Roads of Excess, Palaces of Wisdom Jeffrey J. Kripal, 2001-12 William Blake once wrote that The road of excess leads to the palace of wisdom Inspired by these poetic terms Jeffrey J Kripal reveals how the works of scholars of mysticism are often rooted in their own mystical experiences roads of excess which can both lead to important insights into these scholars works and point us to our own palaces of wisdom In his new book Kripal addresses the twentieth century study of mysticism as a kind of mystical tradition in its own right with its own unique histories discourses sociological dynamics and rhetorics of secrecy Fluidly combining autobiography and biography with scholarly exploration Kripal takes us on a tour of comparative mystical thought by examining the lives and works of five major historians of mysticism Evelyn Underhill Louis Massignon R C Zaehner Agehananda Bharati and Elliot Wolfson as well as relating his own mystical experiences The result Kripal finds is seven palaces of wisdom the religious power of excess the necessity of distance in the study of mysticism the relationship between the mystical and art the dilemmas of male subjectivity and modern heterosexuality a call for ethical criticism the paradox of the insider outsider problem in the study of religion and the magical power of texts and their interpretation An original and penetrating analysis of modern scholarship and scholars of mysticism Roads of Excess Palaces of Wisdom is also a persuasive demonstration of the way this scholarly activity is itself a mystical phenomenon **De l'écriture mystique au féminin** Geneviève James, 2005 Ce collectif propose une approche multidisciplinaire de la mystique des femmes Le mot mystique est entendre ici dans son sens littéral de pratique mystique d'ovation intuitive et intense Les auteurs tentent d'expliquer par une critique plurielle de leurs critiques la créativité mystique et littéraire de femmes mystiques chrétiennes de diverses lettrées en quête de mysticisme chrétien ou bouddhiste et de femmes accusées de sorcellerie ou d'heresies **The Centrality of Religion in Social Life** Eileen Barker, 2021-11-18 James A Beckford's work is internationally acclaimed not

only in the sociology of religion but also in other fields of the social sciences Beckford has long been arguing that the barriers that have grown up between the different sub disciplines should be broken down with those specialising in religion becoming more cognisant of new theoretical developments and sociologists in general becoming more aware of the significance of developments in the religious scene This book is a collection of essays written in Beckford s honour drawing on a number of religious themes that have been central to Beckford s interests whilst also offering a significant contribution to our understanding of the wider society A central theme is modernity and its relation to the post modern and how religion affects and is affected by the dynamics of contemporary society with the primary focus of many of the chapters being a concern with how society copes with the minority religions that have become visible with the globalising tendencies of contemporary society The contributors who come from America Asia and various parts of Europe are all internationally renowned scholars Beckford s most important publications are listed in an Appendix and the volume opens with a short account of his contribution to sociology by Eileen Barker the editor and James T Richardson

Therese of Lisieux Thomas R. Nevin,2006-10-12

Therese of Lisieux 1873 1897 also known as St Therese of the Child Jesus and the Holy Face is popularly named the Little Flower A Carmelite nun doctor of the church and patron of a score of causes she was famously acclaimed by Pope Pius X as the greatest saint of modern times Th r se is not only one of the most beloved saints of the Catholic Church but perhaps the most revered woman of the modern age Pope John Paul II described her as a living icon of God Her autobiography Story of a Soul has been translated into sixty languages Having long transcended national and linguistic boundaries she has crossed even religious ones As daughter of Allah she is venerated widely in Islamic cultures Therese has been the subject of innumerable biographies and treatises ranging from hagiographies to attacks on her intelligence and mental health Thomas R Nevin has gained access to many untapped archival materials and previously unpublished photographs As a consequence he is able to offer a much fuller and more accurate portrait of the saints life and thought than his predecessors He explores the dynamics of her family life and the early development of her spirituality He draws extensively on the correspondence of her mother and documents her influence on Th r ses autobiography and spirituality He charts the development of Therese s career as a

writer He gives close attention to her poetry and plays usually dismissed as undistinguished and argues that they have great value as texts by which she addressed and informed her Carmelite community He delves into the French medical literature of the time in an effort to understand how the tuberculosis of which she died at the age of 24 was treated and lamentably mistreated Finally he offers a new understanding of Thérèse as a theologian for whom love rather than doctrines and creeds was the paramount value Adding substantially to our knowledge and appreciation of this immensely popular and attractive figure this book should appeal to many general readers as well as to scholars and students of modern Catholic history

