Psychological Foundations of Education Dr Prakash Chandra Pandey,2025-06-30 This first part of the book Foundations of Educational Psychology focuses on the essential principles of psychology as applied to educational contexts It explores the fundamental concepts of general and educational psychology including their history nature scope and the relationship between psychology and education The section also delves into the stages of human development psychological methods of teaching and key behavioral tendencies relevant to classroom practice The aim of this book is to provide future educators student teachers and education scholars with a comprehensive understanding of children s mental physical social moral conceptual and language development This knowledge equips educators to create inclusive effective and developmentally appropriate learning environments that foster the holistic growth of learners Psychological Foundations of Moral Education and Character Development Richard T. Knowles,George F. McLean,1992 Includes bibliographical references and index **Historical Foundations of Educational Psychology** John A. Glover,Royce R. Ronning,2013-11-11 This volume represents a beginning effort to compile a history of educational psychology The project began innocuously enough several years ago when we decided to add mon material about the history of educational psychology to the undergraduate course we were teaching What seemed like a simple task became very complex as we searched in vain for a volume dealing with the topic We ended up drawing on various histories of psychology that devoted anywhere from a few paragraphs to several pages to the topic and on a very few articles addressing the issue We were startled frankly by the apparent lack of interest in the history of our field and decided to attempt to compile a history ourselves As is the case with any edited volume the contributing authors deserve credit for its positive features They uniformly made every effort asked of them and taught us much about educational psychology Any errors or omissions are our responsibility alone
