Rabelais and His World Mikhail Mikhailovich Bakhtin, 1965 **Rabelais and His World** Michail Bachtin, 1971 **Rabelais and His World, By Mikhail Bakhtin. Translated by Helene Iswolsky** Mikhail Bakhtin, 1968 Encyclopedia of Contemporary Literary Theory Irene Rima Makaryk, 1993-01-01

The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture

Mikhail Bakhtin Katerina Clark, Michael Holquist, 1984 Traces the life of Bakhtin a Russian literary critic recently rediscovered and discusses his major works on Freud Dostoevsky Rabelais Marxism and the philosophy of language **Soviet Narratology and Spatial Story Design** Sylke Rene Meyer, 2025-10-20 Based on Soviet narratology this book offers a genealogy of spatial user centric story design and its current applications situating spatial story design as medium sui generis that evolved as a counternarrative to agonal games on the one hand and in distinction to linear narrative such as classical novels and cinema

on the other hand Following a discussion of Russian Formalism that relativized the notion of authorial intention and emphasized the primacy of structure the analysis considers the works of Mikhail Bakhtin who laid out the groundwork for a chronotopical spatial analysis of literature that contributes to a grammar of user generated narrative as well as the works of Juri Lotman and the Tartu Moscow Semiotic School The author shows how these works have been influential through the works topological semantics that provide a vocabulary for literary analysis and practical tools for spatial story design to predict to some extent user behavior and through the semiotic study of text culminating in a cybernetical method of systems thinking that allows for process control of user generated spaces She demonstrates that cybernetical research in the United States contributed to the development of agonal shooter games while cybernetical research in the Soviet Union had a massive influence on role playing games and consequently interactive storytelling and spatial story design Delineating how Soviet narratology had a formative yet somehow unnamed influence on the development of structuralist and post structuralist narrative theory this book will be an essential read for academics and artists in performance art game design interactive storytelling narratology philosophy but also AI research and human machine interaction

Rabelais and his world (Tvorčestvo Fransua Rable, engl.) Michail M. Bachtin, Elena A. Izvol'skaja, 1968 *Narrative Structure and Philosophical Debates in Tristram Shandy and Jacques le fataliste*. Margaux Whiskin, 2014-01-02 Contrary to what might be expected from a philosophical novel Sterne and Diderot do not impose their own views upon the reader The author's voice is but one amongst many others Margaux Whiskin's argument hinges on Bakhtinian dialogism which can be defined as the presence of interacting voices and views In Tristram Shandy and Jacques le fataliste dialogism occurs through the narrative structure allowing for the confrontation of the contradictory discourses in the philosophical debates and enabling them to engage in dialogue instead of establishing the authorial voice as the sole valid discourse in the text Through those contradictions the philosophical content takes on a different form that of a refusal of systematic discourse Sterne and Diderot do not offer a solution to the various questions debated in their novels However they do offer a philosophical approach whereby the confrontation of contradictory ideas creates a dynamic for the pursuit of truth By engaging in dialogue and constantly opening questions where there is no single right answer Sterne and Diderot redirect the focus of the reader and invite him to perceive truth not as a destination to be reached or as a closed conclusion but as being present in the quest itself in the ongoing dialogues and debates

Feasting & Fasting in Opera Pierpaolo Polzonetti,2021-11-11 *Feasting and Fasting in Opera* shows that the consumption of food and drink is an essential component of opera both on and off stage In this book opera scholar Pierpaolo Polzonetti explores how convivial culture shaped the birth of opera and opera going rituals until the mid nineteenth century when eating and drinking at the opera house were still common Through analyses of convivial scenes in operas the book also shows how the consumption of food and drink and sharing or the refusal to do so define characters identity and relationships *Feasting and Fasting in Opera* moves chronologically from around 1480 to the middle of the nineteenth century when Wagner s operatic reforms banished refreshments during the performance and mandated a darkened auditorium and absorbed listening The book focuses on questions of comedy pleasure embodiment and indulgence looking at fasting poisoning food disorders body types diet and social ethnic and gender identities in both tragic and comic operas from Monteverdi to Puccini Polzonetti also sheds new light on the diet Maria Callas underwent in preparation for her famous performance as Violetta the consumptive heroine of Verdi s *La traviata* Neither food lovers nor opera scholars will want to miss Polzonetti s page turning and imaginative book

1841 a week after his thirty fourth birthday Louis Aloysius Bertrand died of tuberculosis This malady his destitute poverty and his errant existence qualify him as a quintessential poete maudit whose one great work *Gaspard de la Nuit* Fantasies a la maniere de Rembrandt et de Callot was not published until 1842 Now widely considered as the first collection of prose poems to appear in France Gaspard inspired writers like Baudelaire Mallarme Huysmans and Andre Breton This study offers a rereading of Bertrand s book grounded in modern critical theory including the work of Derrida Bakhtin Barbara Johnson Genette Lacoue Labarthe and Nancy It elaborates a new perspective on a work that contains all the paradoxes of the genre with which theorists still struggle *Rabelais and His World* Michail Michajlovič forme avant 2007 Bachtin,1968

Rabelais and Bakhtin Richard M. Berrong,1986-01-01 In *Rabelais and Bakhtin* Richard M Berrong demonstrates both the historical and textual weaknesses of the argument advanced by Mikhail Bakhtin and his influential study *Rabelais and His World* The publication of Bakhtin s book in the West in the late 1960s brought both Rabelais and Bakhtin to the attention of students interested in the New Criticism in literature Bakhtin agrued that the key to Rabelais s narratives was to be found in their language of popular culture which was intended to free his readers from the ideological prison house of official establishment discourse to provide them with a nonofficial perspective from which to view and combat the establishment and its institutions Since the publication of Bakhtin s study scholars such as Peter Burke Natalie Zemon Davis and Carlo Ginzburg have shown that the relationship of the upper classes to popular culture changed in the first half of the sixteenth century Previously these classes had participated fully in the culture of the people while adhering to their own but at that time they undertook to exclude popular culture from their lives and from their world In his refutation of Bakhtin s thesis Berrong demonstrates the complex and shifting role of popular culture in Rabelais s narratives His conclusions should interest not only readers of *Gargantua and Pantagruel* but all students of the sixteenth century since the use and exclusion of popular culture is an issue in the study of many of the writers artists and composers of the period