Leonard Cohen Christophe Lebold, 2024-09-05 Leonard Cohen has aimed high to be all Jewish heroes at once Like Jacob he struggled with angels Like David he sang psalms and seduced women But he never ceased doing what he did best going from city to city and reviving our hearts Leonard Cohen The Man Who Saw the Angels Fall follows the singer's cosmopolitan life from Montreal and New York to the Greek island of Hydra and examines his perpetual dialogues with himself God and avalanches We see how six decades of radiant pessimism and a few thousand nights in hotel rooms transformed a young Jewish poet who longed to be a saint into an existentialist troubadour in love with women and a gravelly voiced crooner who taught a thousand ways of dissolving into love After more than two decades of research and travels Christophe Lebold who befriended the poet and spent time with him in Los Angeles delivers a stimulating analysis of Cohen's life and art Gracefully blending biography and essay he interrogates the mission Cohen set out for himself to show us that darkness is just the flip side of light

The Mystery and the World Maria Clara Bingemer, 2016-05-10 During the past century an enormous effervescence of events changed the sociopolitical configuration of the world. The interpretation of these facts helped further deepen the crisis in which modern thought already found itself and it generated the uncertain and unstable environment in which we live today. The so called postmodernity late modernity or hypermodernity. In this context one of the most profound impacts is most certainly the one on religion. During the twentieth century religion proved not to be banished from the human horizon as the masters of suspicion intended. Known as the godless century the twentieth century saw also a resuscitation of the search for the sense of life and spirituality. With the crisis of modern reason humankind turned toward consumerism and provisional and light practices. The last century represents not only the height of the postmodernization process but also the rescue of the transcendent and absolute even if it is an absolute without face and identity. It is in this scenario that religious experiences apparently exiled by modern rationality begin to occur and multiply again. Mystical experiences will be then the basis for highlighting recurrent characteristics with universal import. But they will show a different configuration than before. One will be able to find them not in so called sacred spaces but in very secular ones not so much within institutions but at the borders or even outside them not configured by a specific tradition but in an interface that makes more than one tradition meet and dialogue.

Dieu est dans l'instant Jean-Pierre Jossua, 2009-09-01 J ai publi en 2006 chez Arfuyen un petit volume crit entre 2003 et 2005 et intitul Carnets du veilleur qui a re u un bon accueil. Il s agissait de notations br ves li es une motion une r flexion spirituelle ou th ologique un v nement. Le caract re dominant tait celui d une attente qu est ce qui peut advenir. Comment Dieu vient il nous et d une attention l avenir en train de se produire. Dans les ann es suivantes j ai continu crire de petits textes la fois semblables aux pr c dents et diff rents un peu plus longs un peu plus r flexifs un peu plus attentifs l instant pr sent. Je les avais d abord intitul s Proses sur le seuil car l attention ou la veille et le seuil ou la fronti re sont les figures majeures de tout rapport l inconnu ce qui est myst rieux. Il s agit donc de l irr sistible besoin qui nous anime de parcourir la vari t des paysages qui forment notre pays des d fis que la vitesse croissante autorise des mille emb ches contre lesquelles des g n rations de voyageurs vont s acharner pour conqurir la s curit routi re des tapes et des relais qui jalonnent les itin raires des efforts des ing nieurs pour concevoir la route id ale et le v hicule parfait jusqu nos modernes autoroutes. **La mystique d mystifi e** Fabrice Bl e, 2011-03-22T00:00:00-04:00 Nombreux sont ceux et celles que ce silence attire et qui souvent par la force des choses se tournent vers d autres spiritualit s pour l incarner dans
