Neurobiology and Couple Therapy (Norton Series on Interpersonal Neurobiology) Mona DeKoven

Fishbane,2013-09-30 Facilitating change in couple therapy by understanding how the brain works to maintain and break old habits Human brains and behavior are shaped by genetic predispositions and early experience But we are not doomed by our genes or our past Neuroscientific discoveries of the last decade have provided an optimistic and revolutionary view of adult brain function People can change This revelation about neuroplasticity offers hope to therapists and to couples seeking to improve their relationship Loving With the Brain in Mind explores ways to help couples become proactive in revitalizing their relationship It offers an in depth understanding of the heartbreaking dynamics in unhappy couples and the healthy dynamics of couples who are flourishing Sharing her extensive clinical experience and an integrative perspective informed by neuroscience and relationship science Mona Fishbane gives us insight into the neurobiology underlying couples dances of reactivity Readers will learn how partners become reactive and emotionally dysregulated with each other and what is going

on in their brains when they do Clear and compelling discussions are included of the neurobiology of empathy and how empathy and selfregulation can be learned Understanding neurobiology explains Fishbane can transform your clinical practice with couples and help you hone effective therapeutic interventions This book aims to empower therapists and the couples they treat as they work to change interpersonal dynamics that drive them apart Understanding how the brain works can inform the therapist s theory of relationships development and change And therapists can offer clients neuroeducation about their own reactivity and relationship distress and their potential for personal and relational growth A gifted clinician and a particularly talented neuroscience writer Dr Fishbane presents complex material in an understandable and engaging manner By anchoring her work in clinical cases she never loses sight of the people behind the science **The Case for**

Marriage Linda Waite,Maggie Gallagher,2001-10-09 A groundbreaking look at marriage one of the most basic and universal of all human institutions which reveals the emotional physical economic and sexual benefits that marriage brings to individuals and society as a whole The Case for Marriage is a critically important intervention in the national debate about the future of family Based on the authoritative research of family sociologist Linda J Waite journalist Maggie Gallagher and a number of other scholars this book s findings dramatically contradict the anti marriage myths that have become the common sense of most Americans Today a broad consensus holds that marriage is a bad deal for women that divorce is better for children when parents are unhappy and that marriage is essentially a private choice not a public institution Waite and Gallagher flatly contradict these assumptions arguing instead that by a broad range of indices marriage is actually better for you than being single or divorced physically materially and spiritually They contend that married people live longer have better health earn more money accumulate more wealth feel more fulfillment in their lives enjoy more satisfying sexual relationships and have happier and more successful children than those who remain single cohabit or get divorced The Case for Marriage combines clearheaded analysis penetrating cultural criticism and practical advice for strengthening the institution of marriage and provides clear essential guidelines for reestablishing marriage as the foundation for a healthy and happy society A compelling defense of a sacred union The Case for Marriage is well written and well argued empirically rigorous and learned practical and commonsensical William J Bennett author of The Book of Virtues Makes the absolutely critical point that marriage has been misrepresented and misunderstood The Wall Street Journal www.broadwaybooks.com

Sex, Love, and Families Julie Hanlon Rubio,Jason Edward King,2020-03-30 2021 Association of Catholic Publishers first place award in theology 2021 Catholic Media Association Award first place award in marriage and family living Six years into the papacy of Pope Francis Catholics are still figuring out how to respond to his image of the church as a field hospital a church that goes into the streets rather than remaining locked up behind closed doors Marriage and family are primary sites of the field hospital called to meet people s need for healing and accompaniment with compassion and love The authors of this collection all lay a mix of single and married traditional and progressive Catholics take up this work They offer practical

wisdom from and critical engagement with the Catholic tradition but avoid rehashing decades old theological debates Instead their essays engage with and respond to realities shaping contemporary family life like religious pluralism technology migration racism sex and gender incarceration consumerism and the call to holiness The result is a collection that envisions ways that families can be places of healing and love in and for the world

Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Sex Sex And More Sex books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Sex Sex And More Sex books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT

OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Sex Sex And More Sex books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Sex Sex And More Sex books and manuals for download and embark on your journey of knowledge?
