Renewal, 1996 **Consolidated guidelines on person-centred HIV strategic information: strengthening routine data for impact. Policy brief on person-centred monitoring to focus prevention and guide programmes** Shona Dalal, 2023-12-18 Measuring HIV prevention programmes against health outcomes such as individuals remaining HIV negative or new HIV infections can be challenging This is because HIV prevention interventions can be started and stopped according to an individual's need Therefore as with all other areas of the HIV response data from multiple sources are necessary to obtain a full picture of HIV prevention service availability access and coverage Recent WHO guidelines focus on using routine programmatic data to track the delivery and potential impact of HIV prevention services Routine programmatic data from prevention services also can be used to identify individuals who may be at elevated risk of HIV acquisition and so may benefit most from prevention interventions In addition this data can be used to follow up on whether interventions were received and to identify and address potential barriers to accessing these services Image Sequence Processing and Dynamic Scene Analysis T. Federal Energy Regulatory Commission, *Reproduction and Social Organization in Sub-Saharan Africa* Ron J. Lesthaeghe, 2023-11-15 Unlike most Asian and Latin American countries sub-Saharan Africa has seen both an increase in population growth rates and a weakening of traditional patterns of child spacing since the 1960s It is tempting to conclude that sub-Saharan countries have simply not reached adequate levels of income education and urbanization for a fertility decline to occur This book argues however that such a socioeconomic threshold hypothesis will not provide an adequate basis for comparison These authors take the view that any reproductive regime is also anchored to a broader pattern of social organization including the prevailing modes of production rules of exchange patterns of religious systems kinship structure division of labor and gender roles They link the characteristic

features of the African reproductive regime with regard to nuptiality polygyny breastfeeding postpartum abstinence sterility and child fostering to other specifically African characteristics of social organization and culture Substantial attention is paid to the heterogeneity that prevails among sub Saharan societies and considerable use is made therefore of interethnic comparisons As a result the book goes considerably beyond mere demographic description and builds bridges between demography and anthropology or sociology This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989 Nuclear Regulatory Commission Issuances U.S. Nuclear Regulatory Commission,1977 **Mercury** Sean C. Bruley,2007-08-11 At the beginning of a Southern Hemisphere Autumn the ISOTT tribe assembled for its annual corroboree on the banks of the Brisbane River in Australia for five days of exciting science Some of the tribe had travelled from as far as Sweden and other parts of Europe many had spirited themselves across the Pacific Ocean from the Americas Yet another small contingent had paddled down from Japan All came with message sticks from their camp sites The conference opened with an outdoor barbecue at the Southbank precinct with the stars of the Southern Cross painting the river on one side and the artificial beach on the other a perfect

venue to meet old friends and to welcome new ones as a cool breeze wafted over our fires For the next five days there was the usual focus on oxygen measurement techniques its role in cancer and other diseases that beset us mortals and the biochemistry and physiology of this small vital molecule It still astounds many that we have not yet learnt everything there is to know about this valuable friend albeit a dangerous foe Time was found for us to visit Australia Zoo and stand in awe before exhibits of Australia s wild life great vicious creatures unchanged from the age of the dinosaurs poisonous snakes and spiders and gentle marsupials that posed for our digital cameras Environmental Health Perspectives ,2004 **Publications**
