Prostitution In Medieval Society The History Of An Urban Institution In Languedoc

Kathryn L. Reyerson

Prostitution In Medieval Society The History Of An Urban Institution In Languedoc:

Prostitution in Medieval Society Leah Lydia Otis, 2009-02-15 Prostitution in Medieval Society a monograph about Languedoc between the twelfth and sixteenth centuries is also much more than that it is a compelling narrative about the social construction of sexuality Catharine R Stimpson

Prostitution in Medieval Society Leah Lydia Otis, 1987 Prostitution in Medieval Society a monograph about Languedoc between the twelfth and sixteenth centuries is also much more than that it is a compelling narrative about the social construction of sexuality Catharine R Stimpson

Origins of the Magdalene Laundries Rebecca Lea McCarthy, 2010-03-08 The convents asylums and laundries that once comprised the Magdalene institutions are the subject of this work Though originally half way homes for prostitutes in the Middle Ages these homes often became forced labor institutions particularly in Ireland Examining the laundries within the context of a growing world capitalist economy the work argues that the process of colonization and of defining a national image determined the nature and longevity of the Magdalene Laundries This process developed differently in Ireland where the last laundry closed in 1996 The book focuses on the devolution of the significance of Mary Magdalene as a metaphor for the organization from an affluent strong supporter of Jesus to a simple fallen woman

Women's Networks in Medieval France Kathryn L. Reyerson, 2016-09-01 This book illuminates the connections and interaction among women and between women and men during the medieval period To do this Kathryn L Reyerson focuses specifically on the experiences of Agnes de Bossones widow of a changer of the mercantile elite of Montpellier Agnes was a real estate mogul and a patron of philanthropic institutions that permitted lower strata women to survive and thrive in a mature urban economy of the period before 1350 Notably Montpellier was a large urban center in southern France Linkages stretched horizontally and vertically in this robust urban environment mitigating the restrictions of patriarchy and the constraints of gender Using the story of Agnes de Bossones as a vehicle to larger discussions about gender this book highlights the undeniable impact that networks had on women's mobility and navigation within a restrictive medieval society

Selling Sex in the City: A Global History of Prostitution, 1600s-2000s, 2017-08-28 Selling Sex in the City offers a worldwide analysis of prostitution since 1600 It analyses more than 20 cities with an important sex industry and compares policies and social trends coercion and agency but also prostitutes working and living conditions

European Sexualities, 1400-1800 Katherine Crawford, 2007-01-18 A pioneering survey of the social and cultural history of sexuality in early modern Europe

Women in Medieval Europe 1200-1500 Jennifer Ward, 2016-04-14 Women in Medieval Europe explores the key areas of female experience in the later medieval period from peasant women to Queens It considers the women of the later Middle Ages in the context of their social relationships during a time of changing opportunities and activities so that by 1500 the world of work was becoming increasingly restricted to women The chapters are arranged thematically to show the varied roles and lives of women in and out of the home covering topics such as marriage religion family and work For the second edition a new chapter draws

