Novelists On Novelists:

Novelists and Novels Harold Bloom, 2009 Read what Bloom had to say on the world's great novelists including Miguel de Cervantes Charles Dickens Jane Austen Franz Kafka Ernest Hemmingway and more *Contemporary Novelists* James Vinson, D. L. Kirkpatrick, 1976 An authoritative reference guide to the most important living novelists and short story writers in the English language Google Books viewed Sept 22 2021 *Lives of the Novelists* John Sutherland, 2012-03-27 No previous author has attempted a book such as this a complete history of novels written in the English language from the genre's seventeenth century origins to the present day In the spirit of Dr Johnson's *Lives of the Poets* acclaimed critic and scholar John Sutherland selects 294 writers whose works illustrate the best of every kind of fiction from gothic penny dreadful and pornography to fantasy romance and high literature Each author was chosen Professor Sutherland explains because his or her books are well worth reading and are likely to remain so for at least another century Sutherland presents these authors in chronological order in each case deftly combining a lively and informative biographical sketch with an opinionated assessment of the writer's work Taken together these novelists provide both a history of the novel and a guide to its rich variety Always entertaining and sometimes shocking Sutherland considers writers as diverse as Daniel Defoe Henry James James Joyce Edgar Allan Poe Virginia Woolf Michael Crichton Jeffrey Archer and Jacqueline Susann Written for all lovers of fiction *Lives of the Novelists* succeeds both as introduction and re introduction as Sutherland presents favorite and familiar novelists in new ways and transforms the less favored and less familiar through his relentlessly fascinating readings

Reason he calls it and uses it so that he Grows but more beastly than the very beasts to be He seems to me begging your Grace's pardon Like one of those long legged things in a garden That fly about and hop and spring And in the grass the same old chirrup sing Would I could say that here the story closes But in all sorts of dirt they thrust their noses These are the two moods They reproduce themselves in literature In all the greater literature of the world from Homer and the Greek Drama downwards there is heard the tone of the Elemental song Nor need it be absent in our Prose Fiction No more than our metrical Poetry must this form of literature be permitted to degenerate into a ceaseless variation of the speech of Mephistopheles that men are as miserable as ever and that the world is all in a mess It may be that the representation of social reality is on the whole the proper business of the Novel but even in the representation of social reality the spirit may be that of the far surveying and the sublime I believe however that there may be vindicated for the literature of prose phantasy the liberty of an order of fiction different from *Novels and Novelists* Martin Seymour-Smith, 1980-01 Short history of the novel crime fiction science fiction illustration The novel and cinema the novel and the book trade Biographical detail on popular novelists with many portraits **The Cambridge Companion to English Novelists** Adrian Poole, 2012 In this Companion leading scholars and critics address the work of the most celebrated and enduring novelists from the British Isles excluding living writers among them Defoe Richardson Sterne Austen Dickens the Brontës George Eliot Hardy James Lawrence Joyce and Woolf The significance of each writer in their own time is explained the relation of their work to that of predecessors and successors explored and their most important novels analysed These essays do not aim to create a canon in a prescriptive way but taken together they describe a strong developing tradition of the writing of fictional prose over the past 300 years This volume is a helpful guide for those studying and teaching the novel and will allow readers to consider the significance of less familiar authors such as Henry Green and Elizabeth Bowen alongside those with a more established place in literary history Novelists in Their Youth John Halperin, 1990 An unrepentant enthusiast for the art of literary biography Halperin not only believes that the author's life and work are inextricably linked but that the themes obsessions and ideas that characterize his or her output are formed during and can be traced back to the writer's formative years
