Americans Klein places these various attacks on our rights in historical context explains how the money and political power are coordinated from the same sources and shows how the Religious Right inflames Americans anxiety about sexuality even as it proposes repressive schemes to reduce that anxiety This book tackles a sensitive and volatile topic head on addressing how the political social historical religious and emotional issues surrounding public policy interfaces with sexuality as no other work has before Queering Disasters, Climate Change and Humanitarian Crises Dale Dominey-Howes,Ashleigh Rushton,William Leonard,Marcilyn Cianfarani,Lisa Overton,Haorui Wu,2025-07-31 This book marks a significant contribution to the development of queer disaster studies exploring how disaster related experiences and needs of sexual and gender diverse LGBTIQ people manifest and differ across national cultural and regional boundaries from the Global North and South from culturally diverse communities drawing together researchers and professionals working in government non government agencies emergency management community and humanitarian organisations Uniquely it contains contributions from sexual and gender diverse people with lived experience of disasters climate change and humanitarian crises and people who have been subject to heterosexist discrimination in disaster relief and recovery related services as employees and volunteers A crucial overdue contribution to achieving the United Nations Sustainable Development Goals 5 Gender Equality this book identifies areas to further the development of just and equitable disaster climate change and humanitarian crises policy programs and services that include and address the needs of sexual and gender diverse people *Sexual Abuse* Ersi Kalfoglou,Sotirios Kalfoglou,2022-05-25 Sexual assaults are special crimes that require an inter multidisciplinary approach This book brings together the work of distinguished scientists on sex crimes and their prevention It is organized into two sections on the behavioral aspects of sexual abuse assault and the methods of responding to these types of cases Chapters address such topics as child abuse dating violence in the online era marital rape and much more **Disasters, Accidents, and Crises in American History** Ballard C. Campbell,2008 Presents a chronologically arranged reference to catastrophic events in American history including natural disasters economic depressions riots murders and terrorist attacks **Sex and Religion** Dag Ølstein Endsjø,2012-01-01 Sex and religion are inevitably and intricately linked There are few realms of human experience other than sex in which religion has greater reach and influence The role of religion of any faith to prohibit regulate condemn and reward is unavoidably prominent in questions of sex namely with whom when how and why In Sex and Religion Dag Ølstein Endsjø examines the myriad and complex religious attitudes towards sex in cultures throughout the world Endsjø reflects on some of the most significantly problematic areas in the relationship between sex and religion from sex before or outside of marriage to homosexuality Through many examples from world religions he outlines what people mean by sex in a religious context with whom it is permissible to have sex how sex can be a directly religious experience and what consequences there are for deviance for both the individual and society As Endsjø explains while Buddhist monks call attention to gay sex as a holy mystery the Christian church questions a homosexual's place in the church Some religions may

believe that promiscuity leads to hurricanes and nuclear war and in others God condemns interracial marriage Sex and Religion reveals there is nothing natural or self evident about the ways in which various religions prescribe or proscribe and bless or condemn different types of sexuality Whether sex becomes sacred or abhorrent depends entirely on how a religion defines it Sex and Religion is a fascinating investigation of mores meanings rituals and rules in many faiths around the globe and will be of interest to anyone curious about the intersection of these fundamental aspects of human history and experience A Clinician's Guide to Systemic Sex Therapy Nancy Gambescia, Gerald R. Gender-Based Violence and Layered Disasters Nahid Rezwana, Rachel Pain, 2022-12-30 This book investigates the widespread and persistent relationship between disasters and gender based violence drawing on new research with victim survivors to show how the two forms of harm constitute layered disasters in particular places intensifying and reproducing one another The evidence is now overwhelming that disasters and gender based violence are closely connected not just in moments of crisis but in the years that follow as the social economic and environmental impacts of disasters play out This book addresses two key gaps in research First it examines what causes the relationship between disasters and gender based violence to be so widespread and so enduring Second it highlights victim survivors own accounts of gender based violence and disasters It does so by presenting findings from original research on cyclones and flooding in Bangladesh and the UK and a review of global evidence on the Covid 19 pandemic Drawing on feminist theories it conceptualises the coincidence of gender based violence disasters and other aggravating factors in particular places as layered disasters Taking an intersectional approach that emphasises the connections between culture place patriarchy racism poverty settler colonialism environmental degradation and climate change the authors show the significance of gender based violence in creating vulnerability to future disasters Forefronting victim survivors experiences and understandings the book explores the important role of trauma and how those affected go about the process of survival and

recovery Understanding disasters as layered casts light on why tackling gender based violence must be a key priority in disaster planning management and recovery The book concludes by exploring critiques of existing formal responses which often ignore or underplay gender based violence The book will be of interest to all those interested in understanding the causes and impacts of disasters as well as scholars and researchers of gender and gender based violence [The Philosophy of Sex](#) Raja Halwani, Jacob M.