together recent work on Jewish and Muslim women as well as those from other ethnic groups showing the wide ranging experiences of women from different backgrounds Particular attention is paid to women at work in the towns and specifically urban topics such as trade crafts healthcare and prostitution The latest research on women gender and masculinity has also been incorporated along with updated further reading recommendations This fully revised new edition is a comprehensive yet accessible introduction to the topic perfect for all those studying women in Europe in the later Middle Ages Same Bodies, Different Women Christopher Mielke, Andrea-Bianka Znorovszky, 2019-12-31 This volume is a collection of essays focusing on marginalized women mostly in Central and Eastern Europe from around 1350 to 1650 Other women are discussed in three different categories women whose religious practices put them on the social margins common women who are in society but not of society because they are in the sex trade and women whose occupations were reason enough to shunt them In order to fill a gap in gender history for countries east of the Rhine River the studies included present how official city funded brothels in medieval Austria worked how a princess disability affected her life as Byzantine empress how one unmarried Transylvanian woman who got pregnant dealt with being the center of a court case and how enslaved women in medieval Hungary were treated as sexual property The hope with this volume is that it will show the many interdisciplinary ways that women on the margins can be studied in this region and to diminish the taboo of discussing this topic to begin with **The Subject of Prostitution** Jane Scoular, 2015-12-22 The Subject of Prostitution offers a distinctive analysis of the links between prostitution and social theory in order to advance a critical analysis of the relationship of law to sex work Using the lens of social theory to disrupt fixed meanings the book provides an advanced analytical framework through which to understand the complexity and contingencies of sex work in late modernity The book analyses contemporary citizenship discourse and the law's ability to meet the competing demands of empowerment by sex workers and protection by radical feminists who view prostitution as the epitome of patriarchal sexual and economic relations Its central focus is the role of law in both structuring and responding to the problem of prostitution By developing a distinctive constitutive approach to law the author offers a more advanced analytical framework from which to understand how law matters in contemporary debates and also suggests how law could matter in more imaginative justice reforms This is particularly pertinent in a period of unprecedented legal reform both internationally and nationally as legal norms simultaneously attempt to protect empower and criminalise parties involved in the purchase of sexual services The Subject of Prostitution aims to overcome the current aporia in these debates and suggest new ways to engage with the subject and law As such The Subject of Prostitution provides an advanced theoretical resource for policymakers researchers and activists involved in contemporary struggles over the meanings and place of sex work in late modernity **Religious Reflections on the Human Body** Jane Marie Law, 1995-02-22 It provides imaginative and thought provoking coverage of the ways in which religious thought and practice construct understandings of the human body Journal of Asian Studies Drawing on a

remarkably diverse set of studies discussing the major Western religious traditions including Islam and East and South Asian traditions the book challenges easy theorization of the body in religion an excellent source book for college level comparative religion courses Bruce Mannheim University of Michigan an important study that should be of considerable interest to the general student of the history and phenomenology of religions Muslim World Book Review The first cross cultural and interdisciplinary survey on the relationship between religious practice and ideology and the human body

Profit and Passion Nicole von Germeten, 2018-04-06 Colonial documents and works of literature from early modern Spain are rife with references to public women whores and prostitutes In Profit and Passion Nicole von Germeten offers a new history of the women who carried and resisted these labels of ill repute The elusive ever changing terminology for prosecuted women voiced by kings jurists magistrates inquisitors and bishops as well as disgruntled husbands and neighbors foreshadows the increasing regulation criminalization and polarizing politics of modern global transactional sex The author's analysis concentrates on the words women spoke in depositions and court appearances and how their language changed over time pointing to a broader transformation in the history of sexuality gender and the ways in which courts and law enforcement processes affected women

Defiant Priests Michelle Armstrong-Partida, 2017-06-06 Two hundred years after canon law prohibited clerical marriage parish priests in the late medieval period continued to form unions with women that were marriage all but in name In Defiant Priests Michelle Armstrong Partida uses evidence from extraordinary archives in four Catalan dioceses to show that maintaining a family with a domestic partner was not only a custom entrenched in Catalan clerical culture but also an essential component of priestly masculine identity From unpublished episcopal visitation records and internal diocesan documents including notarial registers bishops letters dispensations for illegitimate birth and episcopal court records Armstrong Partida reconstructs the personal lives and careers of Catalan parish priests to better understand the professional identity and masculinity of churchmen who made up the proletariat of the largest institution across Europe These untapped sources reveal the extent to which parish clergy were embedded in their communities particularly their kinship ties to villagers and their often contentious interactions with male parishioners and clerical colleagues Defiant Priests highlights a clerical culture that embraced violence to resolve disputes and seek revenge to intimidate other men and to maintain their status and authority in the community

