Nubian Rescue Rex Keating, 1975 **Remembering the “Nubia Campaign”** ,2024-12-23 The surviving protagonists of the International Campaign to Save the Monuments of Nubia one of the most important enterprises in the field of cultural heritage met many years later at the Nubia Museum of Aswan to celebrate its 50th Anniversary It was March 2009 They recounted their personal experience in Nubia highlighting the success of the technical work carried out but without ever forgetting what has been irremediably lost in this conflict between culture and human development The Campaign transformed the Nubia region not only in a international chantier of new and challenging scientific experiences but also in a theatre of unforgettable human relationships Dynamics reflections evaluations mixed with scientific data make this volume an educational manual in the field of cultural heritage at all levels enriched by descriptions of natural panoramas no longer visible to our eyes geological observations insights on local flora and fauna Words and images offer a vision of not only what is part of the collective memory of major events almost always scientific academic but also popular memories of ordinary individuals of which history is also made **Nubian Ceremonial Life** John G. Kennedy, 2005 Reveals and discusses some of the important and distinctive aspects of Nubian culture This study contains discussions on the psychology of death ceremonies the nature of taboo and the importance of trance curing ceremonies *Nubian Pharaohs and Meroitic Kings* NECIA DESIREE HARKLESS, 2006-08-30 NUBIAN PHARAOHS AND MEROITIC KINGS THE KINGDOM OF KUSH Necia Desiree Harkless has completed her odyssey of 24 years initiated by a poem that emerged in the odd moments of early morning and her studies as a Donovan Scholar at the University of Kentucky with Dr William Y Adams the leading Nubiologist of the world The awesome result is her attempt to map the cultural social political history of Nubia as a single people as actors on the world stage as they act out their destinies in the cradle of civilization The underlying purpose of her book is to reconstruct the collective efforts of the past and present Nubian campaigns and their collaborative scholarship so that the African American as well as all Americans can begin to understand the contributions of the civilization of Africa and Asia as a continuous historical entity The history of the Kingdom of Kush begins with its earliest kingdom of Kerma in 2500 BC It continues with the conquest of Egypt by the Nubian Pharaohs in 750 BC reluctantly recognized as the Twenty fifth Dynasty of Egyptian Pharaohs They ruled as black pharaohs from their Kingdom at Napatan until they were forced one hundred years later to retreat to Napata by the Assyrians who assumed control of the Egyptians It was at Meroe the last empire of the Kush that forty generations of Meroitic kings and queens continued the Kingdom of Kush reaching monumental and dynastic heights Their symbiotic relationship with Egypt was over allowing them to develop their own indigenous culture with a language and script of their own Their architecture arts politics material and spiritual culture in the minds of many scholars surpassed that of Egypt Over two hundred pyramids have been investigated It is an epic that will be long remembered The dawn of Christianity in the Kingdom of Kush has been found in the treasure cove of the Frescoes of Faras
