Severe Learning Disabilities And Challenging Behaviours Designing High Quality Services:

Severe Learning Disabilities and Challenging Behaviours Eric Emerson, Peter McGill, Jim Mansell, 2013-11-11 This is a timely book The question of how to help people with challenging behaviour and how to design and manage services so that staff families and users feel that what should be done is being done is at the top of the agenda Failure to deal competently with the issue results in disaffection poor quality services and a less than optimal quality of life for service users Moreover the credibility of services for all people with learning disabilities is intimately connected with how we cope with challenging behaviour a point made recently by a Department of Health Working Group chaired by Jim Mansell Department of Health 1993 The book is welcome because it draws together what is known about the important questions from a British perspective although of course most of the underlying issues have world wide relevance The contributors while all having a good deal of experience and authority do not put forward simple portrayals of the problems nor glib solutions and this is one of the book's major strengths Clarity in the field of challenging behaviour is sometimes elusive What is presented here forces the reader to confront arguments in a rational and logical fashion

Interaction in Action Dave Hewett, Melanie Nind, 2013-10-28 First Published in 1998 The authors aim in editing Interaction in Action is to follow up on

the thinking and practical guidance contained in their previous work on Intensive Interaction They hope to illustrate that Intensive Interaction is not just something that goes on in hospital schools Here we see the approach used not only by teachers but also by speech therapists occupational therapists social workers psychologists and parents We see the approach used in people's homes as well as in education and day centres The contributors have been asked to share their insights the way they think about Intensive Interaction as well as the way that they do it This means that the chapters contain both reflective analysis and vivid description The contributions illustrate how Intensive Interaction has grown and developed as an educational approach and as a way of being with people and they illustrate the impact on all those involved
