Motherhood Bilingual:

Life as a Bilingual François Grosjean, 2021-06-03 About half the world's population knows and uses two or more languages in everyday life and an increasing number of parents are raising their children bilingual. This makes a resource on what it means to become and be bilingual all the more necessary. This book brings together a selection of posts from the author's highly successful Psychology Today blog grouped by topic into 15 chapters. The topics covered include among others what it means to be bilingual, the extent of bilingualism, how someone becomes bilingual, how bilingualism is fostered in the family, the bilingual mind and brain, and bilingualism across the lifespan. It also includes the author's lively interviews with other experts delving into their research and their own experience as bilinguals. Written in a highly engaging, readable style, this book is suitable for anyone who wants to better understand those who live with two or more languages. [Encyclopedia of Bilingualism and Bilingual Education](#) Colin Baker, Sylvia Prys Jones, 1998 This encyclopedia is divided into three sections: individual bilingualism, bilingualism in society, and bilingual education. It includes many pictures, graphs, maps, and diagrams. The book concludes with a comprehensive bibliography on bilingualism. [Mother Tongue Tied](#) Malwina Gudowska, 2024-06-20 Brilliantly illustrates how multilingual mothers are disproportionately tasked with preserving linguistic heritage on one hand and preparing children for public society on the other, all while finding a language for their own new maternal identity. Eliane Glaser, author of *Motherhood: A Manifesto*. It is estimated that more than half of the world's population communicates in more than one language, and over a third of the population in the United Kingdom is multilingual. And yet, life in multiple languages is rarely discussed publicly; myths and misconceptions prevail, and the pressure to keep heritage languages alive has become a private conflict for millions. Linguistic diversity is more prevalent than ever, but so is linguistic inequality. Linguist Malwina Gudowska herself, trilingual, sheds light on the ways in which we navigate language, its power to shape and reshape lives, and the ripple effects felt far beyond any one home or any one language. It takes one generation for a family language to be lost. One generation like mother to child. *Mother Tongue Tied* explores the emotional weight of raising multilingual children while grappling with your own identity and notions of home. At what cost does a mother save a language? Or does she let it slip away, and with it a part of herself, her children may never know. [The Handbook of Bilingualism](#) Tej K. Bhatia, William C. Ritchie, 2008-04-15 The Handbook of Bilingualism provides state-of-the-art treatments of the central issues that arise in consideration of the phenomena of bilingualism, ranging from the representation of the two languages in the bilingual individual's brain to the various forms of bilingual education, including the status of bilingualism in each area of the world. Provides state-of-the-art coverage of a wide variety of topics, ranging from neuro- and psycholinguistic research to studies of media and psychological counseling. Includes latest assessment of the global linguistic situation, with particular emphasis on those geographical areas which are centers of global conflict and commerce. Explores new topics such as global media and mobile and electronic language learning. Includes contributions by internationally

renowned researchers from different disciplines genders and ethnicities Handbook of Literacy in Families and Communities Patricia A. Edwards, Catherine Compton-Lilly, Guofang Li, 2025-06-09 This cutting edge Handbook explores the interactive and intergenerational nature of literacy across diverse environments supporting disadvantaged families through tailored programs It provides an extensive exploration of family literacy addressing early childhood literacy development parenting education and intervention services *Bilingual Mothers in Wales and the Language of Their Children* Godfrey Harrison, Wynford Bellin, Brec'hed Piette, 1981 **Parenting, Infancy, Culture** Marc H. Bornstein, 2022-01-10 This vital volume advances an in depth understanding of how parenting infants in the first year of life is similar and different in two contrasting contexts in each of five countries Argentina Belgium Israel Italy and the United States providing a global understanding of parenting across cultures Edited and written by Marc H Bornstein and his country collaborators the chapters presented compare microanalytic approaches to three topical issues in each of two cultural groups in each country The three issues concern first how often and how long mothers in each of the groups in each of the countries engage in basic parenting practices and how often and how long infants in the same groups engage in different behaviors Second whether the maternal parenting practices are organized in any way and whether those infant behaviors are organized in any way And third whether those maternal parenting practices and those infant behaviors are interrelated Thus this book offers insights into the basics of parenting and infancy from both intra cultural and cross cultural perspectives Each country chapter is co authored by a contributor native to the country examined ensuring an authentic cultural perspectives on parenting and infancy Together the chapters provide a broader sample that is more generalizable to a wider range of the world s population than is typical in most parenting and infancy research Parenting Infancy Culture is essential reading for researchers and students of parenting psychology human development family studies sociology and cultural anthropology as well as professionals working with families **Anglophone Expatriate Mothers Raising Biracial Children in Korea** Karen Louise Kim, 2019-12-09 With a relatively recent rapid increase in international marriages Korea provides a fascinating case study in cross cultural pastoral care at a time of increasing global movement and migration This book presents a pastoral care model based on interviews with a relatively under researched demographic of international women marriage migrants The pastoral care model was developed by listening to the many experiences of women from Western countries who are raising their biracial children in Korea a country which is still wrestling with the concept of multiculturalism At a time when many pastors will find themselves with expatriates repatriates or international marriages in their congregation this book presents a model for approaching pastoral care particularly if such women are mothers The Mysteries of Bilingualism François Grosjean, 2022-02-16 Eleven critical issues in the study of bilingualism Insightful analyses by renowned expert François Grosjean The majority of people living around the world today are able to speak more than one language yet many aspects of the nature and experience of bilingualism raise unresolved questions for researchers Who exactly is bilingual What

