Rise and Fall of the Cosmic Race Marilyn Grace Miller, 2009-07-21 Latin America is characterized by a uniquely rich history of cultural and racial mixtures known collectively as mestizaje These mixtures reflect the influences of indigenous peoples from Latin America Europeans and Africans and spawn a fascinating and often volatile blend of cultural practices and products Yet no scholarly study to date has provided an articulate context for fully appreciating and exploring the profound effects of distinct local invocations of syncretism and hybridity Rise and Fall of the Cosmic Race fills this void by charting the history of Latin America s experience of mestizaje through the prisms of literature the visual and performing arts social commentary and music In accessible jargon free prose Marilyn Grace Miller brings to life the varied perspectives of a vast region in a tour that stretches from Mexico and the Caribbean to Brazil Ecuador and Argentina She explores the repercussions of mestizo identity in the United States and reveals the key moments in the story of Latin America s cult of synthesis Rise and Fall of the Cosmic Race examines the inextricable links between aesthetics and politics and unravels the threads of colonialism woven throughout national narratives in which mestizos serve as primary protagonists Illuminating the ways in which regional engagements with mestizaje represent contentious sites of nation building and racial politics Miller uncovers a rich and multivalent self portrait of Latin America s diverse populations **Troubling Freedom** Natasha Lightfoot, 2015-11-19 In 1834 Antigua became the only British colony in the Caribbean to move directly from slavery to full emancipation Immediate freedom however did not live up to its promise as it did not guarantee any level of stability or autonomy and the implementation of new forms of coercion and control made it in many ways indistinguishable from slavery

In *Troubling Freedom* Natasha Lightfoot tells the story of how Antigua's newly freed black working people struggled to realize freedom in their everyday lives prior to and in the decades following emancipation. She presents freedpeople's efforts to form an efficient workforce, acquire property, secure housing, worship, and build independent communities in response to elite prescriptions for acceptable behavior and oppression. Despite its continued efforts, Antigua's black population failed to convince whites that its members were worthy of full economic and political inclusion. By highlighting the diverse ways freedpeople defined and created freedom through quotidian acts of survival and occasional uprisings, Lightfoot complicates conceptions of freedom and the general narrative that landlessness was the primary constraint for newly emancipated slaves in the Caribbean.

The Black Church Studies Reader Alton B. Pollard, Carol B. Duncan, 2016-04-29 The Black Church Studies Reader addresses the depth and breadth of Black theological studies from Biblical studies and ethics to homiletics and pastoral care. The book examines salient themes of social and religious significance such as gender, sexuality, race, social class, health care, and public policy. While the volume centers around African American experiences and studies, it also attends to broader African continental and Diasporan religious contexts. The contributors reflect an interdisciplinary blend of Black Church Studies scholars and practitioners from across the country. The text seeks to address the following fundamental questions: What constitutes Black Church Studies as a discipline or field of study? What is the significance of Black Church Studies for theological education? What is the relationship between Black Church Studies and the broader academic study of Black religions? What is the relationship between Black Church Studies and local congregations, as well as other faith-based entities? The book's search for the answers to these questions is compelling and illuminating.

Performing Afro-Cuba Kristina Wirtz, 2014-06-05 Visitors to Cuba will notice that Afro-Cuban figures and references are everywhere in popular music and folklore: shows, paintings, and dolls of Santería saints in airport shops and even restaurants with plantation themes. In *Performing Afro-Cuba*, Kristina Wirtz examines how the animation of Cuba's colonial past and African heritage through such figures and performances not only reflects but also shapes the Cuban experience of Blackness. She also investigates how this process operates at different spatial and temporal scales, from the immediate present to the imagined past, from the barrio to the socialist state. Wirtz analyzes a variety of performances and the ways they construct Cuban racial and historical imaginations. She offers a sophisticated view of performance as enacting diverse revolutionary ideals, religious notions, and racial identity politics, and she outlines how these concepts play out in the ongoing institutionalization of folklore as an official, even state-sponsored category. Employing Bakhtin's concept of chronotopes, the semiotic construction of space-time, she examines the roles of voice, temporality, embodiment, imagery, and memory in the racializing process. The result is a deftly balanced study that marries racial studies, performance studies, anthropology, and semiotics to explore the nature of race as a cultural sign, one that is always in process, always shifting.

Gender, Race and Religion Martin Bulmer, John Solomos, 2014-01-02 *Gender, Race and Religion* brings together a selection of original papers published in *Ethnic and Racial*

Studies that address the intersections between gender relations race and religion in our contemporary environment Chapters address both theoretical and empirical aspects of this phenomenon and although written from the perspective of quite different national social and political situations they are linked by a common concern to analyze the interface between gender and other situated social relationships from both a conceptual and a policy angle These are issues that have been the subject of intense scholarly research and analysis in recent years as well as forming part of public debates about the significance of gender race and religion as sites of identity formation and mobilization in our changing global environment The substantive chapters bring together insights from both theoretical reflection and empirical research in order to investigate particular facets of these questions Gender Race and Religion addresses issues that are at the heart of contemporary scholarly debates in the field of race and ethnic studies and engages with important questions in policy and public debates This book was originally published as a special issue of Ethnic and Racial Studies

From Sugar to Revolution Myriam J.A. Chancy, 2013-02-05 Sovereignty Sugar Revolution These are the three axes this book uses to link the works of contemporary women artists from Haiti a country excluded in contemporary Latin American and Caribbean literary studies the Dominican Republic and Cuba In From Sugar to Revolution Women's Visions of Haiti Cuba and the Dominican Republic Myriam Chancy aims to show that Haiti's exclusion is grounded in its historical role as a site of ontological defiance Her premise is that writers Edwidge Danticat Julia Alvarez Zo Vald's Loida Maritza Prez Marilyn Bobes Achy Obejas Nancy Morejón and visual artist Maria Magdalena Campos Pons attempt to defy fears of otherness by assuming the role of archaeologists of amnesia They seek to elucidate women's variegated lives within the confining walls of their national identifications identifications wholly defined as male They reach beyond the confining limits of national borders to discuss gender race sexuality and class in ways that render possible the linking of all three nations Nations such as Haiti the Dominican Republic and Cuba are still locked in battles over self determination but as Chancy demonstrates women's gendered revisionings may open doors to less exclusionary imaginings of social and political realities for Caribbean people in general
