Race in the College Classroom Maureen T. Reddy, Bonnie TuSmith, 2002 Winner of the 2003 American Educational Studies Association Critics Choice Awards Winner of the 2003 Gustavus Myers Outstanding Book Award Did affirmative action programs solve the problem of race on American college campuses as several recent books would have us believe If so why does talking about race in anything more than a superficial way make so many students uncomfortable Written by college instructors from many disciplines this volume of essays takes a bold first step toward a nationwide conversation Each of the twenty nine contributors addresses one central question what are the challenges facing a college professor who believes that teaching responsibly requires an honest and searching examination of race Professors from the humanities social sciences sciences and education consider topics such as how the classroom environment is structured by race the temptation to retreat from challenging students when faced with possible reprisals in the form of complaints or negative evaluations the implications of using standardized evaluations in faculty tenure and promotion when the course subject is intimately connected with race and the varying ways in which white faculty and faculty of color are impacted by teaching about race *Doing Gender Diversity* Rebecca F. Plante, Lis M. Mau, 2018-04-17

This cutting edge reader demonstrates the multiple ways in which the universe of gender is socially culturally and historically constructed The selections focus on gender itself how gender operates socioculturally exists functions and is presented in micro and macro interactions In order to avoid balkanization the authors examine the various ways in which culture intersects with individuals to produce the range of presentations of self that we call gender from people born male who become adult men to lesbian women to transmen and everyone else on the diverse gender spectrum

Brave New Words Elizabeth Ammons, 2010-06-01 Brave New Words challenges present and future literary scholars and teachers to look beyond mere literary critique toward the concrete issue of social change and how to achieve it Calling for a profound realignment of thought and spirit in the service of positive social change Ammons argues for the continued importance of multiculturalism in the twenty first century despite attacks on the concept from both right and left Concentrating on activist U S writers from ecocritics to feminists to those dedicated to exposing race and class biases from Jim Wallis and Cornel West to Winona LaDuke and Paula Moya and many others she calls for all humanists to link their work to the progressive literature of the last half century to insist on activism in the service of positive change as part of their mission and to teach the power of hope and action to their students

Queering Classrooms Erin A. Mikulec, Paul Chamness Iida, 2016-11-01 Teacher Education programs have largely ignored the needs of LGBTIQ learners in their preparation of pre service teachers At best in most of such programs their needs are addressed in a single chapter in a book or as the topic of discussion in a single class discussion However is this minimal discussion enough What kind of impact does this approach have on future teachers and their future learners This book engages the reader in a dialogue about why teacher education must address LGBTIQ issues more openly and why teacher education programs should revise their curriculum to more fully integrate the needs of LGBTIQ learners throughout their curriculum rather than treat such issues as a single isolated topic in an insignificant manner Through personal narratives research and conceptual chapters this volume also examines the different ways in which queer youth are present or invisible in schools the struggles they face and how teachers can be better prepared to reach them as

they should any student and to make them more visible The authors of this volume provide insight into the needs of future teachers with the aim of bringing about change in how teacher education programs address LGBTIQ needs to better equip those entering the field of teaching

Unraveling Assumptions Karen L. Suyemoto, Roxanne A. Donovan, Grace S. Kim, 2022-06-01 Unraveling Assumptions A Primer for Understanding Oppression and Privilege offers fundamental understandings of concepts and frameworks related to diversity and social justice Aimed at university and community audiences it offers an introductory exploration of power privilege and oppression as foundations of systems of inequality and examines complexities within meanings and lived experiences of race ethnicity gender sexuality disability and social class After considering why it is so difficult to engage these issues the authors explore meanings and impacts of power privilege and oppression as a primary lens of analysis Subsequent chapters offer definitions of race ethnicity gender sexuality disability and social class identifying erroneous assumptions and challenging the tendency to oversimplify and decontextualize Meanings identities and effects of oppression and privilege are central foci within each chapter The book ends with a chapter examining ways that individuals may take action as allies and advocates to resist oppression Throughout the book Unraveling Assumptions makes connections among individual interpersonal and systemic levels of inequality while focusing on relational and psychological implications for lived experience including the reader's lived experience By integrating social science research with concrete examples and personal reflection this concise introductory level text invites the reader to consider the costs of systemic hierarchies for all people and envision possible alternatives to participating in oppressive hierarchy Unraveling Assumptions is a book for students and community to learn about privilege and oppression The authors companion book Teaching Diversity Relationally offers process oriented guidance for educators teaching this material to successfully negotiate the inherent psychological and relational challenges

