*The Seven Basic Plots* Christopher Booker, 2004-01-01 This volume provides an analysis of stories plot structures and their psychological meanings attempting to distill all of storytelling down to a few archetypes Drawing on a vast array of examples from Proust to detective stories from the Marquis de Sade to E T the author leads readers through the changes in the nature of storytelling over the past 200 years and why so many stories have lost the plot by losing touch with their underlying archetypal purpose He analyzes why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind s psychological development over the past 5000 years **The Seven**

**Basic Plots** ,2006 *The Seven Basic Plots* Christopher Booker, 2005-11-11 This remarkable and monumental book at last provides a comprehensive answer to the age old riddle of whether there are only a small number of basic stories in the world Using a wealth of examples from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today it shows that there are seven archetypal themes which recur throughout every kind of storytelling But this is only the prelude to an investigation into how and why we are programmed to imagine stories in these ways and how they relate to the inmost patterns of human psychology Drawing on a vast array of examples from Proust to detective stories from the Marquis de Sade to E T Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years and why so many stories have lost the plot by losing touch with their underlying archetypal purpose Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind s psychological development over the past 5000 years This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives and will be a talking point for years to come **How To Tell Your Personal Story: The Essential Guide To Memorable Storytelling** Obehi

The Problem of Jesus Mark Clark,2021-02-23 The modern world portrays Jesus in many ways for many reasons Some are well intentioned but misguided others are aberrations still others have some but not all the essential keys In order to see and understand the real Jesus and what the Gospels say about him we have to see him in his first century context and work out from there Here is a portrait of Jesus that in some ways will affirm what traditional Christianity has always understood about him and in other ways upend it altogether Award winning author Mark Clark delves into the person and work of Jesus of Nazareth his parables and miracles his controversial challenge of discipleship and obedience his seemingly insane claim to be God and what his death and resurrection if they did happen actually mean Mark is unafraid to tackle questions such as What would first century Jews have immediately recognized about Jesus that modern Christians often miss What do the Gospels accomplish and can we trust them Is there a problem with science and Jesus miracles What are the barriers stopping people from following him And what is Christianity in light of an accurate portrayal of the object of its faith *The Problem of Jesus* engages with ideas from all realms of study from Malcolm Gladwell and Jordan Peterson to historians scientists and philosophers from N T Wright to C S Lewis from Star Wars to Pretty Woman all unite to form a breathtaking and accurate portrait of Jesus the man the message and the mission who forever altered the course of human history As a former atheist I would call this book philosophical dynamite *The Problem of Jesus* will take your thinking about Jesus and your relationship
