Brough, 2013-04-18 A history of the Ohio railroad car and equipment company and its 16 year run Entering an already crowded and established industry the Niles Car Manufacturing Company in Ohio began business with surprising success producing well over 1 000 electric and steam railway cars cars so durable they rarely needed to be replaced That durability essentially put the company out of business and it vanished from the scene as quickly as it had appeared leaving little behind except its sturdy railway cars The story of this highly regarded company spans just 16 years from Niles's incorporation in 1901 to the abandonment of railway car production and sale of the property to a firm that would briefly build engine parts during World War I Including unpublished photographs and rosters of railway cars produced by the company and still in existence in railroad museums The Electric Pullman will appeal to railroad enthusiasts everywhere Praise for The Electric Pullman Required reading for anyone interested in interurban history It holds additional appeal for those interested in Ohio history or the junction point between business society and technology Lexington Quarterly Although not one of the major manufacturers in its field the Niles company produced some notable and well remembered equipment during the height of the electric interurban railway era Indeed among some interurban railway historians Niles cars are sacred objects As such its story deserves to be told and theoretically would be a logical complement to IUP's books on the Brill and Jewett companies Brough himself is a serious historian who knows his subject and has clearly mined all the sources that seem to exist Herbert H Harwood Jr author of *The Railroad that Never Was* and *The New York Westchester Boston*

Studies in Contemporary Jewry: VI: Art and Its Uses Ezra Mendelsohn, Richard I. Cohen, 1990. The sixth volume of the annual publication of the Institute for Contemporary Jewry at The Hebrew University of Jerusalem. Art and Its Uses analyzes the levels of meaning present in a wide range of visual images from high art by Jewish artists to Judaica caricatures and political propaganda. The use of such material to illuminate aspects of modern history and society is rather uncommon in the field of modern Jewish studies; these essays provide the tools necessary for understanding the image in its proper social and political context. The distinguished contributors include Richard I. Cohen, Michael Berkowitz, Milly Heyd, Irit Rogoff, Chone Shmeruk, Ziva Amishai, Maisels, Vivianne Barsky, and Vivian Mann. Accompanied by more than 160 illustrations, the essays shed new light on such topics as Jewish nationalism, Jewish identity, and Jewish-gentile relations. In addition to the symposium, the volume contains articles by major scholars of contemporary Jewish studies, a substantial book review section, and a list of recent dissertations in the field.

Migration, Tourism and Social Sustainability Jaeyeon Choe, Peter Lugosi, 2023-03-21. The distinctions between tourism and migration are increasingly blurred. Tourism often drives various forms of mobility, and an international workforce is essential to maintaining functioning tourism economies. This book explores intersections of tourism and migration, considering their relationships with and impacts on social sustainability. The chapters explore in a variety of contexts how the planning, development, and governance of tourism affects the sustainability of communities, which consequently influences attitudes towards migrants and tourists. They also consider how migrant local connections may evolve, creating opportunities for positive symbiotic co-existence or intergroup tensions and exploitative relationships. The book paves the way for future work examining new forms and interactions between migration and tourism that contribute to social sustainability. This book will be of great value to students, academics, and researchers interested in tourism geography, migration, diaspora studies, and sociology. The chapters in this book were originally published as a special issue of *Tourism Geographies*.
