the apparent demise of all notions of heroic warfare in the catastrophe of the First World War Paradoxically writers found equivalents of the societies which produced Homeric or Northern epics not in Europe but on the margins of empire and among its subject peoples Dentith considers the implications of the status of epic for a range of nineteenth century writers including Walter Scott Matthew Arnold Elizabeth Barrett Browning William Morris and Rudyard Kipling He also considers the relationship between epic poetry and the novel and discusses late nineteenth century adventure novels concluding with a brief survey of epic in the twentieth century

Shadowing the White Man's Burden Gretchen Murphy,2010-05-01 During the height of 19th century imperialism Rudyard Kipling published his famous poem *The White Man s Burden* While some of his American readers argued that the poem served as justification for imperialist practices others saw Kipling s satirical talents at work and read it as condemnation Gretchen Murphy explores this tension embedded in the notion of the white man s burden to create a new historical frame for understanding race and literature in America *Shadowing the White Man s Burden* maintains that literature symptomized and channeled anxiety about the racial components of the U S world mission while also providing a potentially powerful medium for multiethnic authors interested in redrawing global color lines Through a range of archival materials from literary reviews to diplomatic records to ethnological treatises Murphy identifies a common theme in the writings of African Asian and Native American authors who

exploited anxiety about race and national identity through narratives about a multiracial U S empire *Shadowing the White Man's Burden* situates American literature in the context of broader race relations and provides a compelling analysis of the way in which literature came to define and shape racial attitudes for the next century **In Time's eye** Jan Montefiore, 2016-05-16 Challenging received opinion and breaking new ground in Kipling scholarship these essays on Kipling's attitudes to the First World War to the culture of Edwardian England to homosexuality and to Jewishness bring historical literary critical and postcolonial approaches to this perennially controversial writer The Introduction situates the book in the context of Kipling's changing reputation and of recent Kipling scholarship After the perspectives of Chesterton 1905 Orwell 1942 and Jarrell 1960 newer contributions address Kipling's approach to the Boer war his involvement with World War One his Englishness and the politics of literary quotation Different aspects of Kipling's relation to India are explored including the Mutiny Eastern religions his Indian travel writings and his knowledge of the vernacular This collection whose contributors include Hugh Brogan Dan Jacobson Daniel Karlin and Bryan Cheyette is essential reading for academics and students of Kipling Victorian and Edwardian English literature and cultural history **Gender, Race, and the Writing of Empire** Paula M. Krebs, 1999 All of London exploded on the night of May 18 1900 in the biggest West End party ever seen The mix of media manipulation patriotism and class race and gender politics that produced the spontaneous festivities of Mafeking Night begins this analysis of the cultural politics of late Victorian imperialism Paula M Krebs examines the last of the gentlemen's wars the Boer War of 1899 1902 and the struggles to maintain an imperialist hegemony in a twentieth century world through the war writings of Arthur Conan Doyle Olive Schreiner H Rider Haggard and Rudyard Kipling as well as contemporary journalism propaganda and other forms of public discourse Her feminist analysis of such matters as the sexual honor of the British soldier at war the deaths of thousands of women and children in concentration camps and new concepts of race in South Africa marks this book as a significant contribution to British imperial studies **Re-thinking Europe** Nele Bemong, Mirjam Truwant, Pieter Vermeulen, 2008 Re Thinking Europe sets out to investigate the place of the idea of Europe in literature and comparative literary studies The essays in this collection turn to the past in which Europe became synonymous with a tradition of peace and tolerance beyond national borders and enter into a critical dialogue with the present in which Europe has increasingly become associated with a history of oppression and violence The different essays together demonstrate how the idea of Europe cannot be thought apart from the tension between the regional and the global between nationalism and pluralism and can therefore be re thought as an opportunity for an identity beyond national or ethnic borders Engaging contemporary discourses on hybrid postcolonial and transnational identity this volume shows how literature can function as both a vital tool to forge new identities and a power subversive of such attempts at identity formation Like Europe it is always marked by the tension between integration and resistance The book will be of interest to students and scholars of modern literature comparative literature and European studies as well as people concerned with

