The Man in the Iron Mask Alexandre Dumas,2024-01-30 The third novel The Vicomte de Bragelonne serialized October 1847 January 1850 has enjoyed a strange history in its English translation It has been split into three four or five volumes at various points in its history The five volume edition generally

does not give titles to the smaller portions but the others do In the three volume edition the novels are entitled The Vicomte de Bragelonne Louise de la Valliere and The Man in the Iron Mask For the purposes of this etext I have chosen to split the novel as the four volume edition does with these titles The Vicomte de Bragelonne Ten Years Later Louise de la Valliere and The Man in the Iron Mask In the first three etexts The Vicomte de Bragelonne Etext 2609 It is the year 1660 and D Artagnan after thirty five years of loyal service has become disgusted with serving King Louis XIV while the real power resides with the Cardinal Mazarin and has tendered his resignation He embarks on his own project that of restoring Charles II to the throne of England and with the help of Athos succeeds earning himself quite a fortune in the process D Artagnan returns to Paris to live the life of a rich citizen and Athos after negotiating the marriage of Philip the king s brother to Princess Henrietta of England likewise retires to his own estate La Fere Meanwhile Mazarin has finally died and left Louis to assume the reigns of power with the assistance of M Colbert formerly Mazarin s trusted clerk Colbert has an intense hatred for M Fouquet the king s superintendent of finances and has resolved to use any means necessary to bring about his fall With the new rank of intendant bestowed on him by Louis Colbert succeeds in having two of Fouquet s loyal friends tried and executed He then brings to the king s attention that Fouquet is fortifying the island of Belle Ile en Mer and could possibly be planning to use it as a base for some military operation against the king Louis calls D Artagnan out of retirement and sends him to investigate the island promising him a tremendous salary and his long promised promotion to captain of the musketeers upon his return At Belle Isle D Artagnan discovers that the engineer of the fortifications is in fact Porthos now the Baron du Vallon and that s not all The blueprints for the island although in Porthos s handwriting show evidence of another script that has been erased that of Aramis D Artagnan later discovers that Aramis has become the bishop of Vannes which is coincidentally a parish belonging to M Fouquet Suspecting that D Artagnan has arrived on the king s behalf to investigate Aramis tricks D Artagnan into wandering around Vannes in search of Porthos and sends Porthos on an heroic ride back to Paris to warn Fouquet of the danger Fouquet rushes to the king and gives him Belle Isle as a present thus allaying any suspicion and at the same time humiliating Colbert just minutes before the usher announces someone else seeking an audience with the king Ten Years Later Etext 2681 As 1661 approaches Princess Henrietta of England arrives for her marriage and throws the court of France into complete disorder The jealousy of the Duke of Buckingham who is in love with her nearly occasions a war on the streets of Le Havre thankfully prevented by Raoul s timely and tactful intervention After the marriage though Monsieur Philip becomes horribly jealous of Buckingham and has him exiled Before leaving however the duke fights a duel with M de Wardes at Calais De Wardes is a malicious and spiteful man the sworn enemy of D Artagnan and by the same token that of Athos Aramis Porthos and Raoul as well Both men are seriously wounded and the duke is taken back to England to recover Raoul s friend the Comte de Guiche is the next to succumb to Henrietta s charms and Monsieur obtains his exile as well though De Guiche soon effects a reconciliation