is the extent of bilingualism How do infant bilinguals who acquire two languages at the same time manage to separate them Does language processing work differently when bilinguals are interacting with monolinguals and with bilinguals When a speaker changes their language do they also change aspects of their personality In *The Mysteries of Bilingualism* eminent scholar Francois Grosjean provides a comprehensive examination of individual bilingualism that delves into unanswered questions and challenges many of the myths and misconceptions surrounding bilingualism Through insightful analyses of eleven key questions this book offers a unique combination of personal reflection literature review personal testimony and case studies to explore these mysteries Altogether this text offers Comprehensive explorations of the linguistic aspects of bilingualism including who is bilingual describing bilinguals accented speech and language loss Practical discussions of speech and language processing including language choice and mixed speech perception and production In depth examinations of personality and culture in relation to bilingualism and biculturalism Perfect for undergraduate and graduate students of bilingualism multilingualism second language acquisition and applied linguistics *The Mysteries of Bilingualism* offers an up to date view of the leading research questions in the study of bilingualism today *Language, Learning, and Disability in the Education of Young Bilingual Children* Dina C. Castro, Alfredo J. Artiles, 2021-04-27 Using an interdisciplinary perspective to discuss the intersection of language development and learning processes this book summarizes current knowledge and represents the most critical issues regarding early childhood research policy and practice related to young bilingual children with disabilities The book begins with a conceptual framework focusing on the intersection between the fields of early childhood education bilingual education and special education It goes on to review and discuss the role of bilingualism in young children's development and the experiences of young bilingual children with disabilities in early care and education settings including issues of eligibility and access to care instruction and assessment The book explores family experiences teacher preparation accountability and policy ending with recommendations for future research which will inform both policies and practices for the education of young bilingual children with disabilities This timely volume provides valuable guidance for teachers administrators policymakers and researchers *Bilingual Parent Participation in a Divided School Community* Julia Menard-Warwick, 2018-12-12 This volume theorizes parent participation in a bilingual school community in California unpacking broader issues around language ideologies language and power and parent collaboration in diverse educational contexts Highlighting data from a two year ethnographic study of the school community the book grounds this discussion in theories of discourse and bilingualism with a focus on translanguaging and translingual practice The volume points to a range of challenges and questions posed by the parents efforts to unite as a single school community including linguistic inequality cultural divides and differing implicit beliefs on language The book documents these efforts as a means to demonstrate the ways in which monolingual practices are reinforced in these settings despite best efforts but also as a point of departure to discuss implications and a way forward for parent collaboration in bilingual school communities

more generally Offering a nuanced portrait of the impact of parent collaboration in bilingual school communities this volume will be of particular interest to graduate students and scholars in language education applied linguistics bilingualism and sociolinguistics *Introduction to Bilingualism* Christina Schelleter,2019-10-15 Drawing together linguists and

psychologists approaches to the study of bilingualism this innovative and engaging volume provides students with a firm grounding in bilingual acquisition and development It begins with a discussion of sequential and simultaneous bilinguals illustrated by a wealth of case studies and examples and the key theories surrounding bilingual development The book subsequently explores topics such as bilingual speech perception sound lexical and morpho syntactic development cognitive processing and metalinguistic awareness *Introduction to Bilingualism* is an essential companion for undergraduate and postgraduate students of applied linguistics psycholinguistics speech and language therapy and language education *Sign Bilingualism* Carolina Plaza-Pust,Esperanza Morales-López,2008-09-26 This volume provides a unique cross disciplinary perspective on the external ecological and internal psycholinguistic factors that determine sign bilingualism its development and maintenance at the individual and societal levels Multiple aspects concerning the dynamics of contact situations involving a signed and a spoken or a written language are covered in detail i e the development of the languages in bilingual deaf children cross modal contact phenomena in the productions of child and adult signers sign bilingual education concepts and practices in diverse social contexts deaf educational discourse sign language planning and interpretation This state of the art collection is enhanced by a final chapter providing a critical appraisal of the major issues emerging from the individual studies in the light of current assumptions in the broader field of contact linguistics Given the interdependence of research policy and practice the insights gathered in the studies presented are not only of scientific interest but also bear important implications concerning the perception understanding and promotion of bilingualism in deaf individuals whose language acquisition and use have been ignored for a long time at the socio political and scientific levels **Language:**