Carnal Knowledge Martin Ingram, 2017-03-23 How was the law used to control sex in Tudor England What were the differences between secular and religious practice This major study based on a wide range of church and secular court archives explores sexual regulation in London and provincial England before during and immediately after the Reformation

Chaucer's Decameron and the Origin of the Canterbury Tales Frederick M. Biggs, 2017 A major and original contribution to the debate as to Chaucer's use and knowledge of Boccaccio finding a new source for the Shipman's Tale A possible direct link between the two greatest literary collections of the fourteenth century Boccaccio's Decameron and Chaucer's Canterbury Tales has long tantalized readers because these works

share many stories which are moreover placed in similar frames And yet although he identified many of his sources Chaucer never mentioned Boccaccio indeed when he retold the Decameron s final novella his pilgrim the Clerk states that it was written by Petrarch For these reasons most scholars now believe that while Chaucer might have heard parts of the earlier collection when he was in Italy he did not have it at hand as he wrote This volume aims to change our understanding of this question It analyses the relationship between the Shipman s Tale originally written for the Wife of Bath and Decameron 8 10 not seen before as a possible source The book also argues that more important than the narratives that Chaucer borrowed is the literary technique that he learned from Boccaccio to make tales from ideas This technique moreover links the Shipman s Tale to the Miller s Tale and the new Wife of Bath s Tale Although at its core a hermeneutic argument this book also delves into such important areas as alchemy domestic space economic history folklore Irish English politics manuscripts and misogyny FREDERICK M BIGGS is Professor of English at the University of Connecticut

Women's Roles in the Middle Ages Sandy Bardsley, 2007-06-30 Information about women in this truly fascinating period from 500 to 1500 is in great demand and has been a challenge for historians to uncover Bardsley has mined a wide range of primary sources from noblewomen s writing court rolls chivalric literature laws and legal documents to archeology and artwork This fresh survey provides readers with an excellent understanding of how women high and low fared in terms of religion work family law culture and politics and public life Even though medieval women were divided by social class religion age marital status place and period they were all subject to an overarching patriarchal structure and sometimes could transcend their inferior status Numerous examples of these exceptional women and their words are included Chapter 1 examines religion focusing on women s roles in the early Christian church the lives of nuns and other professional religious women such as anchoresses and Beguines the participation of Christian laywomen and the experiences of Jewish and Islamic women in Western Europe The second chapter examines women s work looking in turn at the kinds of work performed by peasant women townswomen and noblewomen Women s roles within the family form the subject of the third chapter This chapter follows women throughout the typical lifecycle from girl to widow examining the expectations and experiences of women at each stage Chapter 4 Women and the Law focuses on the ways in which laws both restricted and protected women It also considers the crimes with which women were most often charged and surveys laws regarding marriage and widowhood Women s roles in creative arts form the basis of the fifth chapter Women and Culture This chapter examines women s roles as artists authors composers and patrons as well as investigating the ways in which women were represented in works produced by men Finally chapter 6 discusses women s experiences in politics and public life While women as a group were typically banned from holding positions of public authority some found ways to get around this stricture while others were able to exercise power behind the scenes The final chapter thus encapsulates a major theme of this book the interplay between broader patriarchal forces that limited women s status and autonomy and the role of individuals who were able to overcome or

