The Working Man's Reward Elaine Lewinnek, 2014-04-03 Between the 1860s and 1920s Chicago s working class immigrants designed the American dream of home ownership They imagined homes as small

businesses homes that were simultaneously a consumer oriented respite from work and a productive space that workers hoped to control Stretching out of town along with Chicago s assembly line factories Chicago s early suburbs were remarkably socially and economically diverse They were marketed by real estate developers and urban boosters with the elusive promise that homeownership might offer some bulwark against the vicissitudes of industrial capitalism that homes might be better than a bank for a poor man and the working man s reward This promise evolved into what Lewinnek terms the mortgages of whiteness the hope that property values might increase if that property could be kept white Suburbs also developed through nineteenth century notions of the gendered respectability of domesticity early ideas about city planning and land economics and an evolving twentieth century discourse about the racial attributes of property values Looking at the persistent challenges of racial difference economic inequality and private property ownership that were present in urban design and planning from the start Lewinnek argues that white Americans attachment to property and community were not simply reactions to post 1945 Civil Rights Movement and federally enforced integration policies Rather Chicago s mostly immigrant working class bought homes seeking an elusive respectability and class mobility and trying to protect their property values against what they perceived as African American threats which eventually flared in violent racial conflict The Working Man s Reward examines the roots of America s suburbanization in the late nineteenth and early twentieth centuries showing how Chicagoans helped form America s urban sprawl

Discover the God inspired difference only you can make in the world using the key you never knew you had Tim Tebow credits his mom with being the key to his success but Pam never expected that she would be known on a national stage For most of her life she was serving quietly and faithfully as a wife and a mom choosing life for her child in the face of medical risks answering the Lord s call to mission work in the Philippines and homeschooling before anyone knew what the word meant But all along the way her experiences and her consistent everyday choices to follow the Lord and to serve wherever He placed her were creating unexpected ripples of influence throughout her family her community and her world And they would end up extending far beyond anything she ever imagined Pam believes that every one of us can be influential and that deep within a woman s heart is the desire to use her influence for good In *Ripple Effects* Pam uncovers and explores the miraculous motivating power of influence we can have on this generation and the next no matter where we are planted in life Whether we are in the midst of endless diaper changes climbing up the corporate ladder or simply doing our best to live love and serve well each day Pam will encourage us to maximize our God given opportunities for influence and watch how far the ripples will spread
