Lawrence, 2022-01-27 Between the early years of primary school and Sunday school I learnt about Noah and the ark David and Goliath Zacchaeus on the sycamore tree etc These stories I have kept with me in my memory helping to shape my adult years The knowledge I have of these stories is a benefit of the theology behind them taking them out of the realm of the myth and works of fiction This book sets before the enquirer deeper meanings of themes of the bible such as grace To contemplate other meaning to God's unmerited favor and blessings This book is not to be read as an academic work nor as a pulpit but as a tool to turn a light on and to press the reader to enquire into study and understanding of scripture To help the reader find the truth to refine and define four bible themes grace faith wisdom and blessing as they are presented in the book ER Lawrence

*Fabricating Lureland* Julia Winckler, 2021-12-06 Through the analysis of surviving archival traces this book constructs a history of the imagination and memory of the town of Peacehaven Built as a speculative development atop iconic chalk cliffs on the Sussex Coast and marketed as a garden city by the sea the estate quickly attracted adverse publicity Influential voices such as the Bloomsbury group's Virginia and Leonard Woolf architect and writer Clough Williams Ellis and the Campaign for the Protection of Rural England soon began to criticise it as a blot on the rolling pastoral downland Instead of reading and appraising Peacehaven's story in a polarized way this book breaks new ground by critically interpreting visual representations and commissioned photographs of the Estate and re-evaluating propositions from its inception which aspired to secure improved public health and home ownership in direct response to the negative impact of industrialization and WWI Focusing on the interwar period and tracing mutating agendas the book investigates contested marketing and construction narratives through Histoire Crois e methodology and its intercrossings with memory and the imagination By combining visual and creative research methods with oral history multi-layered narratives of place come into focus The study tracks the visual programme of the developer's in-house magazine Peacehaven Post alongside previously underexplored blueprints photographs postcards and promotional guidebooks and considers the garden city narrative as a form of social Utopia Garden city ideals are once again evoked in debates as a potential solution to the ongoing national housing shortage giving

this research additional urgency as new large scale redevelopment erases many of the few and fast disappearing original landmarks
