Inside the Britannic Simon Mills, 2025-03-13 Documenting one of the most comprehensive surveys of a shipwreck ever conducted Simon Mills new book takes you inside the SS Britannic for a unique dive into the past The Olympic Class ships were intended to be the greatest liners to ever sail the oceans but the Britannic sank only four years after her sister ship the Titanic While the wreck of the Titanic is 2 miles below the surface and rapidly deteriorating the Britannic is much more accessible only 400ft down and remains largely intact One of the largest passenger ships ever to have sunk her wreck presents a unique opportunity to explore the interior of the Olympic Class liners and examine areas which on the Titanic simply no longer exist Simon Mills bought the wreck of the Britannic in 1996 and has spent more time exploring it than anyone else Inside the Britannic is the sum of decades of work covering every inch of the shipwreck as he searches for answers to century old questions and discovers new mysteries to solve Simon takes a forensic approach but this book is more than just the autopsy report of a ship it is a fascinating survey supported by stunning never before seen photos from inside the wreck archival blueprints and original technical schematics of specific areas and specially recreated digital images of how the ship would have looked The Britannic may have been lost over a century ago but Simon Mills fascinating new book gives everyone unparalleled access to rediscover her *China Myth or History?* J.G. **Einstein's Refrigerator** Steve Silverman, 2001-05-14 Presents strange but true stories about such topics as a headless chicken that lived eighteen months Albert Einstein s designs for refrigerators and how a Donald Duck cartoon saved a ship *Mystery of the Last Olympian* Richard Kohler, Charlie Hudson, 2016-02-01 Well known underwater explorer Richie Kohler of Shadow Divers and Deep Sea Detectives and Best Publishing Company invite you to join the expedition to unravel the Mystery of the Last Olympian Titanic s Tragic Sister Britannic The book gives you a firsthand account as Richie Kohler takes readers on the intriguing journey from the rise of the magnificent Olympians to the fateful day in 1916 He then moves forward in time through multiple expeditions beginning with the great Jacques Cousteau who located the ocean liner in 1975 Each successive team that risked their lives uncovered new clues but it was not until 2009 when Richie and his dive partner definitively pinpointed the secret that had eluded them Finally in July 2015 Richie and a small team attained the goal of documenting their findings that answered the century old question as to why all the engineering solutions built into the mighty Britannic could not save her from sharing the same fate as Titanic Experience the expedition as Richie and his team unravel the mystery of the HMHS Britannic With damage to only one compartment the ship should have been able to stay afloat and yet she sank twice as quickly as did Titanic How was that possible Was the hospital ship criminally torpedoed as the British press claimed or did she ineptly blunder into a minefield as the Bismarck Government countered Violet Jessop

survived the sinking of Britannic and Titanic Experience her intriguing story     *Directory of Web Sites* Graham Bennett,1999 Overloaded with the mass of information on the Internet Frustrated by how difficult it is to find what you really want Now you don t need to spend hours browsing around the Internet or grappling with the huge number of hits from an Internet search engine the Directory of Web Sites will take you straight to the best educational sites on the Internet From archaeology to zoology from dance to technology the Directory provides information more than 5 500 carefully selected Web sites that represent the best of what the Internet has to offer The sites are grouped by subject each one features a full description and the text is complemented throughout by screenshots and fact boxes As well sites have been selected purely on educational merit all sites with overtly commercial content and influence from Internet providers have been excluded

**Exploring the Britannic** Simon Mills,2019-03-07 Launched in 1914 two years after the ill fated voyage of her sister ship RMS Titanic the Britannic was intended to be superior to her tragic twin in every way But war intervened and in 1915 she was requisitioned as a hospital ship Just one year later while on her way to collect troops wounded in the Balkans campaign she fell victim to a mine laid by a German U boat and tragically sank in the middle of the Aegean Sea There her wreck lay at a depth of 400 feet until it was discovered 59 years later by legendary explorer Jacques Cousteau In 1996 the wreck was bought by the author of this book Simon Mills Exploring the Britannic tells the complete story of this enigmatic ship her construction launch and life her fateful last voyage and the historical findings resulting from the exploration of the well preserved wreck over a period of 40 years With remarkable sonar scans and many never before seen photographs of the wreck plus the original Harland Wolff ship plans not previously published in their entirety Exploring the Britannic finally details how the mysteries surrounding the 100 year old enigma were laid to rest and what the future might also hold for her

**Titanic Survivor** Violet Jessop,2012-04-04 Violet Jessop s life is an inspiring story of survival Born in 1887 in Argentina the eldest child of Irish immigrants at the age of 21 she became the breadwinner for her widowed mother and five siblings

when she commenced a career as a stewardess and nurse on some of the most famous ocean going vessels of the day Throughout her 40 year time at sea she survived an unbelievable series of events including the sinking of the TITANIC One awful moment of empty misty blackness enveloped us in its loneliness then an unforgettable agonizing cry went up from 1500 despairing throats a long wail and then silence and our tiny craft tossing about at the mercy of the ice field For most people one sinking would be enough But four years later Violet now a nurse with the British Red Cross was on board the World War I hospital ship BRITANNIC when it struck a mine and sank to the bottom of the Aegean To her this disaster was even more horrifying Just as life seeming nothing but a whirling choking ache I rose to the light of day my nose barely above the little lapping waves I opened my eyes on an indescribable scene of slaughter which made me shut them again to keep it out By the end of her story we have met a woman who could handle whatever life threw at her with determination and good humor She knew that only by her own strength of character would she survive But Titanic Survivor is much more A unique autobiography for those who want to know how it really felt a story that could be told only by a Titanic Survivor *San Francisco Focus* ,1997 **TV World** ,1997 International business magazine for television Extra! ,1998 **WTIU.** ,1996