circumvent such forces Medieval women were as a group subordinate to their husbands and fathers but certain women under certain circumstances evaded subordination **Whores and Other Feminists** Jill Nagle,2013-09-13 Whores and Other Feminists fleshes out feminist politics from the perspective of sex workers strippers prostitutes porn writers producers and performers dominatrices and their allies Comprising a range of voices from both within and outside the academy this collection draws from traditional feminisms postmodern feminism queer theory and sex radicalism It stretches the boundaries of contemporary feminism holding accountable both traditional feminism for stigmatizing sex workers and also the sex industry for its sexist practices **The Middling Sort** Margaret R. Hunt,2023-12-22 To be one of the middling sort in urban England in the late seventeenth or eighteenth century was to live a life tied one way or another to the world of commerce In a lively study that combines narrative and alternately poignant and hilarious anecdotes with convincing analysis Margaret R Hunt offers a view of middling society during the hundred years that separated the Glorious Revolution from the factory age Thanks to her exploration of many family papers and court records Hunt is able to examine what people thought felt and valued She finds that early capitalism and early modern family life were far more insecure than their classical models supposed Commercial needs and social needs coincided to a large extent The family is central to Hunt s story and she shows how financial struggles brought conflict ambiguity and tension to the home She investigates the way gender intertwined with class and family hierarchy and the way many businesses survived as precarious successes secured through the sacrifices made by female as well as male family members The Middling Sort offers a dynamic portrait of a society struggling to minimize the considerable social and psychic dislocation that accompanied England s launch of a full scale market economy To be one of the middling sort in urban England in the late seventeenth or eighteenth century was to live a life tied one way or another to the world of commerce In a lively study that combines narrative and alternately poignant and hilarious anecdote

Handbook of Medieval Sexuality Vern L. Bullough,James Brundage,2013-01-11 Like specialists in other fields in humanities and social sciences medievalists have begun to investigate and write about sex and related topics such as courtship concubinage divorce marriage prostitution and child rearing The scholarship in this significant volume asserts that sexual conduct formed a crucial role in the lives thoughts hopes and fears both of individuals and of the institutions that they created in the middle ages The absorbing subject of sexuality in the Middle Ages is examined in 19 original articles written specifically for this Handbook by the major authorities in their scholarly specialties The study of medieval sexuality poses problems for the researcher indices in standard sources rarely refer to sexual topics and standard secondary sources often ignore the material or say little about it Yet a vast amount of research is available and the information is accessible to the student who knows where to look and what to look for This volume is a valuable guide to the material and an indicator of what subjects are likely to yield fresh scholarly rewards **The Formation of a Persecuting Society** Robert I. Moore,2008-04-15 The tenth to the thirteenth centuries in Europe saw the appearance of popular heresy and the

establishment of the Inquisition the expropriation and mass murder of Jews and the propagation of elaborate measures to segregate lepers from the healthy and curtail their civil rights These were traditionally seen as distinct and separate developments and explained in terms of the problems which their victims presented to medieval society In this stimulating book first published in 1987 and now widely regarded as a classic in medieval history R I Moore argues that the coincidences in the treatment of these and other minority groups cannot be explained independently and that all are part of a pattern of persecution which now appeared for the first time to make Europe become as it has remained a persecuting society In this new edition R I Moore updates and extends his original argument with a new final chapter A Persecuting Society Here and in a new preface and critical bibliography he considers the impact of a generation's research and refines his conception of the persecuting society accordingly addressing criticisms of the first edition The Fires of Lust Katherine Harvey, 2022-11-28 An illuminating exploration of the surprisingly familiar sex lives of ordinary medieval people The medieval humoral system of medicine suggested that it was possible to die from having too much or too little sex while the Roman Catholic Church taught that virginity was the ideal state Holy men and women committed themselves to lifelong abstinence in the name of religion Everyone was forced to conform to restrictive rules about who they could have sex with in what way how often and even when and could be harshly punished for getting it wrong Other experiences are more familiar Like us medieval people faced challenges in finding a suitable partner or trying to get pregnant or trying not to They also struggled with many of the same social issues such as whether prostitution should be legalized Above all they shared our fondness for dirty jokes and erotic images By exploring their sex lives the book brings ordinary medieval people to life and reveals details of their most personal thoughts and experiences Ultimately it provides us with an important and intimate connection to the past

Right here, we have countless books **Prostitution In Medieval Society The History Of An Urban Institution In Languedoc** and collections to check out. We additionally pay for variant types and with type of the books to browse. The customary book, fiction, history, novel, scientific research, as competently as various supplementary sorts of books are readily comprehensible here.
