[Followed by] Mizraim; or, Astronomy of Egypt Frances Rolleston, 1862 The Wind at Her Back Amity Hotchkiss, Andy Peri, 2023-10-03 May the road rise up to meet you May the wind be always at your back begins a traditional Irish blessing This book is a biography of a woman who immersed herself in nature inspired by her love of the planet Earth for which she had a deep reverence and fierce dedication Deb Hubsmith's legacy lives on in these stories of how she helped change the landscape of human powered transportation both in her own community and nationwide She brought her uncanny ability to weave together the perfect tapestry of political and community support to get major infrastructure projects completed in Marin County Her work continued to expand with her crucial contribution to bringing Safe Routes to School from a single school in the San Francisco Bay Area to schools in all fifty states Outside of her work Deb was an inspired life of yoga and dance community involvement and spiritual practices which helped guide her in ultimately letting go of everything she held dear This book sheds light on her courage and resilience in facing a terminal illness Indeed the road did rise up to meet Deb and the wind held her with grace wisdom and beauty carrying her to her very last breath

The Valley A.M. Linden, 2025-07-30 Llwdawanden is a hidden sanctuary where remnants of a once powerful pagan cult carry on their ancient ritual practices supported by a small but faithful following of servants craftsmen and laborers Cut off from the outside world by both geography and conviction the Druids of Llwdawanden continue to venerate the Great Mother Goddess and to view themselves as the first born and favorite of Her mortal children While the belief that the most important of all divine beings gave birth to their ancestors and that Her spirit inhabits the body of their highest priestess is a tenuous conclusion in view of their reduced lot in life the Druids of Llwdawanden believe it and are for the most part committed to carrying on the traditions handed down to them by their forbears Herrwn the shine's chief priest and master bard has the responsibility of overseeing the education of Caelym the orphaned son of the cult's previous chief priestess as well as keeping the peace within the upper ranks of their order two tasks that grow more difficult as the rivalry over which of the three highest priests will claim Caelym as his disciple grows and as mounting conflicts between the current chief priestess and her only living daughter threaten to rend the fabric of a society that has endured for more than a millennium

The Anamosa Prison Press, 1905 Journal of the British Astronomical Association, 1912 **The Power of Stars** Bryan E. Penprase, 2017-05-05 Completely revised and updated this new edition provides a readable beautifully illustrated journey through world cultures and the vibrant array of sky mythology creation stories models of the universe temples and skyscrapers that each culture has created to celebrate and respond to the power of the night sky Sections on the archaeoastronomy of South Asia and South East Asia have been expanded with original photography and new research on temple alignments in Southern India and new material describing the astronomical practices of Indonesia Malaysia and other Southeast Asian countries Beautiful photographs of temples in India and Asia have been added as well as new diagrams explaining the alignment of these structures and the astronomical underpinnings of temples within the Pallava and Chola

cultures From new fieldwork in the Four Corners region of North America Dr Penprase has included accounts of Pueblo skywatching and photographs of ceremonial kivas that help elucidate the rich astronomical knowledge of the Pueblo people The popular Archaeoastronomy of Skyscrapers section of the book has been updated as well with new interpretations of skyscrapers in Indonesia Taiwan and China With the rapid pace of discovery in astronomy and astrophysics entirely new perspectives are emerging about dark matter inflation and the future of the universe The Power of Stars puts these discoveries in context and describes how they fit into the modern perspective of cosmology which has arisen from the universal human response to the sky that has inspired both ancient and modern cultures *Forest and Stream* ,1904

Scientific American ,1917 *Mazzaroth* Frances Rolleston,2001-01-01 Modern biblical dictionaries and commentaries designed for a popular readership tend to shy away from any reference to the word Mazzaroth let alone attempt to interpret it This is scarcely surprising for the word is obscure and it occurs only once in the Bible twice if it is equated with Mazzaloth Traditional sources tended to interpret the word as meaning the constellations specifically those forming the zodiac But there was no universal agreement others accepted that the word referred to the zodiac or even identified it with the star Sirius The idiosyncratic ideas expressed in the four parts of Mazzaroth and its appendix Mizraim are all based on solid research misapplied perhaps in light of Rolleston s steadfast Christian outlook but fully documented and with sources quoted at length The whole work provides the reader with an amazing compendium of obscure material on ancient mythology symbolism and etymology with comprehensive biblical references and a wealth of learned and detailed footnotes Much of the information is set out in a tabular form that inevitably reminds the reader of S L MacGregor Mathers s book of correspondences that we know as 777 And this may not be coincidental Mazzaroth may have been passed over by reviewers when it appeared but it was not ignored by esoteric scholars even though they were not its intended readership W Wynn Westcott possessed a copy and loaned it to the Golden Dawn library where it was certainly read by F L Gardner he includes the book albeit misdated in his Bibliotheca Astrologica and most probably by Mathers when he compiled 777 It is a valuable resource that fully deserves its rescue from oblivion just as its neglected author deserves our praise Rolleston 1781 1864 spent her life studying the sky and the scriptures **The Boston Pearl** ,1836 **The London and Paris ladies' magazine of fashion, ed. by mrs.**