Arrested Justice Beth E. Richie, 2012-05-22 Illuminates the threats Black women face and the lack of substantive public policy towards gendered violence Black women in marginalized

communities are uniquely at risk of battering rape sexual harassment stalking and incest Through the compelling stories of Black women who have been most affected by racism persistent poverty class inequality limited access to support resources or institutions Beth E Richie shows that the threat of violence to Black women has never been more serious demonstrating how conservative legal social political and economic policies have impacted activism in the U S based movement to end violence against women Richie argues that Black women face particular peril because of the ways that race and culture have not figured centrally enough in the analysis of the causes and consequences of gender violence As a result the extent of physical sexual and other forms of violence in the lives of Black women the various forms it takes and the contexts within which it occurs are minimized at best and frequently ignored Arrested Justice brings issues of sexuality class age and criminalization into focus right alongside of questions of public policy and gender violence resulting in a compelling critique a passionate re framing of stories and a call to action for change

Behavioral Science & Policy: Volume 1, Issue 2 Craig Fox,Sim B. Sitkin,2016-04-26 The success of nearly all public and private sector policies hinges on the behavior of individuals groups and organizations Today such

behaviors are better understood than ever thanks to a growing body of practical behavioral science research. However, policymakers often are unaware of behavioral science findings that may help them craft and execute more effective and efficient policies. The pages of this new journal will become a meeting ground, a place where scientists and non-scientists can encounter clearly described behavioral research that can be put into action. By design, the scope of BSP is broad, with topics spanning health care, financial decisionmaking, energy, and the environment, education, and culture, justice, and ethics, and workplace practices. Contributions will be made by researchers with expertise in psychology, sociology, law, behavioral economics, organization science, decision science, and marketing. The journal is a key offering of the Behavioral Science Policy Association in partnership with the Brookings Institution. The mission of BSPA is to foster dialog between social scientists, policymakers, and other practitioners in order to promote the application of rigorous empirical behavioral science in ways that serve the public interest. BSPA does not advance a particular agenda or political perspective. The first issue's contents follow:

Mississippi Praying Carolyn Renée Dupont, 2015-09. Winner of the 2013 Frank S and Elizabeth D Brewer Prize presented by the American Society of Church History. *Mississippi Praying* examines the faith communities at ground zero of the racial revolution that rocked America. This religious history of white Mississippians in the civil rights era shows how Mississippians' intense religious commitments played critical rather than incidental roles in their response to the movement for black equality. During the civil rights movement and since, it has perplexed many Americans that unabashedly Christian Mississippi could also unapologetically oppress its black population. Yet as Carolyn Renée Dupont

richly details white southerners evangelical religion gave them no conceptual tools for understanding segregation as a moral evil and many believed that God had ordained the racial hierarchy Challenging previous scholarship that depicts southern religious support for segregation as weak Dupont shows how people of faith in Mississippi rejected the religious argument for black equality and actively supported the effort to thwart the civil rights movement At the same time faith motivated a small number of white Mississippians to challenge the methods and tactics of do or die segregationists Racial turmoil profoundly destabilized Mississippi s religious communities and turned them into battlegrounds over the issue of black equality Though Mississippi s evangelicals lost the battle to preserve segregation they won important struggles to preserve the theology that had sustained the racial hierarchy Ultimately this history sheds light on the eventual rise of the religious right by elaborating the connections between the pre and post civil rights South
