Urban,2006-10-04 Sexuality and the occult arts have long been associated in the western imagination but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic the use of sex as a source of magical power emerged This book the first history of western sexual magic as a modern spiritual tradition places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph Aleister Crowley Julius Evola Gerald Gardner and Anton LaVey Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet **The Encyclopedia of Jewish Myth, Magic and Mysticism** Geoffrey W. Perspective Christine Hoff Kraemer, 2013-10-23 Within the past twenty years contemporary Pagan leaders progressive Christian and Goddess theologians advocates for queer and BDSM communities and therapeutic bodyworkers have all begun to speak forcefully about the sacredness of the body and of touch Many assert that the erotic is a divinely transformative force both for personal development and for social change Although the erotic includes sexuality it is not limited to it access to connected nonsexual touch is as profound a need as that for sexual freedom and health In this book Christine Hoff Kraemer brings together an academic background in religious studies and theology with lived experience as a professional bodyworker and contemporary Pagan practitioner Arguing that the erotic is a powerful moral force that can ground a system of ethics Kraemer integrates approaches from queer theology therapeutic bodywork and sexual minority advocacy into a contemporary Pagan religious framework Addressing itself to liberal religious people of many faiths *Eros and Touch from a Pagan Perspective* approaches the right to pleasure as a social justice issue and proposes a sacramental practice of mindful consensual touch Seven, 2004 Kabbalah and Eros Moshe Idel, 2005-01-01 In this book the world's foremost scholar of Kabbalah explores the understanding of erotic love in Jewish mystical thought Encompassing Jewish mystical literatures from those of late antiquity to works of Polish Hasidism Moshe Idel highlights the diversity of Kabbalistic views on eros and distinguishes between the major forms of eroticism The author traces the main developments of a religious formula that reflects the union between a masculine divine attribute and a feminine divine attribute and he asks why such an erotic formula was incorporated into the Jewish prayer book Idel shows how Kabbalistic literature was influenced not only by rabbinic literature but also by Greek thought that helped introduce a wider understanding of eros Addressing topics ranging from cosmic eros and androgyny to the affinity between C J Jung and Kabbalah to feminist thought Idel's deeply learned study will be of consuming interest to scholars of religion Judaism and feminism *Living Thelema* David Shoemaker, 2022-12-01 The most thorough and understandable exposition of the underlying theories and the practical applications of the spiritual disciplines of Thelema currently available A landmark work Lon Milo DuQuette author of *The Magick of Aleister Crowley* The system of spiritual attainment developed by Aleister Crowley is notoriously challenging in its scope *Living Thelema* adapted from the popular podcast of the same name brings a welcome approachability to Crowley's material without diminishing the depth of the system The author focuses on the practical and experiential aspects of the path of Thelema allowing the reader to grasp the true transformative power of the system Beginners and advanced practitioners alike will find much useful advice here as Shoemaker brings his characteristic down to earth style to bear on topics such as ritual and meditation practices sex magick astral projection psychotherapy for magicians the Knowledge and Conversation of the Holy Guardian Angel and that pinnacle of attainment known as the crossing of the Abyss The author's background as a practicing psychotherapist allows an entirely unique fusion of esoteric wisdom and cognitive science In this entertaining and dare I say it lively book David Shoemaker reminds us that Thelema is not just a philosophy or a study but a spiritual practice

From applied how to advice to thought provoking how about posers Dr Shoemaker offers his personal take informed by twenty years of walking the talk along with his incisiveness as a professional therapist on how to get the most out of the fundamental Thelemic practices of yoga and ritual both inside and outside of the temple Richard Kaczynski author of *Perdurabo The Life of Aleister Crowley* Hasidism Moshe Idel,2012-02-01 Approaches Hasidism as an important stage in Jewish mysticism rather than as a mere reaction to or result of historical and social forces *Magic of Nature* Heinz Schott,2018-01-17 What does magic of nature mean Starting with the placebo effect and its relevance for biomedical research and clinical practice of today this treatise focusses on diverse historical concepts of the healing power of nature This topos was fundamental for natural medicine life reform movement suggestive therapy hypnotism romantic natural philosophy and mesmerism Such a retrospection leads to the crucial concept of natural magic Latin *magia naturalis* which was essential for early modern medicine and natural science At that time Nature Latin *natura* was revered as a divine creator of natural things in the service of God as a mediator of His wisdom for the inquiring humans So Nature was personified in many ways as a wise woman or magician mystically adored by alchemists At the end the study returns to the present age It reflects critically modern sexology and sexual medicine confronting them with certain spritually guided practices of sexual magic The 68 supplementary image pages stand for themselves displaying an emblematic subtext Each of them tells an own story and is more or less self explaining *Ecstasy Through Tantra* Jonn Mumford,2025-08-05 Achieve Cosmic Consciousness through Sexual Ecstasy This hardcover edition of an influential classic provides sexual techniques and positions for ritual intercourse that will flood you with physical ecstasy and activate expanded states of consciousness These Tantric practices not only teach you how to build sexual love and passion to an amazing peak but also how to push your mind even higher to reach transcendental bliss With more than forty years of experience Dr Jonn Mumford helps you bring holiness and magick into your sexual relationship This book skillfully interweaves theory and practice so you can understand why you are doing each exercise as you learn potent techniques Discover the God Goddess as incarnate in your beloved and experience the same divinity within yourself through physical and spiritual union Learn how to engage in the Asanas of Love and use a powerful technique known as the Rite of Naked Fire Featuring a new introduction and a wealth of illustrations and photographs this book reveals the secrets of erotic mysticism **Authors of the Impossible** Jeffrey J. Kripal,2024-05-31 Outstanding and almost certainly controversial Kripal has promise to revitalize and extend the reach of religious studies Choice Most scholars dismiss research into the paranormal as pseudoscience a frivolous pursuit for the paranoid or gullible Even historians of religion whose work naturally attends to events beyond the realm of empirical science have shown scant interest in the subject But the history of psychical phenomena Jeffrey J Kripal contends is an untapped source of insight into the sacred and by tracing that history through the last two centuries of Western thought we can see its potential centrality to the critical study of religion Kripal grounds his study in the work of four major figures in the history of paranormal research

