INDIAN FAIRY TALES Various, 2009-10 Soils and national characters differ but fairy tales are often the same in plot and incidents if not in style Most of the 27 illustrated tales in this volume of Indian fairy tales are known in the West in some form or other how can we account for their simultaneous existence in both Europe and Asia In this volume we find stories about Punchkin the evil magician and the quaint myth How Sun Moon and Wind went out to Dinner the magic fiddle the broken pot the tiger the Brahman the Jackal and more In short Jacobs has made this book a representative collection of all the fairy tales of India Some have declared that India is the home of the fairy tale and that all European fairy tales have been brought from thence by crusaders Mongol missionaries Gypsies Jews traders and many other travellers After all India is on one branch of the fabled Silk and Spice Routes over which Europeans and Asians have been travelling for several millennia We should be prepared within certain limits to hold a brief for India The common fairy stories of the children of Europe which form a greater part of their stories as a whole are derived from Indian tales In particular the majority of the Drolls or comic tales and jingles can be traced without much difficulty back to the Indian peninsula To assemble this volume Jacobs has selected the best from the Jatakas the Bidpai the Tales of the Sun the Baluchi folk tales and the folk tales of Kashmir It is only a further proof that fairy tales are something more than Celtic or Hindoo they are human So curl up with a sliver of the Indian sub continent and lose yourself in a culture and lifestyle of the ancient Eastern past Part of a Social Enterprise Program 33% of the net profit from the sale of this book will be donated to organisations charities and schools around the world
