

SELECTED PAPERS OF
WILLIAM C.
MENNINGER,
M.D.

A Psychiatrist for a Troubled World

Biographical Sketch by Harry W. Brundage, M.D.

Edited and with an introduction by Raymond F. Ball, M.D.

Nothing better is done to psychiatry, no issue, national, private, or global, has beyond its scope. The vision of William C. Menninger and his activities in war and peace upon the American field. His papers—some classic of clinical research, others models of intensive human research—constitute the modest and enduring record of a prodigious career.

In Memoriam

This book, designed to honor a man in the fullest of his life, was destined to become a memorial. Plans for the book were made early in 1968, but much of it was regrettably interrupted by the pressure of other duties.

In that time Dr. William C. Menninger was leading his numerous busy life, fully presenting the cause of the mentally ill, advocating broad, open-minded positions, and working in behalf of The Menninger Foundation. His strongly teachable results and insights, his generous support of work, encouraged all who knew him to feel he would be with us.

We cannot do justice to Dr. Menninger and his great efforts as opportunities, through his writings, to know the man who has been our beloved teacher and friend. When he found out his book was being prepared he greatly troubled his editors, "Didn't you have something better to do with 'your time'?" I said, when he approved the selection, he also said his "independence of the various sections of the book, presenting 'The man from the top of the mountain' about him?" And when he presented the title I reflected as being premature.

The words were characteristic of a man known for his unique spirit and of others known and sometimes guided with his presence. When you met him, he greeted you with his warm handshake and a warm smile; he made you feel relaxed, appreciated, a bit more highly valued than you had felt just a moment before.

Unfortunately, it was found that Dr. Menninger would never see his book in print, for on the first day of Indian Summer, on September 9, 1968, this kind and gentle spirit left us forever.

—Raymond F. Ball, M.D.
