Rachid Ghannouchi A Democrat Within Islamism:

Rachid Ghannouchi Azzam Tamimi, 2001 In fact Ghannouchi contends that civil society is an Islamic concept whereas secularism especially in the model imported to the Muslim world under the guise of modernization weakens it Jacket **The New Spirit of Islamism** Ezgi Basaran, 2024-05-02 This book explains the aspirations and concerns of Islamist actors in the aftermath of the Arab Uprisings by looking at two sets of relationships between Turkey's ruling AKP and the Egyptian Muslim Brotherhood and the AKP and Tunisia's Ennahda It presents a unique analysis of the interplay between the AKP Ennahda and the Muslim Brotherhood characterizing the actors the structure and the main features of the relationship and thereby illuminating a political confluence among these three critical Islamist entities in the aftermath of the Arab Uprisings Existing scholarship has assumed that this relationship revolves primarily around an ideological Islamist agenda however this research demonstrates a more complex and nuanced situation Ezgi Basaran puts forward that the interplay was not based on an aspiration of building an ideological Islamist bloc in the MENA region but rather revolved around the concept of political success and had a strong neoliberal ethos Basaran draws on data collected from over 60 interviews with high level members of the AKP Ennahda and Muslim Brotherhood to demonstrate how in the hope of achieving success and legitimization Ennahda and the Muslim Brotherhood have relied on the managerial prescriptions provided by the AKP The contents of this success formula were derived from the AKP's experience as an Islamist party in power since 2002 and includes tactics on crisis evasion legitimization winning elections and maintaining power **Religion, Secularism, and Political Belonging**

The Fall of the Turkish Model Cihan Tugal,2016-02-23 The brief rise and precipitous fall of Islamic liberalism Just a few short years ago the Turkish Model was being hailed across the world The New York Times gushed that prime minister Recep Tayyip Erdogan and his Justice and Development Party AKP had effectively integrated Islam democracy and vibrant economics making Turkey according to the International Crisis Group the envy of the Arab world And yet a more recent CNN headline wondered if Erdogan had become a dictator In this incisive analysis Cihan Tugal argues that the problem with this model of Islamic liberalism is much broader and deeper than Erdogan s increasing authoritarianism The problems are inherent in the very model of Islamic liberalism that formed the basis of the AKP s ascendancy and rule since 2002 an intended marriage of neoliberalism and democracy And this model can also only be understood as a response to regional politics especially as a response to the Iranian Model a marriage of corporatism and Islamic revolution The Turkish model was a failure in its home country and the dynamics of the Arab world made it a tough commodity to export Tugal s masterful explication of the demise of Islamic liberalism brings in Egypt and Tunisia once seen as the most likely followers of the Turkish model and provides a path breaking examination of their regimes and Islamist movements as well as paradigm shifting accounts of Turkey and Iran Political and Constitutional Transitions in North Africa Justin Frosini,Francesco Biagi,2014-12-05 The transformations which are taking place in the Arab world are dynamic processes characterised by a

Challenging Theocracy David Tabachnick,Toivo Koivukoski,Herminio Meireles Teixeira,2018-06-12 Commonly perceived as a direct threat to the practice of liberal democracy the global reemergence of theocratic claims to political rule is a misunderstood development of twenty first century politics Analyzing the relationship between religion and politics throughout the Middle East Africa and the United States as well as classical and medieval political philosophical sources Challenging Theocracy critiques the contemporary formation of theocracy Providing an account of the origins and influence of theocracy the chapters in this volume explore ancient texts that articulate the theocratic political ideas that continue to bubble under the surface of political life today In an effort to consider how regimes extend beyond their immediate institutional and legal forms and find their foundation in timeless ideas the contributors examine ancient and modern political thought to better understand their persistent power and impact on global politics **Politics and Power in the Maghreb** Michael Willis,2014-06 The overthrow of the regime of President Ben Ali in Tunisia on 14 January 2011 took the

world by surprise The popular revolt in this small Arab country and the effect it had on the wider Arab world prompted questions as to why there had been so little awareness of it up until that point It also revealed a more general lack of knowledge about the surrounding western part of the Arab world or the Maghreb which had long attracted a tiny fraction of the outside interest shown in the eastern Arab world of Egypt the Levant and the Gulf This book examines the politics of the three states of the central Maghreb Algeria Tunisia and Morocco since their achievement of independence from European colonial rule in the 1950s and 1960s It explains the political dynamics of the region by looking at the roles played by the military political parties and Islamist movements and addresses factors such as Berber identity and economics as well as how the states of the region interact with each other and with the wider world Provided by publisher
