Mary Queen Of Scots And The Historians Royal Stuart Papers 7:

Mary, Queen of Scots, and the Murder of Lord Darnley Alison Weir, 2007-12-18 A brilliant investigation of one of Britain's notorious unsolved mysteries the murder of Lord Darnley second husband of Mary Queen of Scots from the New York Times bestselling author hailed as the finest historian of English monarchical succession writing The Boston Globe All the elements of a juicy murder mystery are within these pages Fort Worth Star Telegram As dramatic as witnessing firsthand the most riveting court case Booklist starred review Tall handsome accomplished and charming Henry Stuart Lord Darnley had it all including a strong claim to the English throne a fact that threatened the already insecure Elizabeth I She therefore opposed any plan for Darnley to marry her cousin Mary Queen of Scots who herself claimed to be Queen of England But in 1565 Mary met and fell in love with Darnley and defied Elizabeth by marrying him It was not long before she discovered that her new husband was weak and vicious and interested only in securing sovereign power for himself Then on February 10 1567 an explosion at his lodgings left Darnley dead the intrigue thickened after it was discovered that he had apparently been suffocated before the blast The murder of Darnley ultimately led to Mary's ruin After her deposition there conveniently came to light a box of documents the notorious Casket Letters that her enemies claimed were proof of her guilt But Mary was never allowed to see them and they disappeared in 1584 The question of their authenticity has haunted historians ever since After exhaustive reexamination and reevaluation of the source material Alison Weir has come up with a solution to this enduring mystery that shatters many of the misconceptions about Mary Queen of Scots Complete with bright writing and stunning characterizations *Mary Queen of Scots and the Murder of Lord Darnley* is an engaging excursion into Britain's bloodstained power obsessed past

Women Writers and the Nation's Past 1790-1860 Mary Spongberg, 2018-12-27 1790 saw the publication of Edmund Burke's *Reflections on the Revolution in France* the definitive tract of modern conservatism as a political philosophy Though women of the period wrote texts that clearly responded to and reacted against Burke's conception of English history and to the contemporary political events that continued to shape it this conversation was largely ignored or dismissed and much of it remains to be reconsidered today Examining the works of women writers from Jane Austen and Mary Wollstonecraft to the Strickland sisters and Mary Anne Everett Green this book begins to recuperate that conversation and in doing so uncovers a more complete and nuanced picture of women's participation in the writing of history Professor Mary Spongberg puts forward an alternate feminized historiography of Britain that demonstrates how women writers recourse to history caused them to become generically

innovative and allowed them to participate in the political debates that framed the emergence of modern British historiography and to push back against the Whig interpretation of history that predominated from 1790 1860 **A New Classified Catalogue of the Library of the Royal Institution of Great Britain** Royal Institution of Great Britain.
