Services Marketing: Integrating Customer

Focus Across the Firm Valarie A. Zeithaml, Mary Jo Bitner, Dwayne D. Gremler, 2017-03-13 Zeithaml's *Services Marketing* introduces readers to the vital role that services play in the economy and its future. Services dominate the advanced economies of the world and virtually all companies view services as critical to retaining their customers. The seventh edition maintains a managerial focus by incorporating company examples and strategies for addressing issues in every chapter, emphasizing the knowledge needed to implement service strategies for competitive advantage across industries. New research references and examples in every chapter include increased coverage of new business model examples such as Airbnb, Uber, OpenTable, Mint, Intuit, and others, alongside greater emphasis on technology, digital, and social marketing. Big Data and data analytics as a service. The longer cases have been removed from the 7e. View Table of Contents and Features below for more information.

Services Marketing Christo Boshoff, Phillipus Jacobus Du Plessis, 2009-07-11 As the primary focus of the global economy has moved from agriculture to manufacturing to services-dominated economies, the realisation that we are all in services has finally dawned. Services marketing has developed as a result and is now a well-established sub-discipline of marketing with its own theories and body of knowledge. This volume deals with the unique difficulties of marketing what is essentially an intangible entity and focuses on the most contemporary debates, research, and managerial demands in this particular but very challenging business domain. The text covers issues of importance to all service marketers, including Service Quality, Customer Expectations, Creating Value for the Customer, Service Architecture, Pricing Imperatives, Demand Management, Building Customer Relationships, Integrated Service Marketing Communications, Service Recovery Strategies.

Services Marketing: Operation, Management, and Strategy (Second Edition) Kenneth E. Clow, David L. Kurtz, 2003-07-18 The book equips the readers with the relevant information and develops the skills necessary to understand and use of that unique skill. In this book, concepts and theories are explained in relation to how they directly apply to a service business, and every concept is followed by a real-world example. The book uses a unique triangular method of positioning a service operation. It contains eight comprehensive cases that can be used for term projects. Each chapter of this book ends with discussion and critical thinking questions to pose challenging scenarios.