cultural memory and the relation between literature and cultural identity **Kipling's Art of Fiction 1884-1901** David Sergeant,2013-10 David Sergeant grew up in west Cornwall and studied English at Oxford where he is now a Junior Research Fellow He is a published poet and has also written on Robert Burns and Ted Hughes *The Imperial Experience* C.C. Eldridge,1996-10-02 This book examines attitudes towards empire and the creation and perpetuation of a British world view during the years 1834 1924 Besides focusing on the usual Victorian and Edwardian novelists and poets surveys of popular culture and anti empire views are also included By adopting a longer chronological context the high level of continuity in beliefs and actions throughout the nineteenth and twentieth centuries is highlighted As a result the period is viewed as a dramatic episode in a much longer story Romancing Decay Michael St John,2016-12-05 This collection of fifteen essays looks at the theme of decadence and its recurring manifestations in European literature and literary criticism from medieval times to the present day Various definitions of the term are explored including the notion of decadence as physical decay Some of the essays draw parallels between modernist and postmodernist notions of decadence Similarities are detected between fin de siècle decadence at the end of the nineteenth century which reaches its apotheosis in the character of Eugene Wrayburn in *Our Mutual Friend* and depictions of decadence in our own age as we enter the new millennium The language of empire Robert Macdonald,2017-03-01 The debate about the Empire dealt in idealism and morality and both sides employed the language of feeling and frequently argued their case in dramatic terms This book opposes two sides of the Empire first as it was presented to the public in Britain and second as it was experienced or imagined by its subjects abroad British imperialism was nurtured by such upper middle class institutions as the public schools the wardrooms and officers messes and the conservative press The attitudes of 1916 can best be recovered through a reconstruction of a poetics of popular imperialism The case study of Rhodesia demonstrates the almost instant application of myth and sign to a contemporary imperial crisis Rudyard Kipling was acknowledged throughout the English speaking world not only as a wonderful teller of stories but as the singer of Greater Britain or as the Laureate of Empire In the last two decades of the nineteenth century the Empire gained a beachhead in the classroom particularly in the coupling of geography and history The *Island Story* underlined that stories of heroic soldiers and fights for the flag were easier for teachers to present to children than lessons in morality or abstractions about liberty and responsible government The Education Act of 1870 had created a need for standard readers in schools readers designed to teach boys and girls to be useful citizens The Indian Mutiny was the supreme test of the imperial conscience a measure of the morality of the master nation **Kipling and Yeats at 150** Promodini Varma,Anubhav Pradhan,2019-06-03 This book evaluates the parallels divergences and convergences in the literary legacies of Rudyard Kipling and William Butler Yeats Coming 150 years after their birth the volume sheds light on the conversational undercurrents that pull together the often diametrically polar worldviews of these two seminal figures of the English literary canon Contextualizing their texts to the larger milieu that Kipling and Yeats lived

in and contributed to the book investigates a range of aesthetic and perceptual similarities from cultures of violence to notions of masculinity from creative debts to Shakespeare to responses to British imperialism and industrial modernity to establish the perceptible consonance of their works Kipling and Yeats are known to have never corresponded but the chapters collected here show evidence of the influence that their acute awareness of each other's work and thought may have had Offering fresh perspectives which make Kipling's and Yeats's diverse texts contexts and legacies contemporarily relevant this volume will be of great interest to scholars and researchers of literature critical theory postcolonial studies cultural studies and comparative literature

The Kipling Journal ,1992 **The View from Murney Tower** Richard Allen,2008-01-01 Salem Goldworth Bland 1859 1950 was among the most significant religious leaders in Canadian history A Methodist and later United Church minister Bland's long career and widespread influence made him a leading figure in the popularizing of liberal theology social reform and the Social Gospel movement He was also a man who struggled with the polarities of evangelical faith and worldly culture and who sought a unifying world view in the mentoring of Sir J William Dawson in the sciences George Monro Grant in public affairs and John Watson in philosophy The View from the Murney Tower is a two volume biography of Salem Bland by Richard Allen author of The Social Passion Religion and Reform in Canada 1914 28 This first volume begins with Bland's upbringing in the home of an educated industrialist turned preacher It goes on to explore his emergence as a liberating mind and eloquent speaker prepared to support new currents of scientific and social thought as well as to discuss their implications for Christian faith and life Allen concludes this first volume with Bland's departure from central Canada for the west in 1903 by which time he had become a somewhat controversial figure amongst conservative evangelicals throughout the country More than just biography however The View from the Murney Tower is also an examination of progressive religion in late Victorian Canada a time in which Darwinism and other Biblical social and intellectual controversies were profoundly affecting the growth of a young nation
