**Seven Days of Freedom** Noel Barber, 1974      **Seven Days of Freedom** Noël Barber, 1978      *Seven Days of Freedom* Noel Barber, 1974      **Covert Network** Eric Thomas Chester, 2016-09-16 This book tells the story of the International Rescue Committee IRC the largest nonsectarian refugee relief agency in the world Founded in the 1930s by socialist militants the IRC attracted the support of renowned progressives such as Eleanor Roosevelt Norman Thomas and Reinhold Niebuhr But by the 1950s it had been absorbed into the American foreign policy establishment Throughout the Cold War the IRC was deeply involved in the volatile confrontations between the two superpowers and participated in an array of sensitive clandestine operations The IRC thus evolved from a small organization of committed activists to a global operation functioning as one link in the CIA's covert network      The Cold War Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material      *Broadcasting Freedom* Arch Puddington, 2021-05-11 Among America's most unusual and successful weapons during the Cold War were Radio Free Europe and Radio Liberty RFE RL had its origins in a post war America brimming with confidence and secure in its power Unlike the Voice of America which conveyed a distinctly American perspective on global events RFE RL served as surrogate home radio services and a vital alternative to the controlled party dominated domestic press in Eastern Europe Over twenty stations featured programming tailored to individual countries They reached millions of listeners ranging from industrial workers to dissident leaders such as Lech Walesa and Vaclav Havel Broadcasting Freedom draws on rare archival material and offers a penetrating insider history of the radios that helped change the face of Europe Arch Puddington reveals new information about the connections between RFE RL and the CIA which provided covert funding for the stations during the critical start up years in the early 1950s He relates in detail the efforts of Soviet and Eastern Bloc officials to thwart the stations their tactics ranged from jamming attempts assassinations of

radio journalists the infiltration of spies onto the radios staffs and the bombing of the radios headquarters Puddington addresses the controversies that engulfed the stations throughout the Cold War most notably RFE broadcasts during the Hungarian Revolution that were described as inflammatory and irresponsible He shows how RFE prevented the Communist authorities from establishing a monopoly on the dissemination of information in Poland and describes the crucial roles played by the stations as the Berlin Wall came down and the Soviet Union broke apart Broadcasting Freedom is also a portrait of the Cold War in America Puddington offers insights into the strategic thinking of the RFE RL leadership and those in the highest circles of American government including CIA directors secretaries of state and even presidents **Hungarian Rhapsodies**

Richard Teleky,2011-11-01 Like the renowned American writer Edmund Wilson who began to learn Hungarian at the age of 65 Richard Teleky started his study of that difficult language as an adult Unlike Wilson he is a third generation Hungarian American with a strong desire to understand how his ethnic background has affected the course of his life Exploring my ethnicity he writes became a way of exploring the arbitrary nature of my own life It was not so much a search for roots as for a way of understanding rootlessness how I stacked up against another way of being He writes with clarity perception and humor about a subject of importance to many Americans reconciling their contemporary identity with a heritage from another country From an examination of photographer Andre Kertesz to a visit to a Hungarian American church in Cleveland from a consideration of stereotypical treatment of Hungarians in North American fiction and film to a description of the process of translating Hungarian poetry into English Teleky s interests are wide ranging he concludes with an account of his first visit to Hungary at the end of Soviet rule 1946-1962 Heinz-Dietrich Fischer,2020-01-20 No detailed description available for 1946 1962 **From Darkness into Light** Robert Ratonyi,2020-09-24 The main title of the book From

Darkness into Light is a metaphor referring to the most important life altering event in the author s life from a totalitarian dictatorship to living in the free world The subtitle reflects his eyewitness account of events and experiences captured in five stories in chronological order from his birth in 1938 in Budapest Hungary to when he is in the United States as twenty six years old as a married man with a child a graduate of the Massachusetts Institute of Technology MIT the world s premier science and engineering institution and ready to embark on living the American dream Robert Ratonyi spent the first seven years of his life in an openly anti Semitic country suffering the loss of his father and many of his close relatives uncles aunts and cousins in the Holocaust He then spent his adolescent years under the hard core Stalinist communist dictatorship He was brought up by a single mother a Holocaust survivor in a working class neighborhood According to contemporary American definition the family lived in poverty barely making it from paycheck to paycheck his uneducated and unskilled mother could provide as a manual laborer As a freshman at the Technical University of Budapest he participated in a peaceful student march on October 23 1956 that turned into a bloody uprising against the regime He was caught up in the uprising hoping that Hungary could break free out of the iron curtain that separated the east from the west When the

Russians put down the revolution he managed to escape to Austria on December 6 1956 with no money or other earthly possessions leaving behind his mother family and friends He was single mindedly focused on finding a new free country where he could continue his university education He went to the American Embassy in Vienna to apply for immigrating to the US but was told that the quota for Hungarian refugees was filled The Canadians were actively seeking students who wanted to continue their education and Robert Ratonyi ended up in Montr al Canada in February 1957 The last story ends when Robert Ratonyi succeeds in finishing his education at the Massachusetts Institute of Technology in 1964 This story demonstrates how an immigrant can become a contributor to society by taking risks being willing to work hard delaying gratification learning English and getting a good education He is now semiretired as a portfolio manager and is a regular speaker on behalf of the William Breman Jewish Heritage Holocaust Museum and the Georgia Commission on the Holocaust He and his wife live in Atlanta and are fervent supporters of the arts education as well as local Jewish organizations **The**

book is indexed by author and subject      **The Cultural Politics of the German Democratic Republic** G. Ann Stamp Miller, 2004 This book deals with the intricate connection between the political structure of the East German government and cultural politics Specifically it focuses on the relationship between the government agencies and three authors It explores the difficulties the writers encountered in the 1960s with the government of East Germany and how their works did or did not conform to the cultural policy established by the GDR regime in 1951 The government believed that it was imperative for authors and artists to adhere to the literary policy of social realism prescribed by the East German Ministry of Culture An author's works were expected to conform to the political ideology of Marxism The Ministry of Culture expected writers to depict the society through the glorification of Marxism The East German cultural functionaries evaluated a piece of literature more for the author's devotion to the political doctrine than the aesthetic quality of the work If works did not conform the government agencies such as the Ministry of Culture could apply pressure to the authors in many forms censorship silencing fines prosecution surveillance and for extreme cases expatriation This study assesses three prominent writers of the former East Germany Wolf Biermann a lyricist Christa Wolf a novelist and Heiner Müller a dramatist The analysis is based on the political content of the authors' works and how the West German and East German critics evaluated them Government documents from German State Archives revealed the sensitive nature of the political and writer conferences of the GDR The study analyzes how the writers' interpretation of socialism increasingly deviated from that of the East German regime Over time the writers chose to express themselves in a different manner and thus encountered problems and conflicts with the Ministry of Culture      *Political History and Culture of Russia*, 1998 Scholarly articles dealing with political events in Russia up to 1991      **The Encyclopedia of the Cold War** Spencer C.
