Now Its Your Turn:

Now It's Your Turn Denise Jordan, 2004 This series helps readers understand the criteria for and consequences of good behavior Each title asks them questions about what they might hear see or feel when participating in good behavior Positive actions are explored in a way that permits children to explore and discuss their own behavior and choices

Before the Bomb John D. Chappell, 1997-12-01 Almost forgotten in the haze of events following Nagasaki and Hiroshima the summer of 1945 witnessed an intense public debate over how best to end the war against Japan Weary of fighting the American people were determined to defeat the imperial power that had so viciously attacked them in December 1941 but they were uncertain of the best means to accomplish this goal Certain of victory the inevitable triumph promised by Franklin Roosevelt immediately after Pearl Harbor Americans became increasingly concerned about the human cost of defeating Japan Particularly after the brutal Iwo Jima and Okinawa campaigns syndicated columnists newspaper editorialists radio commentators and others questioned the necessity of invasion A lengthy naval and aerial siege would have saved lives but might have protracted the war beyond the public's patience Advertisers filled the media with visions of postwar affluence even as the government was exhorting its citizens to remain dedicated to the war effort There was heated discussion as well about the morality of firebombing Japanese cities and of using poison gas and other agents of chemical warfare Chappell provides a balanced assessment of all these debates grounding his observations in a wealth of primary sources He also discusses the role of racism the demand for unconditional surrender and the government's reaction to public opinion in the decision to drop the atomic bomb Compelling and controversial this is the first work to examine the confusing and contradictory climate of the American home front in the months leading up to V J Day

It's Our Turn Now Mario Murillo, 2023 How can we ever hope for the world to get better if we keep limiting what God can do After reading this book you will step up with courage to be a part of the hope that the world needs against a destructive culture God has called you to be a witness of light in the middle of the darkness and you will obey Him with boldness and integrity Everyone living on the planet today has a front row seat to the failure of communism socialism and immorality People are sick to death of the fabrications lies control and tyranny Mario Murillo draws on his recent experiences in California where his ministry is experiencing souls being saved at a rate that surpasses even what was seen during the Jesus movement of the 1960s and 70s It s accelerating

and Murillo believes it's a worldwide trend that has us poised for an unprecedented opportunity as the body of Christ. We must seize this moment. In *It's Our Turn Now*, Murillo explains why now is the time for Christians to do the following:

- Explain why everything man has taught us is bankrupting our morals and our souls.
- Display the supernatural with integrity and clarity that we've not seen before.
- Answer directly the questions that are truly on the hearts and minds of the human race.
- We are no longer the remnant. There are millions of us, and it's time to stop believing the false reports and listen to what people around us are feeling.
- We have the answers a hungry world is dying for.
- Only the gospel of Jesus Christ can deliver us, and only the church can change the world through its power.
- It's our turn to step up and stop limiting God.
