Settling New Scores Facsimiles:

Settling New Scores Paul Sacher Stiftung (Basel, Switzerland), 1998 Betr u a Paul Sacher den Basler Kammerchor und dessen Erw hnung in Thomas Manns Roman Doktor Faustus S 12 17 *The New Grove Stravinsky* Stanley Sadie, John Tyrrell, 2003-03-15 Of Russian French and later American nationality Stravinsky s musical styles are startlingly diverse reflecting his life and era from Tsarist Russia to 1920s France and post war USA His early years in Russia saw him launch his international career with Dyagilve s Ballets Russes in Paris and the premieres of The Firebird Petrushka and The Rite of Spring Between 1920 1939 Stravinsky lived and worked in France producing his great neo classical compositions reactivating the modes and manners of the eighteenth century This stylistic inclination eventually gave way to a highly individual use of serial techniques in his last years when he took up residence in the United States This biography of Igor Stravinsky is one in a new series of composer biographies derived and adapted from the second edition of The New Grove Dictionary of Music and Musicians These newly written biographies bring the best of the book length pieces in The New Grove to a wider audience Each title provides fresh new insights into the life and works of a major composer derived from the most recent scholarship In addition to a detailed and informative view of the subject s life and works written by an expert in the field each book includes comprehensive tabular work lists and a fully revised and updated bibliography Pierre Boulez Studies Edward Campbell, Peter O'Hagan, 2016-10-13 This collection explores the works influence reception and legacy of one of the most important composers in contemporary musical life **Symphonic and Chamber Music Score and Parts Bank Thematic Catalogue of the Barry S. Brook Facsimile Archive of 18th and Early 19th Century Autographs, Manuscripts, and Printed Copies at the Ph.D. Program in Music of the Graduate School of the City University of New York** Symphonic and Chamber Music Score and Parts Bank (City University of New York), Ruth Halle Rowen, 1996 South Australian Facsimile Editions , 1839 **International Who's who in Classical Music ...** , 2004 **Bulletin of the Public Library of the City of Boston ...** Boston Public Library, 1923 *Bulletin [1908-23]* Boston Public Library, 1912 Musical Heritage Review , 1979 *My Life, Vol. 2 (Facsimile Reprint Edition)* Richard Wagner, 2010-04-01

Autobiography of the German musician famous for his operas **Facsimile Reprint** , 1900 *Béla Bartók in Italy* Nicolò Palazzetti, 2021 Examines the reputation of the Hungarian musician B la Bart k 1881 1945 as an antifascist hero This book examines the reputation of the Hungarian composer B la Bart k 1881 1945 as an antifascist hero and beacon of freedom Following Bartok s reception in Italy from the early twentieth century through Mussolini s fascist regime and into the early Cold War Palazzetti explores the connexions between music politics and diplomacy The wider context of this study also offers glimpses into broader themes such as fascist cultural policies cultural resistance and the ambivalent political usage of modernist music The book argues that the Bart kian Wave occurring in Italy after the Second World War was the result of the fusion of the Bart k myth as the musician of freedom and the Cold War narrative of an Italian national regeneration Italian

Hungarian diplomatic cooperation during the interwar period had supported Bartok's success in Italy. But in spite of their political alliance the cultural policies by Europe's leading fascist regimes started to diverge over the years many composers proscribed in Nazi Germany were increasingly performed in fascist Italy. In the early 1940s the now exiled composer came to represent one of the symbols of the anti-Nazi cultural resistance in Italy and was canonised as the musician of freedom. Exile and death had transformed Bartok into a martyr just as the Resistenza and the catastrophe of war had redeemed post-war Italy.

[Bibliographic Guide to Music](#) New York Public Library. Music Division, 1994

Mahler's Seventh Symphony Anna Stoll Knecht, 2019-10-15 Gustav Mahler's Seventh Symphony stands out as one of the most provocative symphonic statements of the early twentieth century. Throughout its performance history it has often been heard as existing in the shadow of the Sixth Symphony or as too reminiscent of Richard Wagner's opera *Die Meistersinger von Nürnberg*. Anna Stoll Knecht's Mahler's Seventh Symphony offers a new interpretation of the Seventh based on a detailed study of Mahler's compositional materials and a close reading of the finished work. With a focus on sketches previously considered as discarded, Stoll Knecht exposes unexpected connections between the Seventh and both the Sixth and *Meistersinger*, confirming that Mahler's compositional project was firmly grounded in a dialogue with works from the past. This referential aspect acts as an important interpretive key to the work, enabling the first thorough analysis of the sketches and drafts for the Seventh and shedding light on its complex compositional history. Considering each movement of the symphony through a double perspective: genetic and analytic, Stoll Knecht demonstrates how sketch studies and analytical approaches can interact with each other. Mahler's Seventh Symphony exposes new facets of Mahler's musical humor and leads us to rethink much debated issues concerning the composer's cultural identity, revealing the Seventh's pivotal role within his output.

