Contract on America David E. Scheim,1988 Presents evidence of long suspected Mafia culpability in the murder of John F Kennedy **Report** United States. Warren Commission,1964 **Vienna, 1814** David King,2009-03-24 Reads like a novel A fast paced page turner it has everything sex wit humor and adventures But it is an impressively researched and important story David Fromkin author of Europe s Last Summer Vienna 1814 is an evocative and brilliantly researched account of the most audacious and extravagant peace conference in modern European history With the feared Napoleon Bonaparte presumably defeated and exiled to the small island of Elba heads of some 216 states gathered in Vienna to begin piecing together the ruins of his toppled empire Major questions loomed What would be done with France How were the newly liberated territories to be divided What type of restitution would be offered to families of the deceased But this unprecedented gathering of kings dignitaries and diplomatic leaders unfurled a seemingly endless stream of personal vendettas long simmering feuds and romantic entanglements that threatened to undermine the crucial work at hand even as their hard fought policy decisions shaped the destiny of Europe and led to the longest sustained peace the continent would ever see Beyond the diplomatic wrangling however the Congress of Vienna served as a backdrop for the most spectacular Vanity Fair of its time Highlighted by such celebrated figures as the elegant but incredibly vain Prince Metternich of Austria the unflappable and devious Prince Talleyrand of France and the volatile Tsar Alexander of Russia as well as appearances by Ludwig van Beethoven and Emilia Bigottini the sheer star power of the Vienna congress outshone nearly everything else in the public eye An early incarnation of the cult of celebrity the congress devolved into a series of debauched parties that continually delayed the progress of peace until word arrived that Napoleon had escaped abruptly halting the revelry and shrouding the continent in panic once again Vienna 1814 beautifully illuminates the intricate social and political intrigue of this history defining congress a glorified party that seemingly valued frivolity over substance but nonetheless managed to drastically reconfigure Europe s balance of power and usher in the modern age **President John F. Kennedy** ,2004

Hornick, 2012 During much of the twentieth century people labeled feeble minded mentally deficient and mentally retarded were often confined in large publicly funded residential institutions located on the edges of small towns and villages some distance from major population centers At the peak of their development in the late 1960s these institutions frequently called schools or homes housed 190 000 men women and children in the United States The Girls and Boys of Belchertown offers the first detailed history of an American public institution for intellectually disabled persons Robert Hornick recounts the story of the Belchertown State School in Belchertown Massachusetts from its beginnings in the 1920s to its closure in the 1990s following a scandalous expos and unprecedented court case that put the institution under direct supervision of a federal judge He draws on personal interviews private letters and other unpublished sources as well as local newspapers long out of print materials and government reports to re create what it was like to live and work at the school More broadly he gauges the impact of changing social attitudes toward intellectual disability and examines the relationship that developed over time between the school and the town where it was located What emerges is a candid and complex portrait of the Belchertown State School that neither vilifies those in charge nor excuses the injustices perpetrated on its residents but makes clear that despite the court ordered reforms of its final decades the institution needed to be closed **Other Schindlers** Agnes Grunwald-Spier, 2010-12-26 Thanks to Thomas Keneally's book Schindler's Ark and the film based on it Schindler's List we have become more aware of the fact that in the midst of Hitler's extermination of the Jews courage and humanity could still overcome evil While 6 million Jews were murdered by the Nazi regime some were saved through the actions of non Jews whose consciences would not allow them to

pass by on the other side and many are honoured by Yad Vashem as Righteous Among the Nations for their actions As a baby Agnes Grunwald Spier was herself saved from the horrors of Auschwitz by an unknown official and is now a trustee of the Holocaust Memorial Day Trust She has collected together the stories of thirty individuals who rescued Jews and these provide a new insight into why these people were prepared to risk so much for their fellow men and women With a foreword by Sir Martin Gilbert one of the leading experts on the subject this is an ultimately uplifting account of how some good deeds really do shine in a weary world
