and Carl in a gully half the length of football field Over the years I've become convinced that Alex Bobby Lewis and Carl have discovered the secrets of living life well although the idea that these men had anything to teach me didn't come to me for many Thanksgiving vacations He is attracted by how well they get to know a place through hunting it How many of us can say that about any place in our lives The men are like relics of a bygone era but they eventually convinced him that he should bring his son along too He introduces Carl and Bobby who have retired from factory jobs they own sixty acres together in the country Lewis bought his own 18 wheel rig a few years ago and still hauls freight Alex is retired and has many hobbies The men talk in a colorful drawl about their dogs teasing each other mercilessly CHAPTER THREE He talks about hunting at the Old Collins Place Every time he comes back there he sees something for the first time He talks about how ambitious he was as a kid determined to make a name for himself in journalism He meets his wife to be Keran and works thankless 70 hour weeks until he finally writes a profile of George Bush that gets him major attention a huge raise and freedom to cover other figures such as Jesse Jackson Jerry Falwell etc CHAPTER FOUR BOBBY'S BARN His son Matt catches a rabbit and gets a sip off the post hunting bottle of Wild Turkey He discusses his tough decision of taking the boy hunting for the first time when he was seven Really I rolled the dice I knew that most affluent city people would shield their sons from such rough men and gritty settings But after my first few years of hunting I decided that the forests fields wind rain moon stars leaves weeds guns killing cursing drinking and naturally the men themselves would be good for Matt He describes skinning and gutting a rabbit he does it without squeamishness because it has to be done the same way you have to clean up a kid's vomit LAWSON BOTTOM He discusses the time it dawned on him that he had come to savor things the Miro painting he owns for instance and asks himself I love my work but what if the day comes when I don't What happens to all of this What happens to me Will I be trapped in my affluence for the rest of my life The climax of his career comes when President Bush is seriously considering appointing him as his official biographer and even invites him to a celebrity studded dinner but eventually Bush decides the security risk is too great Harrington considers it a blessing in disguise thinking about all of the quality time he would have lost with his son etc THE EVERLASTING STREAM He recalls a morning of picture perfect contentment at a place called the Everlasting Stream such memorable moments are like waking versions of lucid dreams We are within them and outside them at once as they are happening He reflects To this day I don't believe I have ever seen men so at ease so thoroughly enjoying one another's company He realizes he hasn't had true friends like these since he was a kid BEHIND BC WITT'S FARM He talks about the way that moment at the Everlasting Stream has caused him to think of hunting not just as a diversion but to think of it off and on throughout the year Carl takes him to the four room shack where he grew up and Harrington is shocked by how small and run down it is Carl says We hunted to eat THE SQUARE He describes being in the zone hunters since Socrates onward have described an ethereal hunter's state of mental and emotional clarity What nature writer James Swan calls the Zen of hunting a state of awe and reverence which is the emotional foundation for transcendence

LEWIS S GARAGE He talks about the joys of hanging out in Lewis s garage after hunting I have come to love hearing the men laugh After all the years if I were blind I d still know the men by their laughs Listening to the men is like watching a pinball bounce around its board The action is impossible to predict but it isn t random The point is to relax and let my time with the men wash over me in the way that a Christmas midnight Mass with candles and organ and incense would wash over me as a boy

sister Gyll live in Watford and all week look forward to their Saturday shopping expedition to Woolworths with their nanny to buy something nice for Mummy But as war breaks out in Europe the girls are evacuated to Africa Feeling abandoned and alone the sisters find their new life miserable and get no sympathy from their guardians who force them to wear patched up clothes and be in bed by six o'clock As time passes and letters from home stop arriving the sisters dream of escape and of returning to idyllic England Yet when they finally do arrive home all the changes that await them make for a very different life than the one they had longed for Intensely funny and charming Susan Kennaway writes about growing up during the Second World War with rare honesty and insight Stories Rabbits Tell Susan E. Davis, Margo DeMello, 2003-08 Revered as a symbol of fertility sexuality purity and childhood beloved as a children's pet and widely represented in the myths art and collectibles of almost every culture the rabbit is one of the most popular animals known to humans Ironically it has also been one of the most misunderstood and abused Indeed the rabbit is the only animal that our culture adores as a pet idolizes as a storybook hero and slaughters for commercial purposes Stories Rabbits Tell takes a comprehensive look at the rabbit as a wild animal ancient symbol pop culture icon commercial product and domesticated pet In so doing the book explores how one species can be simultaneously adored as a symbol of childhood think Peter Rabbit revered as a symbol of female sexuality e.g. Playboy Bunnies dismissed as a dumb bunny in domesticity and loathed as a pest in the wild The authors counter these stereotypes with engaging analyses of real rabbit behavior drawn both from the authors own experience and from academic studies and place those behaviors in the context of current debates about animal consciousness In a detailed investigative section the authors also describe conditions in the rabbit meat fur pet and vivisection industries and raise important questions about the ethics of treating rabbits as we do The first book of its kind Stories Rabbits Tell provides invaluable information and insight into the life and history of an animal whom many love but whom most of us barely know As such it is a key addition to the current thinking on animal emotions intelligences and welfare and the way that human perceptions influence the treatment of individual species **Wartime Farm** Peter Ginn, Ruth Goodman, Alexander Langlands, 2012-09-24 During World War Two Britain had to look to the land to provide the produce it had previously shipped in from abroad meaning huge changes on both the agricultural and domestic scenes Accompanying an 8 part BBC series and written by the three presenters who spend a year living on a reconstructed farm from the era Wartime Farm sets these changes within a historical context and looks at the day to day life of that time Exploring a fascinating chapter in Britain's recent history we see how our predecessors lived and thrived in difficult conditions with extreme frugality and ingenuity From growing your own vegetables and keeping chickens in the back yard to having to make do and mend many of the challenges faced by wartime Britons have resonance today Fascinating historical detail and atmospheric story telling make this a truly compelling read