Text and Act Richard Taruskin, 1995-09-07 Over the last dozen years the writings of Richard Taruskin have transformed the debate about early music and authenticity. *Text and Act* collects for the first time the most important of Taruskin's essays and reviews from this period, many of which are now classics in the field. Taking a wide-ranging cultural view of the phenomenon, he shows that the movement far from reviving ancient traditions, in fact represents the only truly modern style of performance being offered today. He goes on to contend that the movement is therefore far more valuable and even authentic than the historical verisimilitude for which it ostensibly strives could ever be. These essays cast fresh light on many aspects of contemporary music making and music thinking, mixing lighthearted debunking with impassioned argumentation. Taruskin ranges from theoretical speculation to practical criticism and covers a repertory spanning from Bach to Stravinsky. Including a newly written introduction, *Text and Act* collects the very best of one of our most incisive musical thinkers.

Orchestral Masterpieces Under the Microscope Jonathan Del Mar, 2023 A must-have for any conductor, conducting student, and orchestral librarian. How does a conductor know whether the score they use is what the composer wrote? How do orchestral players know that their parts are reliable and reflect the latest scholarship? As Jonathan Del Mar reminds us in this ground

breaking book editions of the orchestral repertoire are beset by textual problems simple misprints mistakes in the score or player's part or hopelessly outdated scores at odds with current scholarship Driven by a fundamental respect for what the composer actually wrote Jonathan Del Mar addresses these problems through textual reports on over 100 orchestral masterpieces of classical music Each report is introduced with essential guidance and succinct commentary on the first performance and publication of the work Critical editions are compared with commonly used editions and in those cases where no Urtext Edition exists this much needed reference work functions as a replacement for an Urtext Edition Orchestral Masterpieces under the Microscope will be an indispensable reference tool for all who care about performances honouring the correct text that composers have left us It serves as an essential survival guide for conductors and musicians to make informed choices and it offers much needed clarity on the latest scholarship for musicologists and music librarians alike

Stravinsky's Pulcinella Igor Stravinsky, 2010-01-01 This volume contains all of the known musical sources and sketches for Stravinsky's Pulcinella 1919 1920 representing over 250 facsimile pages from the combined holdings of the Paul Sacher Stiftung Basel and the British Library London with invited essays by Lynn Garafola Ulrich Mosch Jeanne Chenault Porter and Richard Taruskin This publication was enhanced by the research of the late Barry Brook and by an appendix of song texts in the Neapolitan dialect by Dale Monson Numerous tables in this publication provide efficient access to the entries on each page of the facsimile according to the source groups sketches sources and sketches in order of the sources and sources and sketches in order of the published edition In her commentary Maureen Carr discusses the genesis of the idea for Pulcinella the sources chosen by Stravinsky and those that he discarded the sketches as well as analytical perspectives on Stravinsky's compositional process for this work In addition to the musical sources and sketches other documents in this volume such as a preliminary outline of the work in the hand of the painter Pablo Picasso Mus e Picasso and a more detailed scenario written out by the choreographer Leonide Massine Basel will help scholars to understand the nature of the collaboration among these luminaries the composer Igor Stravinsky 1882 1971 the Spanish painter Pablo Picasso 1881 1973 the Russian choreographer Leonide Massine 1895 1979 and the Russian impresario Sergei Diaghilev 1872 1929 that resulted in this astonishing dramatic work for dance and song Book URL <https://www.areditions.com/books/MC002.html>

The New Grove Dictionary of Music and Musicians Stanley Sadie, John Tyrrell, 2001 Search the electronic version for articles bibliographies biographies and contributors by word or boolean operators to retrieve text illustrations and sound or view links to related articles and other relevant third party sites Other features include the ability to refine searches to specific subject areas or to click through seamlessly to a cross reference It includes hundreds of selected and classified links to musical sites around the world and a timetable of reviews and updates This site currently contains over 29 499 articles and 20 374 biographies of composers performers and writers of music

Aspects of the Secular Cantata in Late Baroque Italy Michael Talbot, 2017-07-05 As shown by the ever increasing volume of recordings editions and performances of the vast

repertory of secular cantatas for solo voice produced primarily in Italy in the second half of the seventeenth century and the first half of the eighteenth century this long neglected genre has at last come of age However scholarly interest is currently lagging behind musical practice incredibly there has been no general study of the Baroque cantata since Eugen Schmitz's handbook of 1914 and although many academic theses have examined microscopically the cantatas of individual composers there has been little opportunity to view these against the broader canvas of the genre as a whole The contributors in this volume choose aspects of the cantata relevant to their special interests in order to say new things about the works whether historical analytical bibliographical discographical or performance based The prime focus is on Italian born composers working between 1650 and 1750 thus not Handel but the opportunity is also taken in one chapter by Graham Sadler to compare the French cantata tradition with its Italian parent in association with a startling new claim regarding the intended instrumentation Many key figures are considered among them Tomaso Albinoni Giovanni Bononcini Giovanni Legrenzi Benedetto Marcello Alessandro Scarlatti Alessandro Stradella Leonardo Vinci and Antonio Vivaldi The poetic texts of the cantatas all too often treated as being of little intrinsic interest are given their due weight Space is also found for discussions of the history of Baroque solo cantatas on disc and of the realization of the continuo in cantata arias a topic more complex and contentious than may at first be apparent The book aims to stimulate interest in and to win converts to this genre which in its day equalled the instrumental sonata in importance and in which more than a few composers invested a major part of their creativity
