Sexual Murder Louis B. Schlesinger, 2021-03-22 Sexual Murder Catathymic and Compulsive Homicides is the culmination of the author's 45 years of experience with and studying sexually motivated homicide Sexual murders are generally of two types catathymic and compulsive Catathymic homicides are caused by a breakthrough of underlying sexual conflicts They can be unplanned explosive acute attacks or planned murders stemming from a chronic obsession with or disturbed attachment to the victim In compulsive homicides a fusion of sex and aggression results in a powerful internal drive which pushes the offender to seek out victims to kill and the killing itself is sexually gratifying These murders also may be planned or unplanned In compulsive homicides that are unplanned the urge breaks through and disrupts the offender's controls when a victim of opportunity crosses his path The compulsive offender who plans his crimes often eludes law enforcement and as a result he can have multiple serial victims over extended periods of time Both forms of sexual murder the catathymic and the compulsive are presented in this volume from a clinical descriptive perspective encompassing case studies with analysis Recent advances in empirical research in sexual murder including findings from the joint research project between John Jay College of Criminal Justice and the FBI Behavioral Analysis Unit in Quantico has published many important studies These include such topics as necrophilia foreign object insertions in sexual homicide ritual and signature and temporal patterns in serial sexual homicide mass murder crime scene staging in homicide and undoing symbolic reversal at homicide scenes All such research will be included and incorporated into this fully updated Second Edition including approximately fifty new clinical case studies *The Sex Slave Murders 2* R. The Sex Slave Murders R. Barri Flowers,1995 **The Sex Slave Murders of Sacramento** Ana Benson,2017-07-11 Sacramento California has seen a fair share of gruesome crimes during the 1970s and 1980s That city was the hunting ground of the Original Night Stalker who is still unidentified until this day Richard Chase was also active in the area and he

was nicknamed the Vampire of Sacramento due to the uncommon ritual which included drinking the blood of his victims So when Gerald Gallego and his partner in crime Charlene Gallego embarked on their rampage of kidnapping and killing young teenagers they were just a couple of many depraved criminals who were on the search for the next target around the capital of California What made Gallego so terrifying was the fact that he had an accomplice who lured in the teenagers he had selected and the way he committed the killings by having a complete control over them The Gallego case once again sparked the debate about what makes a serial killer and are some people more prone to violence than the others due to their genetics
