lofty ambitions Soon armed with an MBA and a wry sense of humor she climbed the corporate ladder to great success but after the 2009 economic meltdown her career went into a tailspin She searched for a new purpose and settled on an unlikely goal climbing Mount Everest When her first attempt ended in disaster she trudged home humbled but wiser Two years later she made it to the top of the world And then she kept going Grounded by a cadre of wise cracking friends and an inimitable British spouse Vanessa held her own in the intensely competitive world of mountaineering summiting the highest peak on every continent and skiing the last degree to the North and South Poles She set new speed records for the Seven Summits receiving a Guinness World Record and the Explorers Grand Slam and finally made peace with her traumatic past During her attempt on K2 she very nearly gave up But on the savage mountain which kills one out of every four climbers who summit Vanessa evolved from an adventurer out to challenge herself to an explorer with a high altitude perspective on a changing world and a new call to share her knowledge and passion across the globe Told with heart and humor To the Greatest Heights is a vicariously engaging addition to the literature on mountaineering as well as a beacon of inspiration Kirkus Reviews starred review *Cairns* David B. Adams Carter, **Search and Rescue Alaska** Tracy Salcedo,2020-02-24 In a place as vast and extreme as Alaska no one takes safety for granted Whether adventurer or homesteader tourist or native people look out for themselves and for each other But sometimes it just goes bad and no amount of resourcefulness or resiliency can make it right That s when search and rescue teams kick into gear launching operations by air and by land that have generated amazing tales of heroism tenacity and human kindness Some of those stories have been gathered in Search and Rescue Alaska including Rescues on Denali North America s highest peak from the

mountain's first search and rescue in 1932 to a rescue in 2017 that highlights the utility of modern equipment and decades of SAR experience. A World War II search and rescue that ended with a remarkable recovery more than half a century later. Rescues during the Good Friday quake of 1964. The rescue of mountaineering students and their instructors in the Chugach Range. The rescue and recovery of Klondike bound gold seekers caught in an avalanche on the infamous Chilkoot Trail. These stories and others in this compilation of essays will kindle a new appreciation for the skilled and selfless pilots, troopers, military personnel and rangers on call for search and rescue in Alaska. **Honouring High Places** Junko Tabei, 2017-11-07

A collection of personal stories and reflections based on the memoirs of Junko Tabei, the first woman to climb Mount Everest and the Seven Summits. **Honouring High Places** is a compelling collection of highlights from Junko Tabei's stirring life that she considered important, inspiring and interesting to mountaineering culture. Until now, her works have been available only in Japanese and RMB is honoured to be sharing these profound and moving stories with the English speaking world for the first time. The collection opens on Mount Everest where the first all-women's expedition is met with disaster but pushes on against all odds. The story then shifts to the early years of Tabei's life and reflects on her countryside childhood as a frail girl with no talent for sport and cultural expectations that ignored her passion for mountains. With reminiscences of the early days of female climbers on Everest, the deaths of fellow mountaineers, Tabei's pursuit of Mount Tomur, a cancer diagnosis and efforts to restore a love for nature in the surviving youth of the Fukushima earthquake and tsunami that hit Japan in 2011, this beautifully curated collection of essays captures the essence of a notable time and the strength of character of one of the 20th and 21st centuries' female mountaineering pioneers.