psychical researcher Frederic Myers writer and humorist Charles Fort astronomer computer scientist and ufologist Jacques Vallee and philosopher and sociologist Bertrand Russell Through incisive analyses of these thinkers Kripal ushers the reader into a beguiling world somewhere between fact fiction and fraud The cultural history of telepathy teleportation and UFOs a ghostly love story the occult dimensions of science fiction cold war psychic espionage galactic colonialism and the intimate relationship between consciousness and culture all come together in *Authors of the Impossible* a dazzling and profound look at how the paranormal bridges the sacred and the scientific An excellent book engaging witty and thoughtful Christopher Partridge Lancaster University Kripal demands nothing short of a paradigm shift in order to make sense of the odd the anomalous and the inexplicable Catherine L Albanese University of California Santa Barbara Quietly earth shattering Victoria Nelson author of *The Secret Life of Puppets* Art Nouveau and the Classical Tradition Richard Warren, 2017-12-14 Art Nouveau was a style for a new age but it was also one that continued to look back to the past This new study shows how in expressing many of their most essential concerns sexuality death and the nature of art its artists drew heavily upon classical literature and the iconography of classical art It challenges the conventional view that Art Nouveau's adherents turned their backs on Classicism in their quest for new forms Across Europe and North America artists continued to turn back to the ancient world and in particular to Greece for the vitality with which they sought to infuse their creations The works of many well known artists are considered through this prism including those of Gustav Klimt Aubrey Beardsley and Louis Comfort Tiffany But breaking new ground in its comparative approach this study also considers some of the movement's less well known painters sculptors jewellers and architects including in central and eastern Europe and their use of classical iconography to express new ideas of nationhood Across the world while Art Nouveau was a plural style drawing on multiple influences the Classics remained a key artistic vocabulary for its artists whether blended with Orientalist and other iconographies or preserving the purity of classical form *The Seasons of Change* Carol L. McClelland, 1998-01-01 A wise helpful book that provides practical tools for one of modern life's greatest challenges Change True help for everyone no matter what difficult or exciting transition you are in Provides a model based on the four seasons to help align you with natural forces Using a simple questionnaire you can discover where you are in your transition process how to move forward and how to not get off track Includes advice for building a strong support network for times of change *Sexuality and Islamic Spirituality in Early Malay Writings* Maznah Mohamad, Syahirah Rasheed, 2025-07-24 It is argued here that before the extensive formalization of sharia laws from the late nineteenth century onwards Islam was prominently influenced by elements of enchantment and mysticism mirrored in its textual portrayal of passionate and sexual relations This book's analysis is based on Malay manuscripts and texts about the body sex and sexuality These include religious guidebooks on sexual techniques and etiquette of which some are translated from the original Arabic or Persian but almost all of which have been adapted for local Malay relevance Also analyzed are collections of Malay erotic poetry from the sixteenth to nineteenth

centuries and the only known female authored early twentieth century text on sex and women's sexual pleasure Over the centuries changing sexual norms and attitudes in the Malay world has disengaged sex and sexuality from being a crucial component of faith and spirituality gradually receding into the discreet margins of contemporary discourse on gender relations Sexuality, Religion, and Magic Michael A. Kőszegi, 1994 **The Oxford Handbook of Religion and Emotion** John Corrigan, 2008 This volume collects essays under four categories religious traditions religious life emotional states and historical and theoretical perspectives They describe the ways in which emotions affect various world religions and analyse the manner in which certain components of religious represent and shape emotional performance **Goth Magick: An Enchanted Grimoire** Brenda Knight, 2012-06-06 The Modern Art of Dark Magick At night it's easy to see yourself as you really are artistic elegant romantic Goth You're part of something that's beyond all the clichéd answers manufactured by mainstream society You already know what color black to wear or why despair is a healthy response to the current state of the world You've got taste in poetry literature vampirism and know it's mundane life that has to change so that you can howl brood rage and passionately express your inner demons So why not use a grimoire of unique dark magick to do just that Brenda Knight a Goth Witch knows how to demystify the many misrepresentations surrounding the Goth movement She also understands how to celebrate its positive vital spirit In Goth Magick she will teach you to Cast spells perform ritual and animate charms Create and empower supernatural tools for a Goth altar of high sheen black and blood red Truly inhabit Goth temples and other sacred spaces with a knowledge of feng shui astrology and tarot Know Goth mythology and the history of dark magick Celebrate your individualism while maintaining a connection to the spiritual tribe And much much more Welcome to Witchcraft's new dark age *Tantra* Hugh B.
