Eryn-Faye Frans,2012-12-11 The Essential Elements of Sex provides you with the building blocks you need for the sex life you have always hoped for and dreamed about in your marriage We are facing an epidemic of divorce in the church and the dirty little secret is that these marriages are falling apart because we as Christians are woefully unprepared for the most taboo aspect of our relationshipsex The Essential Elements of Sex outlines information crucial to the foundation of sexual intimacy and describes the nine essential elements necessary to build a strong sustainable partnership Eryn Faye Frans combines the authoritative research of some of the most renowned experts in the field with her own experience coaching thousands of individuals and couples across North America In The Essential Elements of Sex she provides a biblically based scientifically established understanding of the issues men and women face in the bedroom She debunks myths about sexual intimacy provides answers to commonly asked questions offers tips and how tos and suggests practical exercises that can improve communication intimacy and appreciation for each other *Islam, Women's Sexuality and Patriarchy in Indonesia*

Irma Riyani,2020-11-26 This book explores the intimate marital relationships of Indonesian Muslim married women As well as describing and analysing their sexual relationships the book also investigates how Islam influences discourses of sexuality in Indonesia and in particular how Islamic teachings affect Muslim married women s perceptions and behaviour in their sexual relationships with their husbands Based on extensive original research the book reveals that Muslim women perceive marriage as a social cultural and religious obligation that they need to fulfil that they realise that finding an ideal marriage partner is complicated with some having the opportunity for a long courtship and others barely knowing their partner prior to marriage and that there is a strong tendency with some exceptions for women to consider a sexual relationship in marriage as their duty and their husband s right Religious and cultural discourses justify and support this view and consider refusal a sin dosa or taboo pamali Both discourses emphasise obedience towards husbands in marriage **The Kinsey**
